The Music of Wilhelm Friedemann Bach 2010

the first book in nearly a century dedicated to a close examination of the musical works of wilhelm friedemann bach first son of johann sebastian bach

The Organ Music of J. S. Bach 2003-12-11

this is a completely revised 2003 edition of volumes i and ii of the organ music of j s bach 1980 a bestselling title which has subsequently become a classic text this edition takes account of bach scholarship of the 25 years prior to publication peter williams s piece by piece commentary puts the musical sources of the organ works in context describing the form and content of each work and relating them to other music german and non german he summarises the questions about the history authenticity chronology function and performance of each piece and points out important details of style and musical quality the study follows the order of the bach catalogue bwv beginning with the sonatas then the free works followed by chorales and ending with the doubtful works including the newly discovered chorales of 1985

The Music of Johann Sebastian Bach 1989

the 16 essays collected here of two kinds stylistic and historical inquiries and studies of the original sources the articles deal with the music and shed new light on the composer s life part 1 reconsiders bach s historical position and assesses the cultural significance of his achievement parts 2 3 and 4 draw upon the original sources to explore the compositional process questions of authenticity and chronology and controversial issues of performance practice

The Music of Bach 1933

this book gives an account of the individual works of one of the greatest composers the first volume of a two volume study of the music of j s bach covers the earlier part of his composing career 1695 1717 by studying the music chronologically a coherent picture of the composer s creative development emerges drawing together all the strands of the individual repertoires e g the cantatas the organ music the keyboard music the volume is divided into two parts covering the early works and the mature weimar compositions respectively each part deals with four categories of composition in turn large scale keyboard works preludes fantasias and fugues organ chorales and cantatas within each category the discussion is prefaced by a list of the works to be considered together with details of their original titles catalogue numbers and earliest sources the study is thus usable as a handbook on bach s works as well as a connected study of his creative development as indicated by the subtitle music to delight the spirit borrowed from bach s own title pages richard jones draws attention to another important aspect of the book not only is it a study of style and technique but a work of criticism an analytical evaluation of bach s music and an appreciation of its extraordinary qualities it also takes account of the remarkable advances in bach scholarship that have been made over the last 50 years including the many studies that have appeared relating to various aspects of bach s early music such as the varied influences to which he was subjected and the problematic issues of dating and authenticity that arise in doing so it attempts to build up a coherent picture of his development as a creative artist helping us to understand what distinguishes bach s mature music from his early works and from the music of his predecessors and contemporaries hence we learn why it is that his later works are instantly recognizable as bachian

Johann Sebastian Bach, His Work and Influence on the Music of Germany, 1685-1750* *1885

this monumental study of johann sebastian bach ranks among the great classics of musicology since its first publication in 1873 80 it

has remained the basic work on bach and the foundation of later research and study the three part treatment describes in chronological sequence practically everything that is known of the composer s life his ancestry his immediate family his associations his employers and the countless occasions on which his musical genius emerged author philipp spitta accompanies this biographical material with quotations from primary sources correspondence family records diaries official documents and more in addition to biographical data spitta reviews bach s musical production with analyses of more than 500 pieces covering all the important works more than 450 musical excerpts are included in the main text and a 43 page musical supplement illustrates longer passages despite the scholarly nature of this work it also has the rare distinction of being a study that can be read with considerable enjoyment and great profit by every serious music lover with or without a substantial background in the history of music or musical theory

The Creative Development of Johann Sebastian Bach, Volume I: 1695-1717 *2006-12-21*

this is the second of a two volume study of the music of johann sebastian bach taking into account the vast increase in our knowledge of the composer due to the bach scholarship of the last sixty years richard jones presents a vivid and in some respects radically new picture of his creative development during the cöthen 1717 23 and leipzig years 1723 50 the approach is as far as possible chronological and analytical but the author has also tried to make the book readable so that it may be accessible to music lovers and amateur performers as well as to students scholars and professional musicians there are many good biographies of bach but this is the first fully comprehensive in depth study of his music making it indispensable for those who want to study specific pieces or learn how he developed as a composer

