in our typically fast paced life in the 21st century it is not uncommon for people to feel a loss of direction purpose and meaning it would seem that deeper and more fundamental questions about life and the significance of our efforts and busy lives are seldom asked and contemplated in many areas and at different levels there also appears to be a vacuum in inspirational leadership instead of waiting and hoping for others to rise to the challenges of our time we can reflect on our own leadership and commit ourselves to grow as inspirational leaders how well do we lead our own lives our own families how do we ensure that our own flame of inspiration remain strong do we have the ability to inspire others with the various topics in this book i attempt to open up perspectives stimulate thinking and inspire attitudes and behavior that would help to unlock the best in us especially in the context of the workplace and the challenges that we face as a nation it is my hope that this book will be appreciated by students of life in general by those who regard themselves as experienced but not complete leaders as well as aspirant leaders who are eager to lay the right foundations for their leadership challenges in future
