cost accounting

Jan 21 2024

Cost Accounting 2021-10-4 cost accounting is the reporting and analysis of a company's cost structure. Cost accounting involves assigning costs to cost objects that can include a company's products, services, and any other resources used in the production process.

about cost accounting

Dec 20 2023

Cost accounting is a process in which you allocate actual and budgeted costs of operations, departments, products, and projects to analyze the profitability of your company workflow. In cost accounting, cost accounting has the following main components: cost types, cost centers, and cost objects; cost entries and cost journals; cost allocations; and cost budgets.
