The 108th Training Command 2010 spock data worf b elanna torres seven of nine odo michael burnham soji many of star trek s most beloved characters are children of two worlds the products of competing biologies materials and cultures their popularity is unsurprising authors mine conflicted identities for dramatic effect and viewers see their own struggles reflected in the challenges of individuals who never seem to quite fit in this book demonstrates that the tradition is not new spock and his fellow hybrids have their roots in anti slavery literature abolitionist authors introduced protagonists who were both black and white yet not fully accepted as either divided at their core the attempts of these noble yet tortured individuals to bridge their two races inevitably ended in tragedy gene roddenberry and his successors thrust the character type into the future using it to explore the evolving racial attitudes of their times star trek s tragic hybrids have asked audiences to see beyond color to embrace multiculturalism to accept mixed race identity and finally to acknowledge the consequences of systemic oppression

The Patriotic Consensus 2014-09-29 the role of business in global governance is now widely recognized but exploration of its role in global financial governance has been more haphazard than systematic this book provides the first comprehensive analysis of the role of transnational financial associations tfas in the organization of global finance this book develops three theoretical themes of assemblage functionality and power as enrolment these themes challenge approaches that treat financial power as emanating from a single location or force whilst existing approaches tend to treat tfas as irrelevant or as merely transmitting power originating elsewhere this book argues that power must be created by painstakingly assembling actors networks and objects that are often quite autonomous and working at cross purposes to one another a process in which tfas play a central role the book explores these themes in chapters examining the roles of tfas in interacting with public authorities constructing global financial markets and creating financial communities the authors additionally analyse the roles of tfas in the european union in the global south and in promoting goals other than profitability including islamic finance microfinancing savings banks and cooperatives making a distinctive contribution to our understanding of global finance and global governance transnational financial associations and the governance of global finance is an important book for students and scholars of international political economy finance global governance and international relations
