The Supreme Court and the Development of Law

2016-08-25

this book illuminates the decision making processes of the us supreme court through an examination of several prisoners rights cases in 1964 the supreme court declined to hear prisoners claims about religious freedom in 2014 the supreme court heard a case that led to the justices unanimous endorsement of a muslim prisoner s religious right to grow a beard despite objections from prison officials in the fifty year span between those two events the supreme court developed the law concerning rights for imprisoned offenders as demonstrated in this book the factors that shape supreme court decision making are well illustrated by prisoners rights cases this area of law illuminates competing approaches to constitutional interpretation behind the scenes interactions among the justices and the manipulation of legal precedents external actors also affect the supreme court and its decisions when the president appoints new justices and congress targets the judiciary with legislative enactments because of the controversial nature of prisoners rights issues these cases serve to illuminate the full array of influences over supreme court decision making

Foulois and the U.S. Army Air Corps, 1931-1935

2016-10-04

this volume offers a critical historical assessment of the negotiation of the treaty on the non proliferation of nuclear weapons npt and of the origins of the nonproliferation regime the npt has been signed by 190 states and was indefinitely extended in 1995 rendering it the most successful arms control treaty in history nevertheless little is known about the motivations and strategic calculi of the various middle and small powers in regard to their ultimate decision to join the treaty despite its discriminatory nature while the npt continues to be central to current nonproliferation efforts its underlying mechanisms remain under researched based on newly declassified archival sources and using previously inaccessible evidence the contributions in this volume examine the underlying rationales of the specific positions taken by various states during the npt negotiations starting from a critical appraisal of our current knowledge of the genesis of the nonproliferation regime contributors from diverse national and disciplinary backgrounds focus on both european and non european states in order to enrich our understanding of how the global nuclear order came into being this book will be of much interest to students of nuclear proliferation cold war history security studies and ir
