with nostalgia a gentler world of yesteryear do you recall memories of walking down a country road with the smell of new mown hay and honeysuckle wafting on the breezes it recalls the privations and hardships of a great depression and a world at war it recalls the window flags with their white stars representing young americans away from home on foreign battlefields while their country was reeling under the burden of wartime rationing every incident in amy mable is true it was experienced by the author in a long and exciting life treat yourself to a cup of nostalgia

The Republican Text-book for the Campaign of 1880 1880

a lavishly illustrated guide to the magnum opus of the great seventeenth century anatomist master embalmer artist and collector of specimens frederik ruysch 1638 1731 was a celebrated dutch anatomist master embalmer and museologist he is best remembered today for strange tableaux crafted from fetal skeletons and other human remains that flicker provocatively at the edges of science art and memento mori ruysch exhibited these pieces along with hundreds of other artful specimens in his home museum and catalogued them in his lavishly illustrated thesaurus anatomicus this book offers the first english translation of ruysch s guide to his collection along with all the illustrations from the original volume photographs of some his most imaginative extant specimens and more ruysch was at once a brilliant scientist a preternaturally gifted technician an esteemed physician a religious moralizer and an artist whose prime form of expression was the medium of human remains his works were sometimes described as rembrandts of anatomical preparation today they seem so strange that we can hardly believe that they even existed much less that they were so popular in their time his combination of the religious and the scientific the painstakingly accurate and
