Sequels

2009-07-30

Sequels are books, movies, or TV shows that continue the story of a previous work. They often feature the same characters and settings, but with new events and challenges. Sequels can be a fun way to explore a world you've already discovered, and they can also introduce new characters and ideas. However, it's important to read or watch sequels in the correct order, as they often build on the events of previous works. This guide provides a list of popular series and identifies the novels, movies, or TV shows that are sequels to them. It also offers guidance on the order in which to read or watch the sequels.

E.T.

2002-04-20

The movie E.T. the Extra-Terrestrial is a classic children's film about a boy who befriends an alien. It's a heartwarming story that has inspired many sequels and parodies. However, the original movie is the best. It's a perfect blend of science fiction and heart, and it's a film that everyone can enjoy. If you're looking for a movie to watch with your family, E.T. is a great choice. It's a film that has stood the test of time, and it's a movie that will continue to be enjoyed for many years to come.
