**Low Mountains or High Tea** 2019-09-01 when steve sieberson and his wife unexpectedly found themselves in britain with an entire summer on their hands they readily agreed to avoid the usual tourist attractions opting instead for a road trip to the uk s far flung national parks as they set out however he envisioned bracing days of energetic hillwalking while she assumed they would relax in tearooms and cozy pubs seldom planning more than a few days in advance the two traversed the country in a rented vauxhall subjecting themselves to single track lanes diabolical signage and whimsical advice from locals they discovered a town called mirthless a place where cats eyes are removed and a vibrating cottage while at mealtimes they dove fearlessly into black pudding eton mess and barely recognizable enchiladas meanwhile after their initial attempts at hiking together nearly ended in disaster sieberson received dispensation to scramble alone to the highest point in each national park as long as he was quick about it and left plenty of time for more sedentary pursuits low mountains or high tea dishes up the charms and eccentricities of rural great britain as seen through the eyes of two americans who never really knew what was coming next

1999-01-20 when war broke out between the united states and great britain in 1812 neither side was prepared for the conflict as evidenced by their respective fortifications the most sophisticated and modern fortifications were those built by the us corps of engineers to protect some of the main port cities these included fort mifflin in philadelphia fort mchenry in baltimore and castle william in new york the british also heavily fortified their main harbor at halifax and their main center of power at quebec however elsewhere especially in the interior fortifications were old neglected or only hastily erected the forts at detroit and mackinac were much as the british had left them in 1796 this book covers all of the main fortifications of the conflict those that faced the crashing of guns and those whose intimidation played a part in the grand strategy of the war

1963 what if you discovered that the whole concept of a gender binary is an illusion while many people identify as men or women that is not all there is the idea that all humans fall into one of two gender categories is largely a construct created by those who benefit from that belief the reality is that gender is naturally diverse falling inside and outside of those boxes and more expansive ideas of gender have always existed in the second book of the queer history project the gender binary is a big lie infinite identities around the world author lee wind uses historical evidence and primary sources poetry ancient burial sites firsthand accounts and news stories to explore gender roles and identities gender identities and physical bodies are as diverse as the human experience get ready to shatter those preconceived notions of nothing but a gender binary and dive deep into expressions of gender both past and present that reveal the infinite variety and

beauty of everyone s gender

Go 2016-06 the role of americans in the two world wars is well known but with a glaring exception one that reveals a little known aspect of the common history of the united states and canada by the time of the american entrance into world war i in april 1917 and world war ii in december 1941 tens of thousands of americans had already fought and died in those conflicts in the uniforms of other nations most had quietly traveled over the northern border to join the ground air and naval forces of the commonwealth nations others to france poland china and the other nations and armed forces that played a role in the continuing world conflict of the first half of the century in preceding their own nation to war they influenced the course of events in those years and though threatened with loss of citizenship were ultimately met with the acceptance of their own government this book tells the story of who these americans were why they took the actions they did their experiences in war and the effects of their presence as americans in foreign forces

Forts of the War of 1812 2012-02-20 on june 24th 1947 a private pilot reported numerous dazzling objects rushing through the sky above mount rainier in washington state it was the start of the current ufo phenomena one of the country s most perplexing and persistent mysteries within a few weeks hundreds of sightings of flying saucers were reported to news media surprising reports of a ufo crash in roswell new mexico further added to the mystery that july since then ufos have sparked a slew of incredible claims and speculations this is a sober and honest history of america s first major saucer craze based on many sources including previously classified government records the book cuts through decades of mystique and confusion beginning with the 1947 ufo wave and ending with the launch of project blue book in 1952 balanced and comprehensive this history provides background social context and other tools for reframing perceptions of a controversial subject
