The Transformation of the World 2014-04-13

a panoramic global history of the nineteenth century a monumental history of the nineteenth century the transformation of the world offers a panoramic and multifaceted portrait of a world in transition jürgen osterhammel an eminent scholar who has been called the braudel of the nineteenth century moves beyond conventional eurocentric and chronological accounts of the era presenting instead a truly global history of breathtaking scope and towering erudition he examines the powerful and complex forces that drove global change during the long nineteenth century taking readers from new york to new delhi from the latin american revolutions to the taiping rebellion from the perils and promise of europe s transatlantic labor markets to the hardships endured by nomadic tribal peoples across the planet osterhammel describes a world increasingly networked by the telegraph the steamship and the railways he explores the changing relationship between human beings and nature looks at the importance of cities explains the role slavery and its abolition played in the emergence of new nations challenges the widely held belief that the nineteenth century witnessed the triumph of the nation state and much more this is the highly anticipated english edition of the spectacularly successful and critically acclaimed german book which is also being translated into chinese polish russian and french indispensable for any historian the transformation of the world sheds important new light on this momentous epoch showing how the nineteenth century paved the way for the global catastrophes of the twentieth century yet how it also gave rise to pacifism liberalism the trade union and a host of other crucial developments

Metamorphosis 2013-07-13

this is a story of self discovery and self improvement a story about what can happen when a person realizes how valuable his her life is this is a story about change the central character recognizes his need for change and the struggles that accompany change in a moment he sees clearly how the pain of change is actually less than the pain of not changing my hope is that the reader will identify with the central character and have enough courage to initiate the changes that are necessary to come to full realization

Revolution at the Table 2003-05-30

this book first published by oup is a classic of culinary history with his discussion of the revolution that took place in american attitudes toward food between 1880 and 1930 levenstein laid the the foundation for the social history of food in modern america

The Transformation of Capacity in International Development 2019-11-30

the transformation of capacity in international development exposes the transformation of capacity within the development discourse through a discursive analysis of usaid projects in afghanistan and pakistan between 1977 and 2017 as development agendas increasingly call for human rights approaches to development and the foreign policies of donor states sound alarms over global security threats capacity development has emerged as the solution to the complex problem of development through this examination of usaid s attempts to build capacity in afghanistan and pakistan the book exposes how western notions of progress constructed by institutions government officials scholars and private sector actors are obscured by the transformation of capacity as agendas are translated into projects they perpetuate historical relationships of global inequality that have corrupted and compete with indigenous models of government of capacity in international development has implications for those considering the future of human rights under the carbonates current workflows to emerging technologies geological society special publications

The Transformation of Desire 2007-01

a brilliant passionate and unflinchingly honest reflection on the nature of desire its present day frustration the possibilities for rehabilitation and the desperate need for transformation this study combines o murchu s gifts both as a social psychologist with a wealth of research into the pressing issues of our time and as one of the most readable and informed contributors to the interface of science and contemporary spirituality an excellent read a must for all seriously committed to saving this planet and healing community

talks about states and societies from soviet rule to independence this volume compares state building and state society interactions in the five post soviet central asian states it offers insights about national religious identities

The Transformation of Things 2010-11-02

what if the reality you thought you knew was nothing but a fantasy jennifer levenworth has a great big pounding headache it could be because her husband a judge is indicted on bribery charges leaving her unsure about everything in her marriage or it could be caused by the media who are relentlessly covering the story or because the friends jennifer thought she knew and trusted have turned their backs on her in her greatest hour of need and then the dreams begin and while jennifer sleeps she swears she can see and hear her friends and family s most private moments soon jennifer realizes she is actually learning the truth about their lives which is also leading her to question everything she thought she knew about herself but when the dreams start to reveal a startling reality can jennifer find the strength to ultimately transform her life

Law and the Transformation of Aztec Culture, 1500-1700 1995

in this book susan kellogg explains how spanish law served as an instrument of cultural transformation and adaptation in the lives of nahuatl speaking peoples during the years 1500 1700 the first two centuries of colonial rule she shows that law had an impact on numerous aspects of daily life especially gender relations patterns of property ownership and transmission and family and kinship organization based on a wide array of local level spanish and nahuatl documentation and an intensive analysis of seventy three lawsuits over property involving indians residing in colonial mexico city tenochtitlan this work reveals how legal documentation offers important clues to attitudes and perceptions although kellogg s analysis reflects contemporary and theoretical developments in social and literary theory it also applies a unique ethnographic and textual approach to the subject

The Transformation of Peace 2005-10-26

this book examines the transformation of the discourse and praxis of peace from its early beginnings in the literature on war and power to the development of intellectual and theoretical discourses of peace contrasting this with the development of practical approaches to peace and examining the intellectual and policy evolution regarding peace

Webern and the Transformation of Nature 1999

this book is about the way in which a society constructs an idea of nature and the role that art and specifically music may have in the articulation of that idea it explores such an idea in relation to webern whose music has been almost exclusively portrayed as abstract and autonomous in opposition to the exclusively formalist concerns of post darmstadt webern reception this book argues that abstraction in music is understood fully only in relation to the material historical reality from which it abstracts and that musical modernism is more fully understood by exposing its underground roots in the aesthetics of romanticism

Revival: The Third Way Transformation of Social Democracy (2002) 2017-07-12

the theory of public administration has long been based on the notions of hierarchy and authority however the way managers actually manage has increasingly become at odds with the theory the growing gap between theory and practice poses enormous challenges for managers in determining how best to work and for american government in determining how best to hold public administrators accountable for effectively doing their jobs in the quest to improve the practice of public administration kettl explains political scientists and other scholars have tried a number of approaches including formal modeling implementation studies a public management perspective and even institutional choice this book offers a new framework for reconciling effective administration with the requirements of democratic government instead of thinking in terms of organizational structure and management kettl suggests administrators and theorists need to focus on governance or links between government and its broader environment political social and administrative government is the collection of institutions that act with authority and create formal obligations governance is the set of processes and institutions formal and informal through which social action occurs linking government and governance kettl concludes is the foundation for understanding the theory and practice of government in twenty first century america for making public programs work better and for securing the values on which the american republic has been built

The Transformation of the Inner Man 1982

combining a thorough introduction to the work of nineteenth and early twentieth century italian social theo rist vilfredo pareto with a highly read able english translation of pareto's last monograph generalizations originally published in 1920 this work illus trates precisely how and why demo cratic forms of government undergo decay and are eventually re invigo rated more than any other social scientist of his generation pareto offers a well developed articulate and compelling theory of change based on a newtonian vision of science and an engineering model of social equilibrium in his introduction powers focusses on pareto's intellectual maturation and on his overall theory of society powers describes the various stages of pareto's development as engineer economist political scientist and finally as social ogist he explains how pareto considered himself the einstein of social science and how he introduced the concept of relativity into the social sciences even if such self claims were rarely widely shared the sense of pareto's originality is doubted by few if any contemporary scholars this last and in many ways most penetrating of pareto's briefer works warns of the dangers which can befall demo cratic order it is important because as his final attempt to clarify his ideas it places his earlier works in perspective pareto generates a comprehensive the ory of complex social phenomena
