A Handy Book on Criminal Law

1858

in philip k dick s short story minority report the institution of precrime punishes people with imprisonment for crimes they would have committed had they not been prevented with dick s allegorical inspiration the authors of criminal law and precrime legal studies in canadian punishment and surveillance in anticipation of criminal guilt posit that recent developments in canadian law indicate a trend toward imposing punitive measures at increasingly earlier stages of the prosecutorial process the result is a potentially new field of criminal management that could be characterized as precrime particularly the use of the law as a technology of surveillance and prevention since terror became a justification for intervention the authors note that as risk management logics based in actuarial sciences have shifted to precautionary ones based in administrative sciences the law has responded by developing techniques in the arena of criminal regulation in light of the war on terror the need to ensure security the proliferation of digital data and the development of drones social networking and cloud storage to gather personal data the authors view shifts in criminal investigation the substantive criminal law of sexual expression conduct and work and civil forfeiture as emblematic of precrime populism the unifying theme of these techniques is that they occur prior to state identified crime arise out of a precautionary philosophy and seek to presume or circumvent criminality the book is a provocative read for scholars and students in criminal law policing and surveillance as well as for those interested in how areas of law such as immigration health and anti terrorism are mobilizing the logics of risk and surveillance in new ways that emphasize precaution the authors invite legal scholars to place the analytical lens of precrime on criminal and regulatory practices in canada as well as other western nations across the globe

A Selection of Cases on Criminal Law

1927

this major new text examines the core features of criminal law in all australian jurisdictions it builds upon the trend of recent high court decisions to provide national solutions that will work so far as possible in all australian jurisdictions whether code or common law professor david lanham and his co authors at melbourne law school cover both general principles and specific offences the latter include murder manslaughter abortion and euthanasia assaults threats bodily harm and endangerment offences sexual offences theft and larceny false pretences and deception and offences involving financial advantage benefits and detriments there is significant novelty in the very close analysis of the central role played by defences in assessing criminality this is accompanied by detailed discussion of general topics such as the different forms of criminal liability and preliminary crimes such as attempts incitement and conspiracy there is also a chapter on accomplices including aiding and abetting innocent agency and acting in concert and causation as a basis of joint liability three additional introductory chapters what is a crime the purposes of criminal law and the anatomy of a crime intended particularly for students are available electronically see supplements below

Cases on Criminal Law

2013-01

this coursebook offers an exciting new approach to teaching criminal law to graduate and undergraduate students and indeed to the general public each well organized and student friendly chapter offers historical context tells the story of a principal historic case provides a modern case that contrasts with the historic explains the legal issue at the heart of both cases includes a unique mapping feature describing the range of positions on the issue among the states today examines a key policy question on the topic and provides an aftermath that reports the final chapter to the historic and modern case stories by embedding sophisticated legal doctrine and analysis in real world storytelling the book provides a uniquely effective approach to teaching american criminal law in programs on criminal justice political science public policy history philosophy and a range of other fields

Criminal Law

2013-05-25

twenty five leading contemporary theorists of criminal law tackle a range of foundational issues about the proper aims and structure of the criminal law in a liberal democracy the challenges facing criminal law are many there are crises of over criminalization and over imprisonment penal policy has become so politicized that it is difficult to find any clear consensus on what aims the criminal law can properly serve governments seeking to protect their citizens in the face of a range of perceived threats have pushed the outer limits of criminal law and blurred its boundaries to think clearly about the future of criminal law and its role in a liberal society foundational questions about its proper scope structure and operations must be re examined what kinds of conduct should be criminalized what are the principles of criminal responsibility how should offences and defences be defined the criminal process and the criminal trial need to be studied closely and the purposes and modes of punishment should be scrutinized such a re examination must draw on the resources of various disciplines notably law political and moral philosophy criminology and history it must examine both the inner logic of criminal law and its place in a larger legal and political structure it must attend to the growing field of international criminal law it must consider how the criminal law can respond to the challenges of a changing world topics covered in this volume include the question of criminalization and the proper scope of the criminal law the grounds of criminal responsibility the ways in which offences and defences should be defined the criminal process and its values criminal punishment the relationship between international criminal law and domestic criminal law together the essays provide a picture of the exciting state of criminal law theory today and the basis for further research and debate in the coming years

Criminal Law and Precrime

2017-07-06

foundational texts in modern criminal law presents essays in which scholars from various countries and legal systems engage critically with formative texts in criminal legal thought since hobbes it examines the emergence of a transnational canon of criminal law by documenting its intellectual and disciplinary history and provides a snapshot of contemporary work on criminal law within that historical and comparative context criminal law discourse has become and will continue to become more international and comparative and in this sense global the long standing parochialism of criminal law scholarship and doctrine is giving way to a broad exploration of the foundations of modern criminal law the present book advances this promising scholarly and doctrinal project by making available key texts including several not previously available in english translation from the common law and civil law traditions accompanied by contributions from leading representatives of both systems

Illustrative Cases on Criminal Law

Brown, Farrier, Neal, and Weisbrot's Criminal Laws

2006-01

research suggests that people of all demographics have nuanced and sophisticated notions of justice the core of those judgments is often intuition rather than reason should the criminal law heed what principles are embodied in those deep seated judgments in intuitions of justice and the utility of desert paul h robinson demonstrates that criminal law rules that deviate from public conceptions of justice and desert can seriously undermine the american criminal justice system s integrity and credibility by failing to recognize or meet the needs of the communities it serves professor robinson sketches the contours of a wide range of lay conceptions of what criminals justly deserve touching upon many issues that penal code drafters or policy makers must face including normative crime control culpability grading sentencing justification and excuse defenses principles of adjudication and judicial discretion he warns that compromising the american criminal justice system to satisfy other interests can uncover the hidden costs incurred when a community s notions about justice are not reflected in its criminal laws intuitions of justice and the utility of desert shows that by ignoring the views of justice held by the communities they serve legislators policymakers and judges undermine the relevance of the criminal justice system and reduce its strength and credibility creating a gap between what justice a community needs and what justice a court or law prescribes

American Criminal Law

2022-08-12

the oxford monographs on criminal law and justice series covers all aspects of criminal law and procedure including criminal evidence the scope of the series is wide encompassing both practical and theoretical works this volume is a thematic collection of essays on sentencing theory by leading writers the essays consider several issues affecting the discipline including the underlying justifications for the imposition of punishment by the state areas of sentencing policy that have given rise to particular difficulty such as the sentencing of drug offenders the rationale for discounting sentences for multiple offenders the existence of special sentencing for young offenders and cases where the injury done to the victim is of a different magnitude from what might have been expected and includes various questions about the unequal impact on offenders of different sentencing measures this volume is dedicated to professor andrew von hirsch whose continuing work on sentencing theory provided the stimulus for the collection
