**the overcoming bulimia workbook your comprehensive step  
by step guide to recovery**  
~~clear and comprehensive explanations with a wealth of~~  
practice opportunities and builds the skills that  
students will need to succeed track students progress  
in the new linear gcse course through a brand new  
innovative assessment framework teaching is organised  
into four semesters that function as checkpoints each  
spread starts with language and ideas at a lower level  
and increases in complexity engaging students of all  
ability levels key concept spreads highlight concepts  
that students must grasp before they can move on  
stipulated practicals spreads in each chapter build and  
test students development of the appropriate skills e g  
analysing evaluating and applying to different contexts  
maths skills are embedded throughout the book and  
tested at the appropriate level real life contexts and  
applications are included to show the students the  
relevance of the concepts they are studying prepare  
students for the demands of the new specification with  
differentiated questions worked examples and lots of  
opportunities to practice co teach both foundation and  
higher tier with a single book the higher only content  
is clearly flagged
