advanced readers reviews as a musician when i heard about centofanti s latest book of lyrics via a friend i immediately bought a copy and wow what a marvellous collection of lyrics on so many vital subjects like love women dreams life matters inner feelings i will certainly ask the author for permission to write the music for the lyrics that reached me the most when amazon published this book it grabbed my attention right away from the impacting front cover to the vast number of lyrics 120 covering so many themes with so much love and care for us readers that i derived enormous pleasure from the quality of the musical poetry in my personal view all the

precious lyrics in this book deserve the immediate attention of composers that could embrace the poetic concepts giving them the music sounds most appropriate in accordance with their own inspiration i've read previous poetry books from jorge centofanti which i thoroughly enjoyed the majority of which have remained in my memory as a real treasure for that reason i knew that ordering this new book would be a fascinating way of discovering another exploit of his talent i admire many lyric writers from bob dylan john denver paul mc cartney john lennon leonard cohen and i am now a devoted fan of this poet unknown to me until now i was given this book as a gift from close friends and i am very grateful for such a nice present with so many beautiful deep passionate lyrics

andrew marvell's liminal lyrics the space between is an interdisciplinary study of the major lyric poems of seventeenth century british metaphysical poet andrew marvell the poet and his work have generally proven enigmatic to scholars because both refuse to fit into normal categories and expectations this study invites marvell readers to view the poet and some of his representative lyrics in the context of the anthropological concept of liminality as developed by victor turner and enriched by arnold van gennep jacques lacan and other observers of the in between aspects of experience the approach differs from previous attempts to explain marvell in that it allows multidisciplinary and multi media contexts in a broad matrix of the areas of experience and representation that defy boundaries that blur the line at which entrance becomes exit this study acknowledges that the poems discussed and by implication the entire corpus of marvell's work and the life that produced it derive from a refusal to draw a definite divide in analyzing a small selection of marvell's life and lyrics as explorations of various realms of liminality in word and image readers can see a passageway to the poet's works that never really reaches a destination instead the unlimited possibilities of the journey remain thus the in between aspects of the poet and his poetry actually define his technique as well as his brilliance

they may give the reader the watcher an other kind of angle than usually when reading quite early in the late nineties i fell for an old fashioned high culture poetry but still kept the form of a pop song whether i have achieved something new content wise or it has all been just fooling around i will have to leave for the readers to decide

excerpt from english lyrics from dryden to burns the purest form of the lyric is the song in which words and music cannot be thought of one without the other but unhappily the writing of songs is an art that suffers from a general advance in education the farther away a people moves from the simplicity of early times the less freely do its feelings find natural expression in song nowadays we have almost separated the idea of poetry or at least good poetry from the idea of singing the words that we sing to popular songs we seldom take very seriously and when we desire good lyrics we read them in the works of our great poets it is unfortunate that poetry and

singing are thus separated and it was not always so among our english ancestors of the middle ages there were many traditional ballads of the finest quality written perhaps by wandering minstrels and sung by the common people on all occasions the famous robin hood ballads are among the finest of these old folk songs about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
