A Life in Our Times 2019-07-31 in his memoirs john kenneth galbraith recalls amusingly even brilliantly the important and low moments in his life the men and women he met who were great only interesting entertaining or even absurd galbraith studied agriculture in his native canada and agricultural economics at uc berkeley he taught at the university of california served briefly in fdr s administration and went on to harvard in cambridge england he discovered the new economics of john maynard keynes during world war ii in washington he held the key job of organizing and administering the system of wartime price controls after the war galbraith directed the survey that interrogated former nazi leaders to assess the effects of the air war on the german economy he then worked for the state department as administrator for economic affairs in the occupied countries and served as an editor of fortune when the magazine employed some of the best writers around galbraith returned to harvard in 1948 and wrote three of the most influential books on economics of his time the affluent society the new industrial state and economics and the public purpose in these lively memoirs the author relates all of this and more his two major political campaigns with adlai e stevenson for whom he was adviser and speech writer and john f kennedy for whom he campaigned across the country his years as ambassador in india and his long opposition to the vietnam war and he shares the lessons learned from these experiences on every subject mr galbraith is succinct and witty the book is full of strong opinion and proceeds by the vehicle of anecdote the serious business of the book is to trace the steps of its author s astonishingly varied and useful life mr galbraith s vigor of expression as well as an account of a period of gloom and psychotherapy prevents the writing from ever sounding impersonal that serious business is also to set the record straight on what his books were about and how he evolved his theory of the affluent society and the new industrial state as two of his most important works were named on why the bombing of germany during world war ii was less than useless why it was patently unnecessary to wage atomic warfare on japan and why he came to be a dissenter on the war in vietnam on inflation on the secular priesthood that once presided at the state department and enchantingly on such movers and shakers he came to know well as the new dealer leon henderson paul baran the most interesting economist i have ever known bernard m baruch adlai e stevenson john f kennedy and lyndon b johnson christopher lehmann haupt the new york times as a raconteur and a literary stylist galbraith stands with the best as entertainment the book is a total success its charm comes from the combination of mr galbraith s smooth comic timing and his not always charitable wit james fallows the new york times galbraith ranks with the most entertaining and provocative political writers in america in this century without galbraith the political literature of our time would be far drearier gaddis smith foreign affairs galbraith has assembled a well nigh complete record of what he has been up to professionally at least since leaving his family s ontario farm the account is fascinating the narrative consistently holds the distinctive galbraith style that makes all his books read like a nippy breeze geoffrey colvin christian science monitor absorbing and irresistible the new yorker an enjoyable book full of fun full of wisdom and full of rare insights into the history of our times the new republic a delightfully teeming book galbraith s comic voice is a distinctive and durable literary achievement atlantic monthly a highly perceptive commentary on all our yesterdays anecdotal amusing animated and above all illuminating john barkham reviews

In Our Time 2009 melvyn bragg s in our time series regularly enlightens and entertains substantial audiences on bbc radio 4 for this book he has selected episodes which reflect the diversity of the radio programmes and takes us on an amazing tour through the history of ideas from philosophy physics and history to religion literature and biology we can discover the reasons for the fall of the byzantine empire and why women were persecuted as witches in the seventeenth century what happened in the peasants revolt what shape is the origin of life where does our calendar come from we can unearth the influence of great islamic thinkers prime numbers socrates and tectonic plates melvyn bragg orchestrates the ideas of leading academics in each field so that the dynamic and lively discussion from the programmes comes through

through a style known as hemingway s theory of omission iceberg theory according to his biographer michael reynolds among hemingway s canon none is more confusing for its several parts biographical literary editorial and bibliographical contain so many contradictions that any analysis will be flawed hemingway s writing style attracted attention with literary critic edmund wilson saying it was of the first distinction the 1925 edition of in our time is considered one of hemingway s early masterpieces

2021-04-27 in our times is an eclectic collection of short stories which shimmer like butterflies at once original yet showing traces of colour from such writers as chekhov hemingway and borges the panorama of drug addiction homelessness despair first love destroyed ambition and remarkable achievement are witnessed like bright colours in a darkening sky

In Our Time 2020-02-20 melvyn bragg s in our time series regularly enlightens and entertains substantial audiences on bbc radio 4 for this book he has selected episodes which reflect the diversity of the radio programmes and takes us on an amazing tour through the history of ideas from philosophy physics and history to religion literature and biology we can discover the reasons for the fall of the byzantine empire and why women were persecuted as witches in the seventeenth century what happened in the peasants revolt what shape is the origin of life where does our calendar come from we can unearth the influence of great islamic thinkers prime numbers socrates and tectonic plates melvyn bragg orchestrates the ideas of leading academics in each field so that the dynamic and lively discussion from the programmes comes through vividly on the page in our time brings to life the signposts of history the moments that significantly changed the world as we know it and the individuals and ideas that made us what we are today