Johann Sebastian Bach *1992-01-01*

the keyboard music of j s bach provides an introduction to and comprehensive discussion of all the music for harpsichord and other

stringed keyboard instruments by johann sebastian bach 1685 1750 often played today on the modern piano these works are central not only to the western concert repertoire but to musical pedagogy and study throughout the world intended as both a practical guide and an interpretive study the book consists of three introductory chapters on general matters of historical context style and performance practice followed by fifteen chapters on the individual works treated in roughly chronological order the works discussed include all of bach s individual keyboard compositions as well as those comprising his famous collections such as the well tempered clavier the english and french suites and the art of fugue

The Creative Development of Johann Sebastian Bach, Volume II: 1717-1750 2013-10-17

this volume contains contributions by nine scholars on two broad themes the analysis of johann sebastian bach s orchestral works especially his concertos and the interpretation and performance of his music in general the contributors are a diverse group active in the fields of performance organology music theory and music history several work in more than one of these areas making them particularly well prepared to write on the interdisciplinary themes of the volume ø part 1 includes alfred mann s introduction to bach s orchestral music as well as essays by gregory g butler and jeanne swack on the brandenburg concertos part 2 offers ground breaking articles by john koster and mary oleskiewicz on the harpsichords and flutes of bach s day as well as essays by david schulenberg and william renwick on keyboard performance practice and the study of fugue in bach s circle paul walker explores the relationships between rhetoric and fugue and john butt reviews some recent trends in bach performance

The Keyboard Music of J.S. Bach 2013-05-13

The Music of J. S. Bach 1999-01-01

johann sebastian bach s legacy is undeniably one of the richest in the history of music with a vast influence on posterity that has only grown since his rediscovery in the early nineteenth century in this latest addition to his long list of bach studies renowned bach scholar russell stinson examines how four of the greatest composers of the nineteenth and twentieth centuries felix mendelssohn robert schumann richard wagner and edward elgar engaged with bach s legacy not only as composers per se but also as performers conductors scholars critics and all around musical ambassadors detailed analyses of both musical and epistolary sources shed light on how these later masters heard and received bach s music within their musical circles while colorful anecdotes about their bach reception help humanize them reconstructing the intimate social circumstances in which they performed and discussed bach s music stinson focuses on mendelssohn s and schumann s reception of bach s organ works schumann s encounter with the st matthew and st john passions wagner s musings on the well tempered clavier and elgar s resoundingly negative thoughts on bach as a vocal composer engagingly written copiously annotated and thoroughly up to date bach s legacy traces the historical afterlife of bach s music and offers fascinating insights into how these later masters defined it for their audiences and beyond

Johann Sebastian Bach: His Work and Influence on the Music of Germany, 1685-1750 *2019-03-15*

first published in 1985 a handbook and text for the performance of bach's music and baroque music in general also serving as an assessment of current trends in historical performance practice by an important american practitioner newman clearly presents problems and their solutions with examples and regular assignments throughout paper edition unseen 32 annotation copyright by book news inc portland or

Bach's Legacy *2020-04-27*

peter williams approaches afresh the life and music of arguably the most studied of all composers interpreting both bach's life by deconstructing his original obituary in the light of more recent information and his music by evaluating his priorities and irrepressible creative energy how even though belonging to musical families on both his parents sides did he come to possess so bewitching a sense of rhythm and melody and a mastery of harmony that established nothing less than a norm in western culture in considering that the works of a composer are his biography the book's title a life in music means both a life spent making music and one revealed in the music as we know it a distinguished scholar and performer williams re-examines bach's life as an orphan and family man as an extraordinarily gifted composer and player and as an ambitious artist who never suffered fools gladly

