## **The Christian's Handbook of Psychiatry 1971**

this book is written for committed christians it is intended to help those people who would call themselves born again christian believers and who partly because of their personal spiritual experiences have difficulty understanding or accepting the facts of mental illness or emotional disorders many have believed that

somehow their newfound relationship with god should necessarily protect them from emotional illness which is regarded as sin or a punishment for sin many have also believed that prayer repentance and bible study without human help can cure all such problems very often they can but not always sometimes god uses human means to aid his healing process
