by referring to the IB Chinese B syllabus 2023 and HSK Chinese Proficiency Test version 2021 and version 2009 we added more vocabulary and give the HSK classification within each topic. The vocabulary is arranged by HSK v2021 levels. This will give teachers a guidance for difficulty level and allow students to set priority on the vocabulary they should know to read, write or both. It will also help a lot for students to do revision. Combining our 27 years experience in teaching and editing our own materials, here is the life-saving book called by many students for their exams. Grab this unique book. IB Chinese B is a language course offered by the International Baccalaureate (IB) as part of its diploma programme. The course is designed for students who have prior knowledge of Mandarin Chinese and aims to improve their language skills and cultural knowledge. The curriculum includes advanced vocabulary, grammar, cultural understanding, and intercultural communication. There are two levels: Standard Level (SL) and Higher Level (HL), based on students' proficiency in the language.

the program provides students with the skills and knowledge they need to communicate effectively in mandarin and is recognized globally for its high standards and value by universities and employers