Bach and the Baroque 1995

the second son of johann sebastian bach c p e bach was an important composer in his own right as well as a writer and performer on keyboard instruments he composed roughly a thousand works in all the leading genres of the period with the exception of opera

and haydn mozart and beethoven all acknowledged his influence he was also the author of a two volume encyclopedic book about performance on keyboard instrument c p e bach and his music have always been the subject of significant scholarship and publication but interest has sharply increased over the past two or three decades from performers as well as music historians this volume incorporates important writings not only on the composer and his chief works but also on theoretical issues and performance questions the focus throughout is on relatively recent scholarship otherwise available only in hard to access sources

J. S. Bach 2007-02-15

what liberties might j s bach have taken with his own keyboard works how might he have embroidered or expanded his own pieces while musicians from earlier eras unabashedly answered those questions such as charles gounod in 1853 with his ave maria on the c major prelude and louis victor saar in 1932 and ruggero vene in 1941 with their additions to the two part inventions our current urtext generation still seems generally reluctant to add anything to the score the present volume purports to counter such literalism re ignite creative interaction with bach s text and expand performance practice horizons by exploring the concepts of added lines chorales continuo parts durchga nge lead ins da capo verzierungen ornamented lines on the repetition of a section or piece original codettas and original preludes adding notes to bach doesn t have to be limited to an occasional trill or mordent bach was prolific and daring why shouldn t modern keyboardists have the same spirit of adventure

Johann Sebastian Bach 1884

this is a reproduction of a book published before 1923 this book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process we believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide we appreciate your understanding of the imperfections in the

C.P.E. Bach 2017-07-05

this diversified collection guides students to develop stylistic performances of bach's keyboard works among the 27 selections are numerous minuets short preludes and suite movements the introductory material contains an excellent discussion of ornamentation rhythm articulation tempo and dynamics in the keyboard music of this master composer

Add on Bach 2013-03-16

a wonderful edition aimed at helping the intermediate early advanced pianist perform bach's music in a stylistically acceptable manner it includes suggested articulation dynamic and fingering indications also included is history on bach as a performer and a teacher to aid in better understanding bach's works and styles

The Organ Music of J. S. Bach: Volume 2 1980-03-13

today bach is one of the most revered and studied figures of classical music despite there being a time in which he was almost forgotten divided into two sections this volume explores research on j s bach and more broadly examines the topics of music and performance studies with the latter focusing on composers active today such as marco alunno or those from the recent past who are lesser known and performed such as pietro cimara and leo ornstein following from nones's ed previous publication music as communication perspectives on music image and performance abe 2018 this work provides a rather unique contribution as a choral attempt at exploring performance today the intention of this book and the downloadable audio content with live recordings of the music explored at the conference from which the volume originated is to inspire fresh approaches to the study of a monument like

bach while also encouraging original research of modern composition and performance recordings of the performances given over the two days of the conference serve either to clarify arguments made in the papers or to attest to the music explored more generally this volume is founded on the belief that the history of music is comprised of many figures some of whom are undeservedly forgotten and that our understanding of and approach to music is simultaneously shaped by the past and directed by the continual evolution of sounds and attitudes of the present examining music styles from baroque bach to contemporary alunno forms of performance will be of particular interest to bach and performance studies scholars as well as advanced researchers and phd students in this field

Johann Sebastian Bach 2014-03

complete score of the art of fugue plus extensive commentary features all 14 fugues plus the four canons the commentary outlines the fugues contrapuntal devices and offers keen observations on the composer s craftsmanship

J. S. Bach, An Introduction to His Keyboard Music 2005-05-03

At the Piano with J. S. Bach 2005-05-03

this diversified collection guides students to develop stylistic performances of bach s keyboard works among the 27 selections are

numerous minuets short preludes and suite movements the introductory material contains an excellent discussion of ornamentation rhythm articulation tempo and dynamics in the keyboard music of this master composer the alfred masterwork cd editions conveniently combine each exceptional volume with a professionally recorded cd that is sure to inspire artistic performances 64 pages pianist scott price is the chair of the piano department at the university of south carolina and holds a doctorate in piano performance from the university of oklahoma he has given master classes and recitals throughout the united states and southeast asia his recordings are featured in alfred s premier piano course

