only the amount of people that he can handle we learn that the ancient church had
some of the same challenges we face today acts 6 14 says now in those days when the
number of the disciples was multiplying there arose a complaint against the hebrews
by the hellenists because their widows were neglected in the daily distribution then
the twelve summoned the multitude of the disciples and said it is not desirable that
we should leave the word of god and serve tables read this as doing manual labor
therefore brethren seek out from among you seven men of good reputation full of the
holy spirit and wisdom whom we may appoint over this business the manual labor but
we will give ourselves continually to prayer and to the ministry of the word it was
even bringing strife to the local body what did they do and what was the result the
first thing the apostles did was pick out people they knew to be wise and that had
had received the baptism of the holy spirit and appointed them to do practical
ministerial duties the manual labor this freed up the apostles so they could
minister the word of god wow gods way is so simple and our grandiose plans just
waste time and get nothing done pastors need to learn from the apostles and appoint
over this business so the pastors has more time to do the spiritual work that
promotes gods church this manual gives a road map for accomplishing the goal of
choosing and training people and tips for managing them there are a lot of
christians who really do want to fulfill the great commission and go make disciples
the problem is many of them have no idea what that looks like or where to start the
green book is a discipleship tool and curriculum that was created to help beginners

disciples by helping and guiding them to consistently put into practice what they ve
learnt and to help their disciples to do the same we model it to them by living a
life of love that remains worth following and shepherding them into their purpose i
trust that this will be the beginning of living a fulfilled life in the footsteps of
jesus in his service and for his glory dr hendrik j vorster the 222 plan is a
christian disciple making process it uses one on one mentoring to fulfill the
command given by paul to timothy in 2 timothy 2 2 timothy is told to teach faithful
men the things that paul had taught him the process lasts about twenty five weeks
the manual includes both a disciples workbook and the mentor s guide the disciple
making process introduced in this manual is the result of more than thirty years of
personal one on one mentoring the material has undergone many revisions and was
tested in the local church during the entire process we must emphasize the 222 plan
is a process and not a program a process lasts a lifetime whereas a program is
participated in for the length of its duration and then is considered complete the
process follows the instruction given in 2 timothy 2 2 and we are under it s mandate
until called into his presence the process is truly the master s plan for building
disciples and leaders for his service mentoring success in disciple making depends
upon the mentor s commitment to personally practice the spiritual disciplines he is
teaching others the strategy set forth in this 222 plan manual is for those hungry
hearts who have resolved to seek first the kingdom of god and his righteousness
thirty four lessons on biblical themes from the old and new testaments the purpose
of this resource is to develop strong christian leaders through regular in depth
study of scripture the spiritual authority of the believer and who we are in christ

today john steffensen radio host christ today kkxx radio chico ca hopefully this manual will lay the groundwork for pastors and churches to spread the burden and get others involved in the work of the ministry i once had a pastor that was often unprepared for a service because he was busy helping a parishioner with some needed chore or church maintenance or the myriad other duties needed to keep a church going the result was that the church stayed the same size some leave others enter but no growth was apparent despite the considerable preaching talents of the pastor god is apparently making sure he has only the amount of people that he can handle we learn that the ancient church had some of the same challenges we face today acts 6 14 says now in those days when the number of the disciples was multiplying there arose a complaint against the hebrews by the hellenists because their widows were neglected in the daily distribution then the twelve summoned the multitude of the disciples and said it is not desirable that we should leave the word of god and serve tables read this as doing manual labor therefore brethren seek out from among you seven men of good reputation full of the holy spirit and wisdom whom we may appoint over this business the manual labor but we will give ourselves continually to prayer and to the ministry of the word it was even bringing strife to the local body what did they do and what was the result the first thing the apostles did was pick out people they knew to be wise and that had had received the baptism of the holy spirit and appointed them to do practical ministerial duties the manual labor this freed up the apostles so they could minister the word of god wow gods way is so simple and our grandiose plans just waste time and get nothing done pastors need to learn from the apostles and appoint over this business so the pastors has more time to do the
