Her Father's Daughter

1983

this remarkable series of introductory lectures on psychoanalysis is in fact a lucid elegant and profound overview of classic psychoanalytic theory in which the main aspects of psychoanalytic psychology are spelt out in the simple and clear language characteristic of the author's lecturing. The precision of her concepts and their mutual relationships and their liveliness of this comprehensive synthesis make for a thought provoking exciting reading experience.

The Harvard Lectures

2018-03-26

this book distills the essence of child psychoanalysis from the practice and thought of its founder Anna Freud who for over 50 years has been at the forefront of this controversial field. Children are the most refractory of all subjects to treat analytically. Here for the first time is a primer on the difficult technique as practiced at the Hampstead Clinic in London which was founded by Anna Freud and is today the leading child analytic center in the world. She and her colleagues expose their wealth of experience to systematic review which yields up rich insights not only into child psychoanalysis and psychotherapy but also into basic child development. In addition their findings have relevance to the understanding of emotional disturbance at all ages. The book follows the treatment situation through all its stages from the first session to termination and follow up. It focuses on the interaction between therapist and child in the treatment room illustrating the points with copious clinical vignettes. One point examined is the structure of treatment with respect to such matters as scheduling sessions and handling interruptions. Another element that comes under scrutiny is the development of the child's relationship to the therapist which subsumes such factors as establishing an alliance, transference and resistance. The child's repertoire of expressions both verbal and nonverbal is explored as is the therapist's armamentarium of interpretations and interventions. Woven throughout the description of these elements is incisive commentary by Anna Freud. Her commonsense approach gives the book unique value lifting it to a rare level of human wisdom.

The Technique of Child Psychoanalysis

1980

this book introduces the birth and development of the Anna Freudian tradition from a perspective of developmental lines by addressing the early development of this tradition and the conflicts and innovations arising from the interaction between the internal and external world of the organization.

The Writings of Anna Freud: Infants without families. Reports on the Hampstead Nurseries, 1939-1945

1967

the four lectures that comprise this book were given before the teachers at the children's centers in

vienna by anna freud the daughter of sigmund freud and a renowned psychoanalyst of children written in clear accessible terms this book outlines the basic findings of psychoanalysis and their implications for the understanding care and education of young children

The Anna Freud Tradition

2018-04-17

in this volume christiane ludwig körner describes the lives and work of the staff members of the war nurseries set up and run by anna freud and dorothy burlingham during the second world war the women of anna freud s war nurseries looks in turn at each of the women who helped run the homes in hampstead alice goldberger sophie and gertrud dann manna friedmann anneliese schnurmann ilse hellman and hansi kennedy as young women they narrowly escaped the holocaust and dedicated themselves to children who had suffered the same fate few arrived with any knowledge of psychoanalytic theories or methods this volume charts their education from freud and burlingham which eventually lead to both freud s independent psychoanalytic child therapy training and the young women s embarkment on careers as professional analysts using case studies throughout ludwig körner illustrates the intense relationships often experienced between children in care and their analysts carers and uses the children of the war nurseries as examples for how contemporary psychoanalysts can work with children today this book is essential reading for psychoanalysts especially those working with children as well as scholars and professionals interested in the history of child analysts and childhood trauma

Psycho-analysis for Teachers and Parents

1935

with over 100 archival photographs and nine original wide ranging essays freud tiffany brings to life the fascinating intersection of psychoanalysis and education out of the cultural and political ferment of inter war vienna emerged the hietzing school founded in the 1920s by anna freud the youngest daughter of sigmund freud and dorothy tiffany burlingham the youngest daughter of the great american artist louis comfort tiffany anna freud s story unfolds over three decades from her adolescence through the 1940s as she and dorothy tiffany burlingham leverage their hands on research with children into educational innovations at the hietzing school and beyond the viennese psychoanalysts of the 1920s demonstrated a unique sensitivity to marginalised populations and to the impact of war its threats and its aftermath especially on the lives of children the book features never before seen historical photographs including four of sigmund freud as well as unpublished archival material and original paintings drawings manuscripts and memoirs make vivid the founders vision of the hietzing school s origins its day to day experience and its enduring significance for our understanding of education and the developing mind marking the first publication of many of the historic materials originally showcased in 2017 at a major freud museum london exhibition the international scholarship behind freud tiffany demonstrates that the hietzing school remains the seedbed for a surprising range of modern theory and practice in child and adolescent mental health from erik erikson s lifespan model of identity to the legal concept of the best interests of the child the freud and tiffany legacies are now brought together as never before in this lively book and the hietzing school is restored to its rightful place in the history of so many ideas with which we are still working today the book is essential for any reader interested in the cultural legacy of interwar vienna