Forms of Performance: From J.S. Bach to M. Alunno (1972-) **2020-02-04**

all 48 preludes and fugues in all major and minor keys authoritative bach gesellschaft edition explanation of ornaments in english tempo indications music corrections

Bach's the Art of Fugue & a Companion to the Art of Fugue 2013-01-01

johann sebastian bach his work and influence on the music of germany 1685 1750 volume ii has been considered by academicians and scholars of great significance and value to literature this forms a part of the knowledge base for future generations so that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published hence any marks or annotations seen are left intentionally to preserve its true nature

Johann Sebastian Bach **1966-12-31**

the cambridge companion to bach first published in 1997 goes beyond a basic life and works study to provide a late twentieth century perspective on j s bach the man and composer the book is divided into three parts part one is concerned with the historical

context the society beliefs and the world view of bach s age the second part discusses the music and bach s compositional style while part three considers bach s influence and the performance and reception of his music through the succeeding generations this companion benefits from the insights and research of some of the most distinguished bach scholars and from it the reader will gain a notion of the diversity of current thought on this great composer

J.S. Bach 2006

bach s organ works the best known of all music ever written for the instrument have been the subject of a great variety of interpretations all too often based on subjective opinion and conjecture what the author does in this piece by piece commentary is to combine a performer s insight and experience with the fruits of scholarly research he is concerned throughout to reconstruct for the modern performer and listener the original context of the work its sources and history its place in the composer s development the implications of contemporary instruments and performing practice and of the musical and aesthetic theories of the time and the background which shaped bach s view of the original chorale melodies each of the collections of organ chorales is examined as an entity in a preliminary essay then for each piece the author discusses the important sources and their relationship quotes the underlying chorale melody and one or more verses of the text with a literal translation and describes its importance in the life of bach s church and analyses the form and style of the organ setting with many musical examples and frequent allusions to the views of other commentators

The Well-Tempered Clavier 2012-11-13

boyd s biographical chapters alternate with commentary on the works to demonstrate how the circumstances of bach s life helped to shape the music he wrote at various periods we follow bach as he travels from arnstadt and muhlhausen to weimar cothen and finally leipzig these journeys alternating with insightful discussions of the great composer s organ and orchestral compositions as

well as presenting a rounded picture of bach his music and his posthumous reputation and influence malcolm boyd considers the sometimes controversial topics of parody and arrangement number symbolism and the style and meaning of bach s late works recent theories on the constitution of bach s performing forces at leipzig are also present

Johann Sebastian Bach 2018-07-19

now appearing in an english translation this book by szymon paczkowski is the first in depth exploration of the polish style in the music of johann sebastian bach bach spent almost thirty years living and working in leipzig in saxony a country ruled by friedrich august i and his son friedrich august ii who were also kings of poland as august ii and august iii this period of close polish saxon relations left a significant imprint on bach s music paczkowski s meticulous account of this complex political and cultural dynamic sheds new light on many of bach s familiar pieces the book explores the semantic and rhetorical functions that undergird the symbolism of the polish style in baroque music it demonstrates how the notion of a polish style in music was developed in german music theory and conjectures that bach s successful application for the title of court composer at the court of the elector of saxony and king of poland would induce the composer to deliberately use elements of the polish style this comprehensive study of the way bach used the polish style in his music moves beyond technical analysis to place the pieces within the context of baroque customs and discourse this ambitious and inspiring study is an original contribution to the scholarly conversation concerning bach s music focusing on the symbolism of the polonaise the most popular and recognizable polish dance in 18th century saxony in saxony at this time the polonaise was associated with the ceremonies of the royal electoral court in dresden and saxon musicians regarded it as a musical symbol of royalty paczkowski explores this symbolism of the polish royal dance in bach s instrumental music and which is also to be found to an even greater extent in his vocal works the polish style in the music of johann sebastian bach provides wide ranging interpretations based on a careful analysis of the sources explored within historical and theological context the book is a valuable source for both teaching and further research and will find readers not only among musicologists but also historians art historians and readers in cultural studies all lovers of bach s music will appreciate this lucid and intriguing study

