finding himself suspended upside down from a burning tree above a pack of ravenous beasts was a bit of a surprise for sevan it had been one heck of a week one minute he d been struggling to meet his corporation targets the next he d been promoted and then he d found himself on a stolen freighter with the resistance on their way to find the president of the system but sometimes stuff like that just happens right when he discovers that the president is really a ball of gas and the corporation is trying to destroy the presidential cruiser on which he s trapped that s when he starts to lose his sense of humour it couldn t possibly get worse or could it if this book was the illegitimate offspring of hitchhiker s guide to the galaxy and star wars they would probably put it up for adoption mastery of the stars is the first novel in the light hearted mastery of the stars space opera series