Anna Freud

1979

this book is the first publication of the complete correspondence of sigmund freud with his daughter anna the correspondence ranges over personal and family matters social events family holidays births and deaths health issues war experiences etc as well as professional matters including the progress of sigmund freud s and anna freud s scientific works their views on students and colleagues and the international dissemination and publication of psychoanalytical writings the letters provide valuable insight into the work and family life of the founder of psychoanalysis sigmund freud including the changes in his perception of women that were triggered by his relation with his daughter they also shed fresh light on the development of anna s life and career the early years in england the period of her analysis with her own father and the last phase of her father s illness and death when anna became the torch bearer and protector of her father s works and eventually became the leading figure in the international psychoanalytic association richly annotated with editorial comments this unique volume of correspondence between sigmund and anna freud is an invaluable source of historical documentation about the formation and development of psychoanalysis and the early decades of the psychoanalytic movement

née le 3 décembre 1895 à vienne la fille cadette de sigmund freud deviendra analyste d enfants après avoir été analysée par son père jusqu à la mort de celui ci en 1939 elle demeurera sa plus fidèle collaboratrice assumant tour à tour les rôles de confidente d ambassadrice et d infirmière elisabeth young bruehl lui restitue toute son importance dans cette biographie où revivent les personnages qui jalonnèrent la vie d anna en particulier lou andreas salomé et melanie klein

Freud/Tiffany

2018-12-11

the central theme of this book is concerned with the controversies on technique between anna freud and melanie klein in the 1920s and 1930s and with a clear differentiation between child analysis proper and analytical child psychotherapy alex holder takes into account the historic background in which child psychoanalysis developed especially world war ii and the nazi regime in germany the author also looks at the way child psychoanalysis developed in specific institutions such as the hampstead child therapy course in london and in specific areas such as the spread of child analysis in the us the concluding chapter is on the importance of knowledge of child analysis among psychoanalysts working with adults the differences in the theories of the two greats in child analysis anna freud and melanie klein are examined one by one including such concepts as the role of transference the oedipus complex and the superego

Correspondence

2014-11-10

in impious fidelity suzanne stewart steinberg investigates the legacy of anna freud at the intersection between psychoanalysis as a mode of thinking and theorizing and its existence as a political entity stewart steinberg argues that because anna freud inherited and guided her father s psychoanalytic project as an institution analysis of her thought is critical to our understanding of the relationship between the psychoanalytic and the political this is particularly the case given that many psychoanalysts and historians of psychiatry charge that anna freud s emphasis on defending the supremacy of the ego against unconscious drives betrayed her father s work are the unconscious and the psychoanalytic project itself at odds with the stable ego deemed necessary to a democratic politics hannah arendt famously and influentially argued that they are but stewart steinberg maintains that anna freud s critics particularly disciples of melanie klein have simplified her thought and misconstrued her legacy stewart steinberg looks at anna freud s work with wartime orphans seeing that they developed subjectivity not by vertical through the father but by lateral social ties this led anna freud to revise her father s emphasis on oedipal sexuality and to posit a revision of psychoanalysis that renders it compatible with democratic theory and practice stewart steinberg gives us an anna freud who betrays the father even as she protects his legacy and continues his work in a new key

A Child Analysis with Anna Freud

2018-03-26

the second volume in a classic trilogy of reference works often cited in child custody cases which introduced the concept of the least detrimental alternative when addressing a child s welfare the second volume in a classic trilogy of works by joseph goldstein former sterling professor emeritus of law at yale law school albert j solnit the former director of the yale child study center and anna freud daughter of sigmund freud these texts beyond the best interests of the child was the first in the series and in the best interests of the child was the third are classic references often cited in child custody cases before the best interests of the child specifically addresses when the state should intervene rather than the familiar legal best interests of the child doctrine the authors s work is based on the more realistic standard of finding the least detrimental alternative this is indispensable reading for social workers family court judges lawyers psychologists and parents

