critical thinking skills are more important than ever in academic and real
world situations daily higher order thinking provides you with daily activities
that build and grow students problem solving skills in engaging formats such as
logic and visual puzzles brainteasers creative writing picture comparison word
play and what if questions daily 20 minute practice lessons help students apply
critical thinking skills across subject areas the lessons develop students
higher order thinking skills and allow them to integrate their learning and
make deeper connections between their learning and the real world use daily
higher order thinking for warm up exercises extension activities early finisher
tasks and small group center activities to develop your students critical and
creative thinking skills how it works monday friday full page daily activities
focus on a specific behavioral verb each day the verb is defined at the top of
the page so students become aware of when and how they are using the thinking
skill each full page activity gives students an opportunity to practice a
higher order thinking skill in the context of a different curriculum area
questions and tasks are open ended and can be used to promote peer to peer
discussions as students share and discuss answers while also fostering critical
thinking skills an answer key provides sample responses for each day s
activities evaluate students responses based on your own expectations and on
what content your students have encountered the daily activities focus on
skills such as analyzing predicting modeling composing organizing evaluating
options designing critiquing and problem solving grade 2 activities include
logic puzzles language play creative writing drawing and visual brainteasers
daily lessons practice higher order thinking skills such as comparing grouping
identifying inferring solving