The Cambridge Companion to Bach *1997-06-26*

the ashgate research companion to johann sebastian bach provides an indispensable introduction to the bach research of the past thirty fifty years it is not a lexicon providing information on all the major aspects of bach s life and work such as the oxford composer companion j s bach nor is it an entry level research tool aimed at those making a beginning of such studies the valuable essays presented here are designed for the next level of bach research and are aimed at masters and doctoral students as well as others interested in coming to terms with the current state of bach research each author covers three aspects within their specific subject area firstly to describe the results of research over the past thirty fifty years concentrating on the most significant and controversial such as the debate over smend s nba edition of the b minor mass blume s conclusions with regard to bach s religion in

the wake of the new chronology rifkin s one to a vocal part interpretation the rediscovery of the berlin singakademie manuscripts in kiev the discovery of hitherto unknown manuscripts and documents and the re evaluation of previously known sources secondly each author provides a critical analysis of current research being undertaken that is exploring new aspects reinterpreting earlier assumptions and or opening up new methodologies for example martin w b jarvis has suggested that anna magdalena bach composed the cello suites and contributed to other works of her husband another controversial hypothesis whose newly proposed forensic methodology requires investigation on the other hand research into bach s knowledge of the lutheran chorale tradition is currently underway which is likely to shed more light on the composer s choices and usage of this tradition thirdly each author identifies areas that are still in need of investigation and research

JOHANN SEBASTIAN BACH HIS WORK 2016-08-27

johann sebastian bach is considered by many to be the most influential and prolific keyboard composer of all time this delightful collection of 31 pieces has been taken from the famous family notebooks of wife anna magdalena and son william friedmann presenting masterpieces from throughout his life along with an illustrated historical introduction beginning bach for piano gives the pianist an ideal introduction to the genius of johann sebastian bach songlist chorale wie wohl ist mir o freund der seelan chorale o schaff s mit mir gott aria erbauliche gedanken eines tabakrauchers minuet in g major menuet fait par mons böhm aria chorale o ewigkeit du donnerwort minuet in g major allegretto minuet in g minor allegretto chorale minuet in g major animato march in d major musette in d major minuet in c minor minuet in d minor march in g major aria di giovannini polonaise in g minor prelude in c sacred aria gedenke doch mein geist prelude in e minor chorale warum betrübst du dich prelude in d minor minuet in a minor courante in c minor prelude in f major aria bist du bei mir minuet in g minor moderato polonaise in d minor minuet in g major andante march allemande

The Organ Music of J. S. Bach: Volume 2 *1980*

bach for the banjo is a collection of some of bach's best known pieces transcribed for the five string banjo several pieces appear in tablature for banjo with a second part for guitar inventions 1 8 13 and 14 march minuet in g polonaise in g minor minuet in g minor and musette others appear in notation and tablature for solo banjo prelude from partita no iii for solo violin bouree ii from suite iv for solo cello menuets i ii from suite ii for solo cello courante from suite i for solo cello gavotte en rondeau from partita no iii for solo violin and prelude from suite i for solo cello finally bauerntanz is offered as a banjo duet in tablature only these transcriptions are taken from the recordings the classical banjo and bach on the banjo which take bach's classic pieces to new heights

Bach *1997*

finalist for the 2001 pulitzer prize in biography this landmark book was revised in 2013 to include new knowledge discovered after its initial publication although we have heard the music of j s bach in countless performances and recordings the composer himself still comes across only as an enigmatic figure in a single familiar portrait as we mark the 250th anniversary of bach's death author christoph wolff presents a new picture that brings to life this towering figure of the baroque era this engaging new biography portrays bach as the living breathing and sometimes imperfect human being that he was while bringing to bear all the advances of the last half century of bach scholarship wolff demonstrates the intimate connection between the composer's life and his music showing how bach's superb inventiveness pervaded his career as musician composer performer scholar and teacher and throughout we see bach in the broader context of his time its institutions traditions and influences with this highly readable book wolff sets a new standard for bach biography
