specifically formatted sub guides available for each document type

## ***Multidimensional Journal Evaluation***

2012-04-26

scientific communication depends primarily on publishing in journals the most important indicator to determine the influence of a journal is the impact factor since this factor only measures the average number of citations per article in a certain time window it can be argued that it does not reflect the actual value of a periodical this book defines five dimensions which build a framework for a multidimensional method of journal evaluation the author is winner of the eugene garfield doctoral dissertation scholarship 2011

## ***Using Google and Google Tools in the Classroom***

2009-03

enrique dussel is considered one of the founding philosophers of liberation in the latin american tradition an influential arm of what is now called decoloniality while he is astoundingly prolific relatively few of his works can be found in english translation and none of these focus specifically on education founding members of the latin american philosophy of education society david i backer and cecilia diego bring to us dussel s the pedagogics of

liberation a latin american philosophy of education the first english translation of dussel s thinking on education and also the first translation of any part of his landmark multi volume work towards an ethics of latin american liberation dussel s oeuvre is an impressive intellectual mosaic that uses europeans to disrupt european thinking this mosaic has at its center french philosopher emmanuel levinas but also includes ancient greek philosophy thomist theology modern enlightenment philosophy analytic philosophy of language marxism psychoanalysis freud klein evolutionary psychology neuroscience phenomenology sartre heidegger husserl hegel critical theory frankfurt school habermas and linguistics dussel joins these traditions to latin american history literature and philosophy specifically the work of octavio paz ivan illich and the philosophers of liberation whom dussel studied with in argentina before his exile to mexico in the late 1970s drawing heavily from the ethical philosophy of emmanuel levinas dussel examines the dominating and liberating features of intimate concrete and observable interactions between different kinds of people who might sit down and have face to face encounters specifically where there may be an inequality of knowledge and a responsibility to guide teach learn care or study teacher student politician citizen doctor patient philosopher nonphilosopher and so on those occupying the superior position of these face to face encounters teachers politicians doctors philosophers have a clear choice for dussel when it comes to their pedagogics they are either open to hearing the voice of the other disrupting their sense of what is and should be by a newness beyond what they know or following the dominant pedagogics they can try to communicate and instruct

their sense of what is and should be to the supposed tabula rasas in their charge dussel calls that sense of what is and should be lo mismo this groundbreaking translation makes possible a face to face encounter between an anglo philosophy of education and latin american pedagogics pedagogics should be considered as a type of philosophical inquiry alongside ethics economics and politics dussel s pedagogics is a decolonizing pedagogics one rooted in the philosophy of liberation he has spent his epic career articulating with an introduction by renowned philosopher linda martin alcoff this book adds an essential voice to our conversations about teaching learning and studying as well as critical theory in general

enrique dussel was born in 1934 in the town of la paz in the region of mendoza argentina he first came to mexico in 1975 as a political exile and is currently a mexican citizen professor in the department of philosophy at the iztapalapa campus of the universidad aut noma metropolitana autonomous metropolitan university uam and also teaches courses at the universidad nacional aut noma de m xico national autonomous university of mexico unam he has an undergraduate degree in philosophy from the universidad nacional de cuyo national university of cuyo in mendoza argentina a doctorate from the complutense university of madrid a doctorate in history from the sorbonne in paris and an undergraduate degree in theology obtained through studies in paris and m nster
