Commentary on the New Testament 2010-07-01

few new testament topics have been discussed as often and as intensely as q the hypothesized second major source alongside the gospel of mark for the gospels of matthew and luke and the parables and yet no monograph to date has been devoted to considering the parables in q in addition to filling this gap in new testament scholarship dieter t roth addresses the need to move scholarship on both q and the parables forward along methodological and interpretive lines roth considers q not as a text behind matthew and luke that needs to be reconstructed but rather as an intertext between matthew and luke that offered plots characters and images in parables that were taken up by matthew and luke and utilized in their own respective texts in addition roth draws on recent parables research in his examination of the 27 parables in q two spoken by john the baptist one by the centurion and 24 by jesus in order to consider their purpose and function in this early christian text

matthew s gospel is a witness to conflicting interests the leaders of israel are part of the so called retainer class who pursue their own interests by promoting the interests of the roman rulers jesus and the matthaean community on the contrary acts on behalf of the marginalized in society jesus challenges the underlying values of the leaders who contrary to what is expected do not forgive

The Bible Versus the Catechism? 2004-04

how did the author of the gospel of luke intend it to be read in the spiral gospel rob james shows that the assumptions many modern readers bring to the text that it claims to be historically factual or merely regurgitates existing stories are not those of antiquity building on the central insight that it was written for a community who would have used it as their pre eminent text james argues convincingly for a continuous cyclical reading of luke s narrative the evidence for this view and also its consequences can be seen in the gospel s intratextuality context is given at the end of the gospel that informs the beginning and there are countless other intratextual elements throughout the text that are most readily noticeable on a second or subsequent reading this deliberate creative interweaving on the author s part opens up new levels of appreciation and faith for those who read in the way luke s first audience received his work

matthew chose not to write his gospel in chronological order why how does his presentation of the gospel differ from the other three i show that matthew organized his book into fourteen chiasms explain how chiasms work and describe the advantages that matthew afforded the careful reader the contrasts and comparisons of the vertical and horizontal aspects of the chiasms provide the reader with new insights into the events of jesus earthly ministry and examining the peaks of the chiasms provides a ready summary of the author s key events some of which are surprising and take careful thought to see why he stresses them over more familiar events the chiasmic structure aides in memorization due to its ordered pairs and because they can span multiple chapters in one unit allow for a view of the whole story at once the result is a better understanding of the emotions of the disciples and the man on the street at a time when everything they had known was changing daily reading matthew s gospel the way it was written allows the reader a more complete understanding of its message

the gospel of the christ is a clear biblical reply to the question of what a person must believe about jesus christ to possess eternal life while christianity has historically maintained that faith in jesus christ is essential for everlasting life this raises the vital question what is the necessary content of this faith written against the backdrop of the controversy within free grace circles over the crossless gospel and the contents of saving faith thomas stegall goes well beyond a carefully documented analysis of his own movement the gospel of the christ provides a systematic exegetically based treatment of biblical teaching on the subject of the gospel and the meaning of the title the christ the end result is a comprehensive biblical and theological study of jesus christ s person and work in the contents of saving faith