Anna Freud, Melanie Klein, and the Psychoanalysis of Children and Adolescents

1969

the story of the childhood and youth of peter heller one of the first children to be psychoanalyzed by anna freud to tell this story vivian heller draws on a wealth of primary sources including her father s case history and his internment diary using novelistic techniques to bring the past alive while in anna s care peter s native vienna slides into fascist barbarism and he is forced to navigate an increasingly dangerous world he flees to england only to be deported to canada where he is interned as a german speaking

foreign national a situation that put him among jewish refugees and nazi p o w s

Indications for Child Analysis

1992

from the introduction by daniel benveniste psychoanalysis is a human tradition passed on from one generation to the next this collection of letters and related documents are a testament to the fertile collaboration between anna freud and humberto nagera and through these documents we witness the passing of the torch their work together was based at the hampstead clinic in london and included clinical work theoretical seminars research and cooperation in the management of administrative tasks at the clinic when dr nagera informed me of this collection of letters i immediately recognized that they documented one of the most fertile periods in anna freud s career and were therefore worthy of inclusion in the literature on psychoanalytic history i was honored to take on the editorial task and found dr nagera very helpful in answering my questions about people and places mentioned in the letters i found embedded in these letters and documents keys to understanding the relationship between anna freud s personality and her work which developed in the context of her relationships with others a history of this kind presents the major contributor to psychoanalysis not as a larger than life person but as a dedicated and gifted analyst working within an historical context and professional environment humberto nagera was born in cuba in 1927 and did his undergraduate work at the university of havana and his medical studies at havana medical school 1952 after becoming a psychiatrist he sought psychoanalytic training and began as a psychoanalytic candidate at the institute of the british psychoanalytical society in 1958 and a trainee at the hampstead clinic in 1959 soon after his arrival at the hampstead clinic he became a trusted colleague of anna freud and collaborated with her as one of her closest associates during one of the most productive periods of her life he left london and the clinic in 1968 but maintained his correspondence with her until her death in 1982 what we learn from these letters and related documents is a bit about anna freud s personality her shyness her drive to work her pursuit of knowledge her collaborative spirit her disappointments her commitment to children and her tireless and unwavering dedication to psychoanalysis this collection of letters brings into high relief anna freud s work in the 1960s and in this way stands as a companion volume to the various biographies and collections of anna freud letters that have already been published these naturally include raymond dyer s the work of anna freud 1983 elizabeth young bruehl s anna freud a biography 1988 rose edgecombe s anna freud a view of development disturbance and therapeutic techniques 2000 peter heller s book anna freud s letters to eva rosenfeld 1992 covering the period from 1927 to 1932 ingeborg meyer palmedo s the sigmund freud anna freud correspondence 1904 1938 2013 and my own work the interwoven lives of sigmund anna and w ernest freud three generations of psychoanalysis 2015

Anna Freud's Letters to Eva Rosenfeld

2012-03-15

in this volume christiane ludwig körner describes the lives and work of the staff members of the war nurseries set up and run by anna freud and dorothy burlingham during the second world war the women of anna freud s war nurseries looks in turn at each of the women who helped run the homes in hampstead alice goldberger sophie and gertrud dann manna friedmann anneliese schnurmann ilse hellman and hans kennedy as young women they narrowly escaped the holocaust and dedicated themselves to children who had suffered the same fate few arrived with any knowledge of psychoanalytic

theories or methods this volume charts their education from freud and burlingham which eventually lead to both freud s independent psychoanalytic child therapy training and the young women s embarkment on careers as professional analysts using case studies throughout ludwig körner illustrates the intense relationships often experienced between children in care and their analysts caregivers and uses the children of the war nurseries as examples for how contemporary psychoanalysts can work with children today this book is essential reading for psychoanalysts especially those working with children as well as scholars and professionals interested in the history of child analysts and childhood trauma

Impious Fidelity

1992

three distinguished authorities in law psychiatry and child development critically evaluate current child placement laws

Anna Freud

1986-02-24

this volume honours anna freud s work and legacy by providing a detailed summary of the psychoanalytic developmental tradition and illustrations of its contributions to the field of child psychotherapy and beyond through the use of clinical historical anecdotal and outreach narratives this book seeks to acknowledge how regardless of the evolution of child psychoanalytic theory and practice and recent changes at the anna freud centre in terms of a broad scope of trainings and interventions the underlying psychoanalytic principles set by its founder continue to inform the work of clinicians and scholars both within and outside this school of thought provided by publisher

Before the Best Interests of the Child

1979

as her father sigmund s sounding board and chief collaborator anna freud harbored secrets that could have shaken the foundation of his growing legacy this is an insightful fictional glimpse into the freud family dynamic and most notably its impact on sigmund s theories about lesbianism how did he receive the announcement that his daughter loved women how did he deal with her long domestic partnership with another woman
