grey wolf optimizer sciencedirect potential corrections to grey wolf optimizer sciencedirect an improved grey wolf optimizer for solving sciencedirect a multi strategy driven reinforced sciencedirect mutation driven grey wolf optimizer with sciencedirect grey wolf optimizer sciencedirect binary grey wolf optimization approaches for sciencedirect an improved grey wolf optimizer based on differential optimal design of grid connected photovoltaic sciencedirect grey wolf optimizer a review of recent variants and optimal sizing of grid connected multi sciencedirect wolf bird optimizer wbo a novel sciencedirect modified effective butterfly optimizer for sciencedirect nonlinear optimization of optical camera sciencedirect a novel modified cheetah optimizer for sciencedirect grey wolf optimizer whale optimization algorithm and moth overview of optimization sciencedirect a novel hybrid algorithm based on grey wolf optimizer and grey wolf optimization introduction geeksforgeeks sciencedirect com science health and medical journals

grey wolf optimizer sciencedirect

May 17 2024

this work proposes a new meta heuristic called grey wolf optimizer gwo inspired by grey wolves canis lupus the gwo algorithm mimics the leadership hierarchy and hunting mechanism of grey wolves in nature

potential corrections to grey wolf optimizer sciencedirect

Apr 16 2024

grey wolf optimizer gwo a well known powerful algorithm that simulates the leadership hierarchy and hunting mechanisms of grey wolves in nature has garnered significant attention from researchers recently however parts of gwo formulations have been shown to be unfit

an improved grey wolf optimizer for solving sciencedirect

Mar 15 2024

the grey wolf optimizer gwo mirjalili et al 2014 is a successful nature inspired metaheuristic which was recently proposed based on the leadership hierarchy and group hunting mechanism of the grey wolves in nature

a multi strategy driven reinforced sciencedirect

Feb 14 2024

in this study a multi strategy driven reinforced hierarchical operator for a grey wolf optimizer rhgwo is proposed to solve the feature selection fs problem whereby tedious data are converted into information and often modeled as a combinatorial optimization problem

mutation driven grey wolf optimizer with sciencedirect

Jan 13 2024

the grey wolf optimizer gwo is a recently introduced popular swarm intelligence based metaheuristic algorithm compared to other algorithms it has shown competitive performance despite its popularity the conventional gwo suffers from slow convergence rate and tendency to stuck in local optima

grey wolf optimizer sciencedirect

Dec 12 2023

a new meta heuristic called grey wolf optimizer inspired by grey wolves is proposed the gwo algorithm is benchmarked on 29 well known test functions the results on the unimodal functions show the superior exploitation of gwo

binary grey wolf optimization approaches for sciencedirect

Nov 11 2023

grey wolf optimizer gwo is one of the latest bio inspired optimization techniques which simulate the hunting process of grey wolves in nature the binary version introduced here is performed using two different approaches

an improved grey wolf optimizer based on differential

Oct 10 2023

the grey wolf optimizer gwo is a novel type of swarm intelligence optimization algorithm an improved grey wolf optimizer igwo with evolution and elimination mechanism was proposed so as to

optimal design of grid connected photovoltaic sciencedirect

Sep 09 2023

grey wolf optimizer gwo is a metaheuristic algorithm which is inspired by the behaviour of grey wolf canis lupus 15 canis lupus has a social hierarchy which can be categorized into alpha α beta β delta δ and omega ω

grey wolf optimizer a review of recent variants and

Aug 08 2023

grey wolf optimizer gwo is one of recent metaheuristics swarm intelligence methods it has been widely tailored for a wide variety of optimization problems due to its impressive characteristics over other swarm intelligence methods it has very few parameters and no derivation information is required in the initial search

optimal sizing of grid connected multi sciencedirect

Jul 07 2023

a grey wolf optimization gwo algorithm is employed to determine the optimal sizing of the proposed grid connected mmg the proposed algorithm has reduced the npc from 431 796 million to 428 832 million and lcoe to 0 267 kwh when load and generation data uncertainty and dynamic energy price has considered

wolf bird optimizer wbo a novel sciencedirect

Jun 06 2023

in this paper the wolf bird optimizer wbo was presented as a novel metaheuristic algorithm inspired by the coexistence behavior and predatory partnership of wolves and ravens in nature wbo finds the optimal solution from a population of candidate solutions

modified effective butterfly optimizer for sciencedirect

May 05 2023

in addition the opf problem is handled with the hybrid algorithms proposed in 53 and 54 such as the hybrid approach with combining cuckoo search and gray wolf thcsgwo and optimal power flow employing a hybrid sine cosine grey wolf optimizer hsc gwo respectively

nonlinear optimization of optical camera sciencedirect

Apr 04 2023

gray wolf optimizer with lévy flight lgwo speckle pattern calibration 41 slime mold algorithm based on optimal neighborhood disturbance and reverse learning strategy orsma underwater camera calibration 42 grey wolf optimization algorithm based on lévy flight and mutation mechanism hgwo nonlinear camera calibration 43 bat algorithm

a novel modified cheetah optimizer for sciencedirect

Mar 03 2023

pso and bacterial foraging optimizer approaches have been used to tune the gains of pi lfc in a system involving wt pv and thermal plants 25 a hybrid equilibrium optimizer and slim mould optimizer have been developed to optimize a cascaded lfc system implemented in an interconnected network in the presence of electric vehicles 26

grey wolf optimizer whale optimization algorithm and moth

Feb 02 2023

grey wolf optimizer gwo is another recent but very popular swarm intelligence method see fig 5 this algorithm mimic two key behaviours in grey wolves the hierarchy level of dominance in a pack alpha beta delta and omega wolves and the hunting mechanism of a pack chasing harassing attacking and killing a prey

overview of optimization sciencedirect

Jan 01 2023

optimization involves the selection of the best solution from among the set of candidate solutions the degree of goodness of the solution is quantified using an objective function e g cost which is to be minimized or maximized

a novel hybrid algorithm based on grey wolf optimizer and

Nov 30 2022

grey wolf optimizer gwo is a meta heuristic algorithm inspired by the hierarchy of grey wolves canis lupus fireworks algorithm fwa is a nature inspired optimization method mimicking the explosion process of fireworks for optimization problems

grey wolf optimization introduction geeksforgeeks

Oct 30 2022

grey wolf optimizer gwo is a population based meta heuristics algorithm that simulates the leadership hierarchy and hunting mechanism of grey wolves in nature and it s proposed by seyedali mirjalili et al in 2014
