this new edition includes numerous printed sanskrit texts and works and three indian journeys the author had undertaken all the words are arranged etymologically and philologically with special reference to cognate indo european languages

A Sanskrit-English Dictionary

1872

the present dictionary is designed to meet the long felt need of the english knowing reader who is interested in the study of classical as well as modern sanskrit it covers a very large field epics such as the ramayana and mahabharata puranas and upapuranas smrti and niti literature darsanas or systems of philosophy such as nyaya vedanta mimamsa sankhya and yoga grammar rhetoric poetry in all its branches dramatic and narrative literature mathematics medicine botany astronomy music and other technical or scientific branches of learning thus it embraces all words occurring in the general post vedic literature it includes most of the important terms in grammar it gives quotations and references to the peculiar and remarkable meaning of words especially such as occur in books prescribed for study in the indian and foreign universities it also renders explanation of important technical terms occurring in different branches of sanskrit learning to add to its usefulness

A Sanskrit-English Dictionary

1872

this invaluable classic serves far too well the needs of researchers and lovers of sanskrit it includes well over 180000 words

A Sanskrit-English Dictionary

1899

the present dictionary is designed to meet the long felt need of the english knowing reader who is interested in the study of classical as well as modern sanskrit it covers a very large field epics such as the ramayana and mahabharata puranas and upapuranas smrti and niti literature darsanas or systems of philosophy such as nyaya vedanta mimamsa sankhya and yoga grammar rhetoric poetry in all its branches dramatic and narrative literature mathematics medicine botany astronomy music and other technical or scientific branches of learning thus it embraces all words occurring in the general post vedic literature it includes most of the important terms in grammar it gives quotations and references to the peculiar and remarkable meanings of words especially such as occur in books prescribed for study in the indian and foreign universities it also renders an explanation of important technical terms occurring in different branches of sanskrit learning to add to its usefulness the work includes three appendices there are in existence no doubt excellent sanskrit english dictionaries

compiled by eminent scholars like monier williams h h wilson v s apte and l r vaidya but their bulkiness and cost prohibit a large number of users from enjoying an advantage so necessary in their study of sanskrit there is therefore a crying need for one which supplies everything required by an average reader and which is at the same time characterized by brevity and cheapness the present compilation is intended to serve this purpose the author in this handy work has kept out sanskrit words that are less commonly used and has tried to avoid all technicalities as well as words that can easily be seen as simple derivatives of some given words thus he has been able to reduce the bulk of the dictionary without compromising its usefulness

The Student's Sanskrit-English Dictionary

1988

the great development of the study of sanskrit during the later half of the 19th century has necessitated a reverse dictionary for all those scholars who devoted themselves to the social religious and intellectual study of india and indians realising this the author set ot work upon planning this dictionary 1843 51 basing primarily on amarkosa riddle s english latin dictionary prof wilson s sanskrit english dictionary the marathi dictionary of captain molesworth in addition to the code of manu works of kalidasa ramayana and mahabharata with the collaboration of other scholars

A Sanskrit-English Dictionary

1891

this dictionary has been undertaken to supply a want long felt by the student of a complete and at the same time cheap sanskrit english dictionary very little need i think be said with regard to the necessity of bringing out a work like this when the study of sanskrit has received such a strong impetus during the last twenty five years there have been four or five sanskrit english dictionaries published till now but very few of them fulfil the two essential conditions of the popularity and usefulness of such works satisfying all the requirements of students and at the same time being within their easy reach the dictionaries of professors wilson and monier williams are very useful and valuable works but their prices particularly of the latter are prohibitively high and they do not also meet many of the most ordinary wants of sanskrit readers a student while reading sanskrit at school or college generally expects that the dictionary which he uses will give will give appropriate equivalents for such words and compound expressions as may have peculiar meanings or shades of meaning in particular passages

1893

excerpt from a sanskrit english dictionary based upon the st

petersburg lexicons with regard to the contents and arrangement of this book i have but little to add at first sight it appears to be nothing but a list of sanskrit words put in alphabetical order and confronted with their english equivalents such a compilation little as it may seem would be much if it were made with the correctness and accuracy required by the matter whether i have succeeded in attaining this aim and rendering my book at least from this point of view useful to the class of readers for which it is destined actual experience must show i hope however it will be acknowledged that i have always endeavoured not only to put together words with words but also to give the full development and connection of meanings from their first radical origin up to the various ramifications which appear in the texts enumerated above or are of universal interest here we must of course distinguish between the old simple words and the comparatively younger derivatives and compounds which generally are easy and transparent enough to admit of an insight into their origin and growth even by the help of a simple translation this is also the reason why i abstained from giving a formal analysis of words such as would in each individual case trace the compound back to its constituent parts and the simple word to its root or stem in the first place nine tenth of all cases are so clear in themselves that even for the beginner if he only has worked his way through the euphonic rules and the elements of word formation they need no explanation whatever the last tenth on the other hand offers numerous difficulties which it would be impossible to remove without altogether changing the elementary character of this book there are moreover two excellent guides through this domain of studies whitney s

roots and lanman s reader of which the one furnishes ample material for sanskrit and the other for comparative etymology so that a book which in a certain degree is intended to be a completion or continuation of both may well be for the most part restricted to purely lexicographic matter about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

A Sanskrit-English Dictionary

1951

the present dictionary is a practical exercise in word compilation to facilitate the study of sanskrit language based on webster s complete english dictionary it includes general terms of all sciences and such technical terms as could be duly represented by sanskrit equivalents actually existing in that language besides the general vocabulary quotations from the works of famous authors have been inserted to render the connotation of a word easily intelligible it is also designed to help scholars translate any passage from english

into sanskrit

The Practical Sanskrit-English Dictionary

1958

offers a compact reference for beginning and intermediate level students of sanskrit the ancient literary language of india and the sacred language of the hindu religion

The Practical Sanskrit-English Dictionary

1998

sanskrit non translatables is a path breaking and audacious attempt at sanskritizing the english language and enriching it with powerful sanskrit words it continues the original and innovative idea of nontranslatability of sanskrit first introduced in the book being different for english readers this should be the starting point of the movement to resist the digestion of sanskrit into english by introducing loanwords into their english vocabulary without translation the book presents a thorough mechanism of the process of digestion and examines the loss of adhikara for sanskrit because of translating its core ideas into english the movement launched by this book will resist this and stop the programs that seek to turn sanskrit into a dead language by translating all its treasures to render it redundant it discusses fifty four

non translatables across various genres that are being commonly mistranslated it empowers english speakers with the knowledge and arguments to introduce these sanskrit words into their daily speech with confidence every lover of india s sanskriti will benefit from the book and become a cultural ambassador propagating it through routine communications
