The Queen's Choice

1961

who should i choose my brother or my husband when maria s brother asks her to marry the king she agrees since she believes that her brother will soon make a widow of her since he wants the throne for himself in return for her freedom after the marriage she has to spy on her new husband king jonathan but as she learns more about her new husband king jonathan it becomes more and more difficult for her to decide who she should be loyal to she might gain more from siding with her husband in stead of her brother not only freedom to do act as she wishes but perhaps even love if you like a historical medieval love story with an arranged marriage lost of intrigues a bit of fantasy and a happy ending this might be for you the queen s choice is the first book in the series dynasties and desire about a fictive danish medieval court

The Queen's Choice

1841

mei hua once imprisoned as a dragon queen now revels in her newfound freedom scarred by her mistreatment from the dragon studs during her captivity she vows never to choose a mate among them the only man who has ever had her back was joachim that s why she chose him to be her protector the fact that he s the head of the order of the dragonslayers has ruffled a few tail feathers as mei hua prepares for the upcoming queen s conclave where the new dragon queens that have emerged after a centuries old curse was broken will meet together for the first time she should be worried about the threats to her territory instead her desire for justice becomes a dangerous tightrope walk determined to punish the dragon studs and their accomplice queens mei hua s stance challenges the established order making her a target for those clinging to tradition when an assassination attempt is thwarted by joachim and his warriors mei hua is forced into hiding with the very man who should be her adversary but might just be the love she never expected the prospect of love with one of their ancient enemies seems ludicrous yet mei hua is ready to challenge not only the societal norms but also the tyranny imposed by the old queens the queen s choice is a riveting tale of forbidden love dangerous alliances and the quest to reshape a world steeped in tradition

what is a slack ma girdle or a submarino how did white horse whisky get its name or old bawdy barley wine how do you make a really dry martini or beer or champagne the answers to these enquiries and thousands of others are revealed in this unique guide to every kind of alcohol compiled by dedicated drinker and collector of little histories ned halley who is an award winning writer on beer a nationally syndicated wine columnist and author of numerous books on drink in a straightforward a to z format the wordsworth dictionary of drink identifies thousands of individual brewers distillers and winemakers as well as the names of their products the dictionary aims to be of real practical help in locating beers and ciders wines and spirits of every hue to their maker and place of origin here too are descriptive terms used on labels along with the less formal words used by producers and purveyors to promote their products in the market place origins from village breweries to entire wine producing regions are located by nation province and district in many cases there is a mention of when a producer or product was established perhaps a word about the founder or a brief explanation of a curious sounding brand name the book is laced with historical anecdotes a thousand cocktail recipes essays on topics from the guiness dynasty to the principles of brewing from the discovery of distilling to the history of excise duty and illustrated with hundreds of drink labels from all around the world

LSAT For Dummies

1985

mary stuart queen of scots has long been portrayed as one of history s romantically tragic figures devious naïve beautiful and sexually voracious often highly principled she secured the scottish throne and bolstered the position of the catholic church in scotland her plotting including probable involvement in the murder of her husband lord darnley led to her flight from scotland and imprisonment by her equally ambitious cousin and fellow queen elizabeth of england yet when elizabeth ordered mary s execution in 1587 it was an act of exasperated frustration rather than political wrath unlike biographies of mary predating this work this masterly study set out to show mary as she really was not a romantic heroine but the ruler of a european kingdom with far greater economic and political importance than its size or location would indicate wormald also showed that mary s downfall was not simply because of the crisis years of 1565 7 but because of her way of dealing or failing to deal with the problems facing her as a renaissance monarch she was tragic because she was born to supreme power but was wholly incapable of coping with its responsibilities her extraordinary story has become one of the most colourful and emotionally searing tales of western history and it is here fully reconsidered by a leading specialist of the period jenny wormald s beautifully written biography will appeal to students and general readers alike

The Queen's Choice

2001

capital cities have been the seat of political power and central stage for their state s political conflicts and rituals throughout the ages in the modern era they provide symbols for and confer meaning to the state thereby contributing to the invention of the nation capitals capture the imagination of natives visitors and outsiders alike yet also express the outcomes of power struggles within the political systems in which they operate this volume addresses the reciprocal relationships between identity regime formation urban planning and public architecture in the western world it examines the role of urban design and architecture in expressing or hiding ideological beliefs and political agenda case studies include old capitals such as rome vienna berlin and warsaw new ones such as washington dc ottawa canberra ankara bonn and brasília and the european capital brussels each case reflects the authors different disciplinary backgrounds in architecture history political science and urban studies demonstrating the value of an interdisciplinary approach to studying cities
