cuentos de hadas e historias para niños inteligentes es un libro de cuentos que intenta ayudar a los padres cuando la relación

con sus hijos se vuelve más íntima la hora de acostarse la vida frenética hoy en día lleva a que algunos descuiden este aspecto fundamental y vital de la educación y el crecimiento a menudo se deja a los niños incluso los más pequeños frente a la televisión y solo después de que se duermen son llevados a la cama pero es su curiosidad lo que estimula su inteligencia la televisión la radio y los videojuegos tienen solo una función pasiva no pueden responder tus preguntas los niños necesitan hacer preguntas preguntar por el significado de las palabras que no conocen y entrar en los detalles de una historia con un adulto que los calme y los haga reflexionar sobre la vida los pequeños se quedan dormidos solo gracias al sonido relajante de una voz familiar leyendo sin ser capaces de seguir y entender la historia en su totalidad precisamente por esta razón los cuentos para la hora de dormir se vuelven momentos apreciados que esperan con ansias cada noche te darás cuenta que a menudo querrán escuchar el mismo cuento de hadas de manera habitual siempre atrapando diferentes tonalidades de significado este libro está estructurado en dos niveles para que pueda estar a la altura de las necesidades de niños mayores para activar su imaginación en los prefacios se cuenta una historia sobre personajes de cuentos de hadas leyendo las historias

contenidas en este libro aconsejaría a los padres de niños más pequeños saltarse estos prefacios y leer directamente los cuentos de hadas a menudo se usan palabras complejas y poco comunes a lo largo del libro sirven para fomentar la adquisición del lenguaje aprovechando la curiosidad natural que tienen los niños en las diversas fases de crecimiento al contrario de nosotros los adultos ellos pueden memorizar una palabra con solo oírla y volverla conocimiento activo los variados cuentos de hadas en este libro también están representados con imágenes para estimular la atención elegimos usarlas con diferentes formas y expresiones para estimular el interés de los niños todas las historias contenidas en el libro se sitúan en lugares y tiempos imaginarios con el objetivo de crear la magia que atrae la curiosidad al mismo tiempo se ocupan veladamente de los temas y problemas de nuestro tiempo de allí el nombre del libro *ann sepulveda*
