Yearbook of Morphology 2002

2006-04-11

the yearbook of morphology 2002 discusses the morphology of a variety of pidgin and creole languages which appear to have much more morphology than traditionally assumed other topics include the morphological use of truncation for the coinage of proper names in germanic and romance languages the way affixes are combined and ordered in complex words and the complex linguistic principles behind these orderings

Digital Enlightenment Yearbook 2012

2012

there have been many inevitable transformations in society due to digitization the introduction of digital technology including communication technology through the internet and its use via the this book is the first yearbook of the digital enlightenment forum whilst it cannot cover all the many aspects which the forum encompasses the book gives an impression of the broad spectrum of the forum and a clear picture of the multi disciplinary nature of the issues at stake the first paper in the book is a contribution from the father of the sir tim berners lee and harry halpin they pose the question of whether the opportunity to participate in the empowered connected society should be protected and conclude that urgent action is needed to promote and defend the internet and the other papers explore topics such as legal issues and the rights of the citizen privacy protection and international cooperation in the fight against cyber crime the book ends with a number of scientific and technical papers as well as descriptions of practical problems and their possible solutions although the book addresses only the tip of a very large iceberg of problems issues and possible technologies it provides an excellent picture of the many challenges which must be faced in the years to come and will be of interest to all those working towards the development of society in the spirit of enlightenment

Yearbook of Morphology 1996

2013-04-17

a revival of interest in morphology has occurred during recent years since 1988 the yearbook of morphology book series has proven to be an eminent platform for the growth of morphological research containing articles on topics that are central in the current theoretical debates the yearbook of morphology 1996 focuses on the relationship between morphology and psycholinguistics basic questions such as the following are discussed to what extent does the morphological structure of a word play a role in its perception and production are regular complex words created anew each time they are used or are they stored in the lexicon the relevant evidence comes from a variety of european languages another important theme in this yearbook is the degree of autonomy of morphology in which respect does it differ from other modules of the grammar the present yearbook also contains articles on periphrasis the nature of inflectional morphology and syncretism in derivational morphology audience theoretical and historical linguists morphologists phonologists and psycholinguists will find this book of interest

Innovations in Securitisation Yearbook 2006

2006-01-01

despite fears that regulators around the world would act to curtail securitisation severely in the aftermath of the collapse of enron worldcom and parmalat the securitisation industry has witnessed what can only be described as relentless innovation securitisation remains one of the most important means for financial institutions to diversify their funding transfer credit risk and manage solvency requirements this volume the second in a series focusing on the latest innovations in the global securitisation industry provides advisers with detailed guidance on key structural and legal issues of innovative securitisations as well as describing the most recent developments in the accounting and risk capital treatment of securitisation transactions the contributors represent a wide range of expert participants in the design execution and regulation of securitisation transactions among the critical features of contemporary securitisation covered are the following project finance clos securitisation of equity risk securitisation of commodity risk through commodity trigger swaps the convergence of structured credit and securitisation markets innovation in rmbs negative equity transactions innovation in cmbs a b structure new markets in europe japan and islamic countries catastrophe risk securitisation effect of recent us bankruptcy legislation on synthetics microfinance loan securitisation in emerging markets public sector securitisation securitisable intellectual property application of accounting standards in a rapidly changing environment and updated analysis of basel ii the practical perspective of the

contributions combined with the extensive use of case studies of key transactions should make this volume an invaluable resource for lawyers as well as legal and business academics interested in the very latest developments in the global securitisation markets

Yearbook on International Investment Law & Policy 2014-2015

2016-09-30

several themes emerge in this 2014 2015 edition of the yearbook the first is a notable focus on country and region specific developments different articles focus on key developments in such countries as australia brazil

china ghana india indonesia russia and south africa others focus on regional innovations in particular in latin america a second area of attention is reform and proposals for reform in investor state dispute settlement and in investment law generally the third theme is the continued concern about states regulatory autonomy and the importance of their retaining ability to protect the interests of their nationals a fourth theme concerns the continued contribution that investment arbitration makes to the development of international law and the influence that it is starting to have on other areas of law whether that is as a source of inspiration in the interpretation of other norms or as a source of potentially powerful persuasive authority given the teeth that investment law has with respect to enforcement included are the winning memorials of the fdi moot for both 2014 and 2015 in 2014 a team from the university of ottawa submitted the winning claimant s memorial while students from harvard law school submitted the winning respondent s memorial in 2015 harvard repeated its stellar performance again winning best respondent s memorial the winning claimant s memorial in 2015 was submitted by students from the national and kapodistrian university of athens these excellent memorials reveal once again the growing interest of students in international investment law and demonstrate a striving for excellence and an enthusiasm for grappling with intellectually challenging issues

Yearbook of Morphology 2000

2013-03-14

a revival of interest in morphology has occurred during recent years the yearbook of morphology series published since 1988 has proven to be an eminent support for this upswing of morphological research since it contains articles on topics which are central in the current theoretical debates which are frequently referred to the yearbook of morphology 2000 focuses on the relation between morphology and syntax first a number of articles is devoted to the ways in which morphological features can be expressed in the grammar of natural languages both by morphological and syntactic devices this also raises the more general issue of how we have to conceive of the relation between form and grammatical meaning several formalisms for inflectional paradigms are proposed in addition this volume deals with the demarcation between morphology and syntax to which extent can syntactic principles and generalizations be used for a proper account of the morphology of a language the languages discussed are potawatomi latin greek romanian west greenlandic and german a special feature of this volume is a section devoted to the analysis of the morphosyntax of a number of austronesian languages which are also relevant for deepening our insights into the relation between our morphology and syntax audience theoretical descriptive and historical linguists morphologists phonologists computational linguists and psycholinguists will find this book of interest
