Confronting the Classics

2013-03-07

mary beard is one of the world's best known classicists a brilliant academic with a rare gift for communicating with a wide audience both through her tv presenting and her books in a series of sparkling essays she explores our rich classical heritage from greek drama to roman jokes introducing some larger than life characters of classical history such as alexander the great nero and bouicca she invites you into the places where greeks and romans lived and died from the palace at knossos to cleopatra's alexandria and reveals the often hidden world of slaves she takes a fresh look at both scholarly controversies and popular interpretations of the ancient world from the golden bough to asterix the fruit of over thirty years in the world of classical scholarship confronting the classics captures the world of antiquity and its modern significance with wit verve and scholarly expertise

Confronting the Classics: Traditions, Adventures, and Innovations

2013-09-09

a national book critics circle award finalist this is the

perfect introduction to classical studies and deserves to become something of a standard work. Observer Mary Beard, drawing on thirty years of teaching and writing about Greek and Roman history, provides a panoramic portrait of the classical world: a book in which we encounter not only Cleopatra and Alexander the Great, Julius Caesar and Hannibal, but also the common people, the millions of inhabitants of the Roman Empire: the slaves, soldiers, and women. How did they live? Where did they go if their marriage was in trouble or if they were broke or perhaps just as important, how did they clean their teeth effortlessly? Combining the epic with the quotidian, Beard forces us along the way to reexamine so many of the assumptions we held as gospel. Not the least of them: the perception that the Emperor Caligula was bonkers or Nero a monster with capacious wit and verve. Beard demonstrates that far from being carved in marble, the classical world is still very much alive.

The Hero Reloaded

2020-03-15

what was a hero in classical antiquity why is it that their characteristics have transcended chronological and cultural barriers while they are still role models in our days how have their features changed to be embodied by comic superheroes and film how is their essence vulgarized and turned into a mass consumption product what has happened with their literary and artistic representation along centuries of elitist western culture this book aims at posing these and other questions about heroes allowing us to open a cultural reflection over the role of the classical world in the present its meaning in mass media and the capacity of the greek and roman civilizations to dialogue with the modern world this dialogue offers a glimpse into modern cultural necessities and tendencies which can be seen in several aspects such as the hero's vulnerability the archetype's banalization the possibility to extend the heroic essence to individuals in search of identities vital as

well as gender or class identities in some products videogames heavy metal music our research enables a deeper understanding of the hero's more obvious characteristics such as their physical and moral strength all these tendencies contemporary and consumable contradictory with one another yet vigorous above all acquire visibility by means of a polyhedral vehicle which is rich in possibilities of rereading and reworking the greco roman hero in such a virtual and postmodern world as the one we inhabit it comes not without surprise that we still resort to an idea like the hero which is as old as the west

Cicero's Catilinarians

2020-06-11

the catilinarians are a set of four speeches that cicero while consul in 63 bc delivered before the senate and the roman people against the conspirator catiline and his followers or are they cicero did not publish the speeches until three years later and he substantially revised them before publication rewriting some passages and adding others all with the aim of justifying the action he had taken against the conspirators and memorializing his own role in the suppression of the conspiracy how then should we interpret these speeches as literature can we treat them as representing what cicero actually said or do we have to read them merely as political pamphlets

from a later time in this the first book length discussion of these famous speeches d h berry clarifies what the speeches actually are and explains how he believes we should approach them in addition the book contains a full and up to date account of the catilinarian conspiracy and a survey of the influence that the story of catiline has had on writers such as sallust and virgil ben jonson and henrik ibsen from antiquity to the present day

Classical Reception and Children's Literature

2018-01-30

reception studies have transformed the classics many more literary and cultural texts are now regarded as valid for classical study and within this process of widening children s literature has in its turn emerged as being increasingly important books written for children now comprise one of the largest and most prominent bodies of texts to engage with the classical world with an audience that constantly changes as it grows up this innovative volume wrestles with that very characteristic of change which is so fundamental to children s literature showing how significant the classics as well as classically inspired fiction and verse have been in tackling the adolescent challenges posed by metamorphosis chapters address such themes as the use made by c s lewis in the horse and his boy of apuleius the golden ass how ovidian myth

frames the narnia stories classical nonsense in edward
lear pan as a powerful symbol of change in children s
literature for instance in the wind in the willows the
transformative power of the orpheus myth and how
works for children have handled the teaching of the
classics

