corporate finance wikipedia Oct 09 2022 corporate finance is the area of business that deals with the financial aspects of a company. It involves the management of the company's financial resources, including capital budgeting, risk management, and financial reporting. The primary goal of corporate finance is to maximize the value of the company for its shareholders. Key concepts in corporate finance include the time value of money, cost of capital, and the trade-off between risk and return. Corporate finance also involves the issuance of securities, such as stocks and bonds, to raise capital for the company. The field of corporate finance is closely related to investment banking and financial markets.
