Sam and the Firefly: Read & Listen Edition

2010-12-01 summary in the middle of a dark and magical forest lived a group of goblins who were much nicer than the ones in scary stories these goblins were friendly liked to cause trouble and felt deeply connected to the beauty of nature the firefly celebration was their favorite holiday it happened once a year and was a beautiful show of unity and wonder between goblins woodland animals and fireflies the firefly festival took place in a clearing in the middle of a forest the huge oak trees there made it look like a natural amphitheater goblins and other creatures of the woods gathered here where the smell of wildflowers and the soft feel of the grass drew them in in order to get ready for the holiday the goblins spent weeks making flower crowns and lanterns out of branches leaves and other natural materials they asked every animal that lives in the forest to join the party from cute chipmunks and bunnies to owls and foxes when the sun went down it cast a warm orange glow over the area where the party start the goblins favorite friend the firefly showing up was without a doubt the best part of the party the shimmering microscopic bugs that showed up added a wonderful touch to the evening s events they were in a secret valley deep in the forest where a field sparkled like a thousand lights that s where the goblins knew how to look for them there were thousands and thousands of fireflies at the party making a beautiful show of moving lights while the goblins played beautiful music on their flutes the fireflies seemed to

dance to the beat making a beautiful orchestra of light and sound some bad goblins like grumble thought it would be a great idea to blow on a firefly to wake it up and make its light shine better the goblins quickly agreed with this idea and soon the whole clearing was lit up with a bright light as if the sky had opened up to join the party as the night went on the firefly led the goblins and other animals of the forest to continue to dance and celebrate the lights gave off a soft comforting light and the air was filled with happiness and joy it was time to say goodbye to the fireflies when the first rays of dawn broke through the trees in the morning the goblins let the fireflies fly feeling both sorry for what they did and thankful for their help as the early morning light came up they stood there and watched the fireflies fly away into the sky the goblins were thrilled and amazed when they got back to their homes in the woods they did this because they were sure that their connection with the firefly and the forest s natural beauty would keep charming them they looked forward to new adventures every day in their magical forest and every night they celebrated the wonderful things that nature had given them beginning with hear once upon a time in a magical forest hidden behind tall old trees there lived a group of helpful goblins the goblins in this story were not at all like the ones in scary books or movies they were nice but at heart they were pranksters and they loved the chance to enjoy the beauty of nature they thought the firefly festival was one of their favorite events the forest was a beautiful and enchanted place where time seemed to move more slowly and every sound of birds singing and leaves rustling held a secret there were goblins watching over this strange place the fact that they lived in such an unusual way showed how much they cared about nature in a world where goblins were usually

thought of as dangerous monsters that lived in the dark this group was a bright example of how good people could be found in the strangest places people in this world often thought of goblins as scary monsters that lived in the dark their gentle nature came from the beautiful woods which was where they wanted to be the goblins days were full of fun things they did that honored the forest s many and varied plants and animals they were the first to rise with the sun and would sing happy songs that could be heard all over the forest for fun they would do things like put nuts in each other s shoes or send each other on treasure hunts to find the most beautiful wildflowers they would do these things while grinning meanly but things weren t always so happy and bright for these goblins their strong belief was that it was their duty to keep the forest and its animals safe these people knew all the secret tracks that went through the thick plants and were always ready to help any animal that needed it this could mean saving a bird that is stuck in a thorny bush or showing a baby rabbit how to get back to its hole the animals in the forest understood that the goblins in this story were not at all like the ones they had read about in scary stories because they did nice things for them the goblins would have lively talks with squirrels and chipmunks and teach them what they knew about the forest old wise owls would visit them and talk to the goblins about the moon and stars as the seasons changed the goblins would change what they did for a living so they could fully enjoy each day during the cool fall days they would get together to pick the ripest apples from the orchards they would fill baskets to the brim with the fruit they had gathered under the harvest moon they would make big leaf piles to jump into and then tell each other stories about the crazy things they had done during the winter when the forest was covered in
