# The Legend of King Arthur and His Knights

2013-04-08

King Arthur is a legendary British leader who according to medieval histories and romances led the defense of Britain against Saxon invaders in the early sixth century. The details of Arthur's story are mainly composed of folklore and literary invention and his historical existence is debated and disputed by modern historians. The sparse historical background of Arthur is gleaned from various sources including the *Annales Cambriae*, the *Historia Brittonum*, and the writings of Gildas. Arthur's name also occurs in early poetic sources such as *Y Gododdin*. The legendary Arthur developed as a figure of international interest largely through the popularity of Geoffrey of Monmouth's fanciful and imaginative 12th-century *Historia Regum Britanniae*, *History of the Kings of Britain*. However, some Welsh and Breton tales and poems relating the story of Arthur date from earlier than this work. In these works, Arthur appears either as a great warrior defending Britain from human and supernatural enemies or as a magical figure of folklore, sometimes associated with the Welsh otherworld *Annwn*. How much of Geoffrey's *Historia*, completed in 1138, was adapted from such earlier sources rather than invented by Geoffrey himself is unknown, although the themes, events, and characters of the Arthurian legend varied widely from text to text and there is no one canonical version. Geoffrey's version of events often served as the starting point for later stories. Geoffrey depicted Arthur as a king of Britain who defeated the Saxons and established an empire over Britain, Ireland, Iceland, Norway, and Gaul. In fact, many elements and incidents that are now an integral part of the Arthurian story appear in Geoffrey's *Historia*, including Arthur's father Uther Pendragon, the wizard Merlin, the sword Excalibur, Arthur's birth at Tintagel, his final battle against Mordred at Camlann, and final rest in Avalon. The 12th-century French writer Chrétien de Troyes, who added Lancelot and the Holy Grail to the story, began the genre of Arthurian romance that became a significant strand of medieval literature. In these French stories, the narrative focus often shifts from King Arthur himself to other characters such as various knights of the Round Table. Arthurian literature thrived during the Middle Ages but waned in the centuries that followed until it experienced a major resurgence in the 19th century. In the 21st century, the legend lives on not only in literature but also in adaptations for theatre, film, television, comics, and other media. The Sir James Knowles version of King Arthur is considered as the most accurate and well-known original story of King Arthur and the Knights of the Round Table.

## *The Story of King Arthur and His Knights*

2021-09-02

*Le Morte d'Arthur* is at its core a story of the life of King Arthur and the Knights of the Round Table. The central themes of destiny, identity, and the ideal quest drive the tales, which move from the formation of Arthur's England through its tragic demise. Interspersed throughout the story are a

variety of colorful characters and circumstances which illustrate the important moments in the history of his kingdom at the beginning of the epic uthur pendragon is king of all england he lusts after igraine wife of the duke of tintagil they eventually conceive a child together named arthur who is raised by a surrogate family and is prophesized by the sorcerer merlin to become high king and to unite the kingdom chaos ensues after the death of uthur and the throne remains empty until a young arthur pulls the sword excalibur from a stone which makes him king of all england naturally there is dissention among the other lesser kings who think arthur is unworthy of his position this leads to war and young king arthur prevails meanwhile arthur learns his true identity and accepts his fate unfortunately he has already conceived a child with his half sister the child mordred is destined to destroy arthur and his kingdom in the meantime king arthur establishes a code of ethics for the knights of the round table which helps maintain the peace of the kingdom until it is unfortunately divided from within
