Toyota Production System

Toyota Production System (TPS) is a manufacturing system that aims to reduce waste and improve efficiency. It is based on the principles of Just in Time (JIT) and Kanban control. TPS is a key component of the Toyota Way, which is the foundation of Toyota's success. The system is designed to be flexible and adaptable to changing market conditions. It is a continuous improvement process that encourages employees to identify and solve problems. TPS is a highly effective manufacturing system that has been adopted by many other companies around the world.
