

Free ebook The philosophy of debt by alexander x douglas (PDF)

i owe you a dinner invitation you owe ten years on your mortgage and the government owes billions we speak confidently about these cases of debt but is that concept clear in its meaning this book aims to clarify the concept of debt so we can find better answers to important moral and political questions this book seeks to accomplish two things the first is to clarify the concept of debt by examining how the word is used in language the second is to develop a general principled account of how debts generate genuine obligations this allows us to avoid settling each case by a bare appeal to moral intuitions which is what we seem to currently do it requires a close examination of many institutions e g money contract law profit driven finance government fiscal operations and central banking to properly understand the moral and political nature of debt we must understand how these institutions have worked how they do work and how they might be made to work there have been many excellent anthropological and sociological studies of debt and its related institutions philosophy can contribute to the emerging discussion and help us to keep our language precise and to identify the implicit principles contained in our intuitions a treasure trove for financial and public policy geeks will also help lay readers go beyond the hit musical in understanding hamilton s lasting significance publishers weekly while serving as the first treasury secretary from 1789 to 1795 alexander hamilton engineered a financial revolution he established the treasury debt market the dollar and a central bank while strategically prompting private entrepreneurs to establish securities markets and stock exchanges and encouraging state governments to charter a number of commercial banks and other business corporations yet despite a recent surge of interest in hamilton us financial modernization has not been fully recognized as one of his greatest achievements this book traces the development of hamilton s financial thinking policies and actions through a selection of his writings financial historians and hamilton experts richard sylla and david j cowen provide commentary that demonstrates the impact hamilton had on the modern economic system guiding readers through hamilton s distinguished career it showcases hamilton s thoughts on the nation s founding the need for a strong central government problems such as a depreciating paper currency and weak public credit and the architecture of the financial system his great state papers on public credit the national bank the mint and manufactures instructed reform of the nation s finances and jumpstarted economic growth hamilton practiced what he preached he played a key role in the founding of three banks and a manufacturing corporation and his deft political maneuvering and economic savvy saved the fledgling republic s economy during the country s first full blown financial crisis in 1792 a fascinating examination of hamiltonian economics the washington times alexander wolf is a notorious and ruthless leader for the mafia he only cared about two things in life money and power which he had both he wasn t afraid to eliminate anything or anyone that gets in the way but everything changed when he saw her the innocent and naive daughter of the man who he almost killed for not repaying his debt she was a sweet little thing who could be the perfect toy to play with until her father s debts were paid will he use her and throw her away just like every other girl or is she one who will finally melt his heart made of ice throughout the eighteenth century hundreds of thousands of men and women were cast into prison for failing to pay their debts credit and debt demonstrates for the first time the fundamental contribution of debt imprisonment to the early modern economy berlin detective jan tommen expected to wake up with a hangover not a murder charge but a well known judge has been brutally killed and hard evidence places jan at the crime scene when disturbing gaps in jan s memory make finding an alibi impossible the case against him looks open and shut faced with life on the inside jan flees police custody to take refuge with an old friend deeply enmeshed in the capital s seedy underworld hampered by a citywide manhunt jan soon finds that investigating leads while eluding capture isn t easy before long he s relying on a team of misfits for help including an icy blonde medical examiner and a brilliant but reclusive computer whiz when a lucky break leads jan to connect the murders to a heinous trafficking ring the team risks it all to find answers meanwhile the body count continues to rise and the police department starts to close in desperate to prove his innocence jan must identify the true killer before his time finally runs out the 18th century was a wealth of knowledge exploration and rapidly growing technology and expanding record keeping made possible by advances in the printing press in its determination to preserve the century of revolution gale initiated a revolution of its own digitization of epic proportions to preserve these invaluable works in the largest archive of its kind now for the first time these high quality digital copies of original 18th century manuscripts are available in print making them highly accessible to libraries undergraduate students and independent scholars delve into what it was like to live during the eighteenth century by reading the first hand accounts of everyday people including city dwellers and farmers businessmen and bankers artisans and merchants artists and their patrons politicians and their constituents original texts make the american french and industrial revolutions vividly contemporary the below data was compiled from various identification fields in the bibliographic record of this title this data is provided as an additional tool in helping to insure edition identification british library t076220 anonymous by alexander montgomerie 10th earl of eglinton sometimes incorrectly attributed to patrick murray 5th baron elibank with a final advertisement leaf edinburgh printed by sands murray and cochran for william gordon 1753 4 26 2 p 8 faneisha fo alexander thought that she d be in debt for the rest of her life at twenty five she found herself with over 78 000 in student loan debt living paycheck to paycheck not understanding how she could have done all of the right things getting two degrees and landing a great job she finally decided to take control of her financial future but after a failed and expensive attempt at hiring a financial adviser she began to educate herself about personal finances by twenty eight she was debt free having paid her for her dream wedding cash and by twenty nine she and her husband purchased their first home faneisha s story is far from rare women are not only attaining higher degrees and climbing the career ladder but they re getting into massive amounts of debt while doing so they find themselves living paycheck to paycheck even though they ve checked all of the boxes and have budding corporate careers dump debt build bank the everyday chick s guide to money teaches you how to get out of debt quickly so that you can start building wealth broken down into actionable tips it allows you to take small actionable steps to improve your financial future delving in the topics of debt reduction money management investing salary negotiations and even business it is easy to understand and relatable journey through faneisha s own personal story as she provides practical tips to dump debt and build bank you ll learn how to stop living from paycheck to paycheck and discover what it means to be financial free when a buddy saves your life you owe him a debt especially if he s dead when a headless corpse bearing a familiar tattoo washes onto a sunny south florida beach paradise turns to hell for private investigator carlos mcrary the mutilated body belongs to a man who saved mcrary s

