Introduction to Jurisprudence and Legal Theory 2002-08-13

this text lays out a course of study combining the traditional subject matter of jurisprudence with a series of introductions to a variety of other theoretical perspectives it is designed for those taking jurisprudence legal theory courses and political science philosophy and sociology students

Introduction to Jurisprudence and Legal Theory 2002

a new introduction to jurisprudence takes one of the central problems of law and jurisprudence as its point of departure what is the law adopting an intermediate position between legal positivism and natural law this book reflects on the concept of liberal democracy or constitutional democracy in five chapters the book analyses i the idea of higher law ii liberal democracy as a legitimate model for the state iii the separation of church and state or secularism as essential for the democratic state iv the universality of higher law principles v the history of modern political thought this interdisciplinary approach to jurisprudence is relevant for legal scholars philosophers political theorists public intellectuals historians and politicians

A New Introduction to Jurisprudence 2019-03-28

in this revised edition two distinguished philosophers have extended and strengthened the most authoritative text available on the philosophy of law and jurisprudence while retaining their comprehensive coverage of classical and modern theory murphy and coleman have added new discussions of the critical legal studies movement and feminist jurisprudence and they have strengthened their treatment of natural law theory criminalization and the law of torts the chapter on law and economics remains the best short introduction to that difficult controversial and influential topic students will appreciate the careful organization and clear presentation of complicated issues as well as the emphasis on the relevance of both law and legal theory to contemporary society

Introduction to Jurisprudence 1952

in this revised edition two distinguished philosophers have extended and strengthened the most authoritative text available on the philosophy of law and jurisprudence while retaining their comprehensive coverage of classical and modern theory murphy and coleman have added new discussions of the critical legal studies movement and feminist jurisprudence and they have strengthened their treatment of natural law theory criminalization and the law of torts the chapter on law and economics remains the best short introduction to that

difficult controversial and influential topic students will appreciate the careful organization and clear presentation of complicated issues as well as the emphasis on the relevance of both law and legal theory to contemporary society

Philosophy Of Law 1989-12-04

Introduction to Jurisprudence 1979

in an introduction to the philosophy of law roscoe pound shows how philosophy has been a powerful instrument throughout the history of law he examines what philosophy has done for some of the chief problems of the science of law and how it is possible to look at those problems philosophically without treating them in terms of a particular time period the function of legal philosophy writes pound is to rationally formulate a general theory of law which conforms to the interests the general security first and foremost of society marshall derosa writes in his new introduction that in the light of twentieth century judicial politics roscoe pound s philosophy of law has prevailed to a significant extent this book s relevance to appreciating the development of the american legal system in all its complexities including liability law contract law and property law is in itself notable but in terms of understanding the twentieth century development of the american rule of law an introduction to the philosophy of law is indispensable it will make an invaluable addition to the personal libraries of legal theorists philosophers political scientists and historians of american law

Introduction to Jurisprudence 2001

organized around specific questions theses and arguments philosophy of law introducing jurisprudence helps students get to grips with the fascinating yet often complex realm of legal philosophy this comprehensive introduction explores fundamental questions about legal systems legal reasoning and legal concepts covering a wide range of topics in jurisprudence including liability punishment causation discretion precedent constitutional disobedience the rule of law packed with boxed case studies chapter discussion questions guides to further reading a glossary of key terms and online resources for lecturers and

students jeffrey brand guides the reader through ideas in an accessible way philosophy of law is ideal for use as a core textbook or as a companion to a set of primary sources

Philosophy Of Law 1990

understanding jurisprudence provides an illuminating and engaging introduction to the central questions of legal theory it is the perfect starting point for those new to the subject

Introduction to Jurisprudence 1965

this book challenges the usual introductions to the study of law it argues that law is inherently political and reflects the interests of the few even while presenting itself as neutral it considers law as ideology and as politics and critically assesses its contribution to the creation and maintenance of a globalized and capitalist world the clarity of the arguments are admirably suited to provoking discussions of the role of law in our contemporary world this third edition provides contemporary examples to sustain the arguments in their relevance to the twenty first century the book includes an analysis of the common sense of law the use of anthropological examples to gain external perspectives of our use and understanding of law a consideration of central legal concepts such as order rules property dispute resolution legitimation and the rule of law an examination of the role of law in women s subordination and finally a critique of the effect of our understanding of law upon the wider world this book is ideal for undergraduate and postgraduate students reading law

Introduction to Jurisprudence 1968

this is a reproduction of the original artefact generally these books are created from careful scans of the original this allows us to preserve the book accurately and present it in the way the author intended since the original versions are generally quite old there may occasionally be certain imperfections within these reproductions we re happy to make these classics available again for future generations to enjoy

Philosophy of Law 1989-10-01

law is at the heart of every society protecting rights imposing duties and establishing a framework for the conduct of almost all social political and economic activity despite this the law often seems a highly technical perplexing mystery with its antiquated and often impenetrable jargon obsolete procedures and endless stream of complex statutes and legislation in this very short introduction raymond wacks introduces the major branches of the law describing what lawyers do and how courts operate and considers the philosophy of law and its pursuit of justice freedom and equality in this second edition wacks locates the discipline in our contemporary world considering the pressures of globalization and digitalisation and the nature of the law in our culture of threatened security and surveillance about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics

highly readable

An Introduction to the History of Jurisprudence 1860

excerpt from an introduction to the history of jurisprudence bolingbroke has observed that to enable one to take a commanding view of the field of law and legislation there are two principal vantage grounds on which it is necessary to mount history and metaphysics the road is smooth and flowery to that vantage ground offered by history there has been no want of those who have ascended to it and taken post upon it to that which belongs to the region of metaphysics the road is rugged and full of thorns few have attempted to gain it fewer have succeeded in placing themselves in a position whence a view at once clear and extensive could be obtained about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

An Introduction to the Philosophy of Law 2017-11-30

this historic book may have numerous typos and missing text purchasers can usually download a free scanned copy of the original book without typos from the publisher not indexed not illustrated 1883 edition excerpt the power of reciprocal agency their case is not that of a power implied by law from the necessity of the case or from the conduct of the persons concerned their mutual agency is part of their original agreement and consequently continues in force so long as that agreement itself continues the other members of a firm cannot revoke against his will the power of one of their number unless they dissolve the partnership such a revocation would be a contradiction in terms they all have agreed that for certain purposes they all shall be reciprocally agents while that agreement lasts some of them cannot bind the rest of their number by a new agreement to which those others are not parties obligations 3 the second class of combined obligations eorai rights is that of contracts which generate rights in rem in rem as to thing relating to things this class includes bailments hire sale and the contracts which relate to property given as security for pecuniary loans the rights in rem thus produced belong except in certain cases of sale to that division of rights in rem which is known as in re aliend that is the contract does not generate a right of full ownership but only what is called a qualified or limited ownership a partial right in property of which the principal ownership is vested in another the same idea may be expressed in other words if we say that the rights of ownership are divided that the larger portion rests without qualification in one person and the smaller portion rests temporarily and for a certain specific purpose in another person difficult questions sometimes arise as to the precise legal implication of some of these relations when the parties have not fully expressed their intentions but

The Politics of Jurisprudence 1992

this work has been selected by scholars as being culturally important and is

part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
