these two letters were written by the man who tried to persuade jesus not to be crucified also wanted to erect three shrines on a mountain top for moses elijah and jesus also was targeted by satan to be sifted separated from the other disciples and whose self confident loyalty was shattered three times within twenty four hours but he had a special place on his lord s prayer list which was undoubtedly a major cause of his transformation from a reed simon into a rock peter which enabled him to be the first pastor not pope of the church and the first preacher of the gospel after pentecost this high calling qualified him to protect both the church from the persecution outside and the gospel from the corruption inside that is why his first epistle majors on suffering and the second on backsliding the latter containing the clearest warning against once saved always saved complacency his boldness led to his own crucifixion upside down at his own request bear this in mind as you read both his pastoral letters

of the bracero program in 1942 in constantly re creating adapting accommodating shaping and creating new meanings of their environments luz maria gordillo emphasizes the gender specific aspects of these situations while other studies of mexican transnational identity focus on social institutions gordillo s work introduces the concept of transnational sexualities particularly the social construction of working class sexuality her findings indicate that many female san ignacians shattered stereotypes transgressing traditionally male roles while their husbands lived abroad when the women themselves immigrated as well these transgressions facilitated their adaptation in detroit placed within the larger context of globalization mexican women and the other side of immigration is a timely excavation of oral histories archival documents and the remnants of three decades of memory