2023-09-14

this volume gathers papers written by archaeologists utilising the methods of historical materialism attesting not only to what marxism has contributed to archaeology but also to what archaeology has contributed and can contribute to marxism as a method for interpreting the history of humanity the book s contributors consider the question of what archaeology can contribute to a historical perspective on the overcoming of present day capitalism synthesising developments in world archaeology and supplying concrete case studies of the archaeology of the americas europe and the near east contributors are guillermo acosta ochoa marcus bajema bernardo gandulla alex gonzales panta pablo jaruf vicente lull savas michael matsas rafael micó ianir milevski patricia pérez martínez cristina rihuete herrada roberto risch steve roskams henry tantaleán marcelo vitores and louann wurst

Portraying Cicero in Literature, Culture, and Politics

2022-02-21

cicero has played a pivotal role in shaping western culture his public persona his self portrait as model of

roman prose philosopher and statesman has exerted a durable and profound impact on the educational system and the formation of the ruling class over the centuries joining up with recent studies on the reception of cicero this volume approaches the figure of cicero from a biographical more than philological perspective and considers the multiple ways by which different ages reacted to cicero and created their ciceros from cicero s lifetime to our times it focuses on how the image of cicero was revisited and reworked by intellectuals and men of culture who eulogized his outstanding oratorical and political virtues but not rarely questioned the role he had in roman politics and society an international group of scholars elaborates on the figure of cicero shedding fresh light on his reception in late antiquity humanism and renaissance enlightenment and modern centuries historians literary scholars and philosophers as well as graduate students will certainly profit from this volume which contributes enormously to our understanding of the influence of cicero on western culture over the times

The Bible in a Disenchanted Age (Theological Explorations for the Church Catholic)

2018-01-02

in our increasingly disenchanted age can we still

regard the bible as god's word why should we consider it trustworthy and dare to believe what it says top old testament theologian r w l moberly sets forth his case for regarding the bible as unlike any other book by exploring the differences between it and other ancient writings he explains why it makes sense to turn to the bible with the expectation of finding ultimate truth in it offering a robust apology for faith in the god of the bible that's fully engaged with critical scholarship and compatible with modern knowledge

Late Hellenistic Greek Literature in Dialogue

2022-04-27

late hellenistic greek literature both prose and poetry stands out for its richness and diversity recent work has tended to take an author by author approach that underestimates the interconnectedness of the literary culture of the period the chapters assembled here set out to change that by offering new readings of a wide range of late hellenistic texts and genres including historiography geography rhetoric and philosophy together with many verse texts and inscriptions in the process they offer new insights into the various ways in which late hellenistic literature engaged with its social cultural and political contexts while interrogating and revising some of the standard narratives of the relationship between late hellenistic

and imperial greek literary culture which are too often studied in isolation from each other as a whole the book prompts us to rethink the place of late hellenistic literature within the wider landscape of greek and roman literary history

Echolands

2023-04-06

a masterly evocation of the bloodiest year in british history alice roberts evocative authoritative rich storytelling cat jarman an engaged informed companion for the armchair time traveller captures the thrill and the difficulties of interpreting the past tils duncan has written a masterpiece a journey and an investigation that fuses landscape and history chasing the echoes of boudica s rebellion and finding its physical traces that still surround us today nicholas crane a brilliant imagining of the past mackay s knowledge is profound but lightly worn his writing elegant and witty and his enthusiasm infectious a joy to read dr harry sidebottom university of oxford author of the mad emperor mackay s journey into the past is hugely enjoyable bbc history magazine the places that mackay visits traverses and dwells in are vividly described as a conscious attempt to revive the past there are real moments of joy and insight history today almost 2000 years ago boudica led the greatest rebellion britain has ever seen within the space of a single blood soaked year she united the tribes to

deliver blow after devastating blow to the roman regime culminating in a brutal decisive battle archaeologist duncan mackay has spent a lifetime on the trail of boudica beginning near his home in norfolk in the heart of boudica s tribal territory he embarks on a journey in the footsteps of romans and britons exploring their villages towns forts and roads the passage of two millennia has buried the world that boudica knew but duncan finds that its echoes and physical traces still surround us as long as you know where to look the armies marched along the roads we still use and died in their thousands in towns cities and countryside where we still live today the site of boudica s last battle was long believed be lost to time but the threads of the story all pull towards one remarkable forgotten little corner of the english landscape from the breckland of norfolk to the back streets of colchester from the remotest corner of anglesey to the depths of the london underground duncan takes us back two thousand years to retell the story of britain s bloodiest year fusing ancient history modern excavation landscape exploration and vivid reconstruction echolands weaves the long lost tapestry of boudica s war
