**Improved Security Vetting for Aviation Workers Act of 2015** 2015 does gender make a difference to the way the judiciary works and should work or is gender blindness a built in prerequisite of judicial objectivity if gender does make a difference how might this be defined these are the key questions posed in this collection of essays by some 30 authors from the following countries argentina cambodia canada england france germany india israel italy ivory coast japan kenya the netherlands the philippines south africa switzerland syria and the united states the contributions draw on various theoretical approaches including gender feminist and sociological theories the book s pressing topicality is underlined by the fact that well into the modern era male opposition to women s admission to and progress within the judicial profession has been largely based on the argument that their very gender programmes women to show empathy partiality and gendered prejudice in short essential qualities running directly counter to the need for judicial objectivity it took until the last century for women to begin to break down such seemingly insurmountable barriers and even now there are a number of countries where even this first step is still waiting to happen in all of them there remains a more or less pronounced glass ceiling to women s judicial careers

**Just Peace After Conflict** 2020-09-05 this book explores the powers activities and accountability of mi5 from the end of the second world war to 1964 it argues that mi5 acted with neither statutory authority nor statutory powers and with no obvious forms of statutory accountability it was established as a counter espionage agency yet was beset by espionage scandals on a frequency that suggested if not high levels of incompetence then high levels of distraction and the squandering of resources the book addresses the evolution of mi5 s mandate after the second world war which set out its role and functions and to a limited extent the lines of accountability the surveillance targets of mi5 and the surveillance methods that it used for this purpose with a focus in two chapters on mps and lawyers respectively the purposes for which this information was used principally to exclude people from certain forms of employment and the accountability of mi5 or the lack thereof for the way in which it discharged its responsibilities under the mandate as lawyers the authors concern is to consider these questions within the context of the rule of law one of the core principles of the british constitution the values of which it was the duty of the security service to uphold based on extensive archival research it suggests that mi5 operated without legal authority or exceeded the legal authority it did have
