 the United States Supplement, 1879-1888 with annotations and general index to both volumes

developments and case law are examined in areas such as pure economic loss limitations and purchase of financial products vicarious liability for sexual assaults damages privacy defamation psychiatric injury liability of public authorities employers liability professional negligence defective buildings and products and occupiers liability first published in 1980 law of torts has long been a cornerstone work in irish law indeed in the foreword to the first edition judge brian walshe noted that the book represented a challenge to the unquestioned assumption that english text books would satisfy all needs this new addition will only add to the book s long established merit and value
