The Handbook of Global Outsourcing and Offshoring

2022-11-10

global sourcing is a complex area and one that managers must get to grips with as business investment in outsourcing continues to climb this book provides invaluable guidance for the reader walking them through the fundamentals of global sourcing to very recent trends including intelligent automation cloud services and crowdsourcing replete with key examples and cases it allows students and managers alike to relate academic theory to practice acting as a roadmap to a rapidly evolving field for the last decade the authors have studied the full spectrum of activities involved in global sourcing from both client supplier and advisory viewpoints their research has shown that while more firms engage in global sourcing activities many of them are still struggling to extract value from sourcing relationships while past research has produced numerous practical frameworks regarding the management of global sourcing of services little of this insight has been put into practice this book addresses such shortcomings by exploring the impact of theory on practice it is important reading for any academic student or practitioner concerned with global

sourcing either from the client or supplier perspective

The Handbook of Global Outsourcing and Offshoring 3rd edition

2015-01-23

now in its third edition this is the only outsourcing and offshoring book to offer a broad but coherent guide to the strategy operations and management of ito and bpo outsourcing and offshoring from how to source new relationships to managing business processes in a national and global context

Collaboration, Learning and Innovation Across Outsourced

Services Value Networks *2015-01-20*

this book collects and reports on the results of a study conducted on the chinese software and services outsourcing sso industry focusing on one of its main players as a key case study two sets of research findings are presented first the knowledge management and communication processes inherent within a highly collaborative software development project between the case study company and one of its long term uk clients are explored and distilled into specific practices second at the organizational level the strategies used by the company to build and exploit capabilities and to dynamically configure resources to promote specific value positions along its outsourced services value networks are identified and discussed the significance of these findings for similar china based global high tech firms and the value of this organizational form in moving closer to the goals of the 2020 enterprise vision are both discussed along with the implications of the findings for eu uk businesses operating in similar digital domains

The Use of Artificial Intelligence in the Public Sector in Shanghai

1989

platform work the matching of the supply of and demand for paid labour through an online platform often depends on workers who operate in a grey area between the archetype of an employee and a self employed worker this important book explores the utility of the international labour organization s existing standards in governing this phenomenon it indicates that despite their relevance many standards have little or no impact the standards apply to the issue but they fail to connect with it the author shows how three ilo conventions the home work convention 1996 no 177 the private employment agencies convention 1997 no 181 and the domestic workers convention 2011 no 189 can be revitalised to have an impact on the platform work debate in the course of the analysis he responds in depth to such questions as the following what are digital labour platforms what does decent work mean did the ilo centenary fundamentally change anything what is the link between private employment services and platform work how do crowdworkers relate to homeworkers and teleworkers are platform workers engaged in domestic work what form could a future ilo standard on platform work take given that the ilo plans to start discussions on a potential future standard for platform work in 2022 this book will prove very useful in highlighting the issues and standards that such discussions should consider research has shown that the techniques and tools of the platform economy have spread far beyond gig work resulting in widespread gigification and restructuring of workplace behaviours and relationships jobs and communities across the world for this and other reasons including the book s detailed analysis of issues not addressed elsewhere labour lawyers in house counsel researchers and policymakers will gain valuable insight into what decent work in the platform economy would require thus greatly broadening the discussion on this difficult to regulate phenomenon

Corporate social responsibility (CSR) is about managing an organization's impact on society and the environment through its operations, products, or services and through its interaction with key stakeholders such as employees, customers, investors, and suppliers. This book addresses how outsourcing can be used as a powerful tool for advancing critical social, economic, and environmental issues on a global basis. Additionally, it examines corporate responsibility policies and practices for outsourcing, including identifying and showcasing policies that our membership have adopted, creating a framework for companies to model new CSR policies, and providing multiple resources for readers. Active for several years within the IAOP is the Corporate Social Responsibility (CSR) Subcommittee of the IAOP Advocacy and Outreach Committee. As an outgrowth of the work of the CSR Subcommittee, the need for an Outsourcing Professional's Guide to CSR was identified from
