Reading Reasons 2023-10-10 book bans and challenges frequently make the news but when the reporting ends how do we put them in context the fight against book bans captures the views of dozens of librarians and library science professors regarding the recent flood of book challenges across the united states gathered in a comprehensive analysis of their impact and significance it also serves as a guide to responding to challenges chapter authors provide first hand accounts of facing book challenges and describe how they have prepared for challenges overcome opposition to certain books and shown the value of specific library materials library science faculty with a range of specialties provide relevant background information to bolster these on the ground views together the chapters both articulate the importance of intellectual freedom and demonstrate how to convey that significance to others in the community with passion and wisdom this volume provides a timely and thorough overview of the complex issues surrounding the ongoing spate of book challenges faced by public and school libraries

The Fight against Book Bans 2023-06-30 oprah winfrey is the protagonist of the story to be told here but this book has broader intentions begins eva illouz in this original examination of how and why this talk show host has become a pervasive symbol in american culture unlike studies of talk shows that decry debased cultural standards and impoverished political consciousness oprah winfrey and the glamour of misery asks us to rethink our perceptions of culture in general and popular culture in particular at a time when crises of morality beliefs value systems and personal worth dominate both public and private spheres oprah s emergence as a cultural form the oprah persona becomes clearer as she successfully reiterates some of our most pressing moral questions drawing on nearly one hundred show transcripts a year and a half of watching the show regularly and analysis of magazine articles several biographies o magazine oprah book club novels self help manuals promoted on the show and hundreds of discussions on the oprah winfrey site illouz takes the oprah industry seriously revealing it to be a multilayered textual structure that initiates stages and performs narratives of suffering and self improvement that resonate with a wide audience and challenge traditional models of cultural analysis this book looks closely at oprah s method and her message and in the process reconsiders popular culture and the tools we use to understand it

Oprah Winfrey and the Glamour of Misery 2003-11-05 the scholarship of this book is based upon the personal experience of author benjamin lee wren who taught world civilization for six years at the high school level and 35 years at the university level the book stresses that world civilization should be taught at all levels of academia because due to the innovations of the last hundred years the world has evolved into a global village the author firmly believes that one cannot have a true grasp of history without an active knowledge of geography and how it is affected by terrain climate and neighboring countries key elements discussed are the importance of writing techniques and examples of major systems the foremost philosophies religions and turning points in history down to 1650 major contributions to world civilization recommended source materials for both instructors and students and various methods and techniques for creating and fostering enthusiasm within the classroom

Teaching World Civilization with Joy and Enthusiasm 2004 introducing a posthumanist concept of nostalgia to analyze steadily widening themes of animality home travel slavery

shopping and war in u s literature after 1945 in the anthropocene as climate change renders environments less stable the human desire for place underscores the weakness of the individual in the face of the world in this book ryan hediger introduces a distinctive notion of homesickness one in which the longing for place demonstrates not only human vulnerability but also intersubjectivity beyond the human arguing that this feeling is unavoidable and characteristically posthumanist hediger studies the complex mix of attitudes toward home the homely and the familiar in an age of resurgent cosmopolitanism especially eco cosmopolitanism homesickness closely examines u s literature mostly after 1945 including prominent writers such as annie proulx marilynne robinson and ernest hemingway in light of the challenges and themes of the anthropocene hediger argues that our desire for home is shorthand for a set of important hopes worth defending serious and genuine relationships to places and their biotic regimes and landforms membership in vital cultures human and nonhuman resistance to capital infused forms of globalization that flatten differences and turn life and place into mere resources our homesickness according to hediger is inevitable because the self is necessarily constructed with reference to the material past therefore homesickness is not something to dismiss as nostalgic or reactionary but is rather a structure of feeling to come to terms with and even to cultivate recasting an expansive range of fields through the lens of homesickness from ecocriticism to animal studies and disability studies eco philosophy to posthumanist theory homesickness speaks not only to the desire for a physical structure or place but also to a wide range of longings and dislocations including those related to subjectivity memory bodies literary form and language