life a decade prior and half a world away a debt of honor he intends to repay while the police search for the killer mccrary sets out to do what only he can do enact frontier justice against the murderer who tortured and killed his friend facing chinese pla soldiers and the russian american mafia mccrary races to expose an international conspiracy and avenge his friend's death before his own body washes ashore publisher's note dallas gorham combines murder mystery and mayhem with a touch of humor all with a pg 13 rating the carlos mccrary private investigator mystery thriller series can be read and enjoyed in any order readers of hard boiled detective and crime novels will not want to miss this hard hitting pulse pounding series the carlos mccrary murder mystery series six murders too many double fake quarterback trap dangerous friends day of the tiger mccrary's justice yesterday's trouble four years gone debt of honor sometimes you lose sovereign debt is necessary for the functioning of many modern states yet its impact on human rights is underexplored in academic literature this volume provides the reader with a step by step analysis of the debt phenomenon and how it affects human rights beginning by setting out the historical political and economic context of sovereign debt the book goes on to address the human rights dimension of the policies and activities of the three types of sovereign lenders international financial institutions ifis sovereigns and private lenders bantekas and lumina along with a team of global experts establish the link between debt and the manner in which the accumulation of sovereign debt violates human rights examining some of the conditions imposed by structural adjustment programs on debtor states with a view to servicing their debt they outline how such conditions have been shown to exacerbate the debt itself at the expense of economic sovereignty concluding that such measures worsen the borrower's economic situation and are injurious to the entrenched rights of peoples this vital resource is devoted to providing nonpartisan objective analysis of the national debt including leading drivers of the debt the budgetary process and claims and counter claims about national debt benefits and drawbacks this indispensable resource provides readers with a clear and unbiased understanding of the national debt and its relationship to the u s economic system the book addresses the foundations and major elements of america's budgetary process details how government taxing and spending priorities impact the nation's debt explains the difference between deficits and debt and summarizes dominant conservative and liberal economic perspectives on the national debt and related fiscal issues utilizing authoritative resources and accessible lay friendly terminology this book punctures popular myths and misconceptions about the national debt but it also shines a light on the numerous economic social and political drivers of our national conversation about the debt and the ways in which the national debt is likely to influence the lives of future generations of americans at a time when american political discourse often descends into fact free zones of wishful thinking and deceptive claims this book provides information for readers to truly understand the national debt this book outlines how odious debts are not legally binding under international or domestic law contrary to widely held legal opinion how have the most influential political economists of the past three centuries theorized about sovereign borrowing and shaped its now widespread use that important question receives a comprehensive answer in this original work featuring careful textual analysis and illuminating exhibits of public debt empirics since 1700 beyond its value as a definitive authoritative history of thought on public debt this book rehabilitates and reintroduces a realist perspective into a contemporary debate now heavily dominated by pessimists and optimists alike a compelling explanation of the deep seated mechanisms at work in the international credit system from the coauthor of debt the imf and the world bank counterfire for as long as there have been rich nations and poor nations debt has been a powerful force for maintaining the unequal relations between them treated as sacrosanct immutable and eternally binding it has become the yoke of choice for imperial powers in the post colonial world to enforce their subservience over the global south in this ground breaking history renowned economist Éric toussaint argues for a radical reversal of this balance of accounts through the repudiation of sovereign debt since 2008 cadtm has campaigned for a new doctrine of illegitimate illegal odious and unsustainable debt cancellation this doctrine includes considerations of whether the debtor state is democratic whether it respects human rights whether the debt is incurred within the framework of structural adjustments enforced austerity and includes all debts incurred to pay back previous odious debts on grounds of global social justice the debt system makes a strong case for this new doctrine against the current this work has much to commend it it provides detailed analyses of the impact of indebtedness in several nations the author shows that contrary to orthodox arguments debt repudiation can be both justified and successfully carried out i recommend the book wholeheartedly counterfire in the spectacular sequel to genesis 2 the defeat of the alien matriarch link soo shan has united the highly evolved species known as the gnathe with the human race but peace is to be short lived mankind began a new existence on jupiter millions of years after the sun expanded to become a red giant and eradicated all life on earth but they were not alone on their new home the gnathe creatures with an incredibly aptitude for genetic engineering had already established their civilization there and some of them did not welcome their new neighbours led by link soo shan the humans narrowly escaped being made extinct for good with the help of winged beasts known as terra raptors the humans deposed link soo shan and formed a new alliance with the gnathe in genesis debt the science fiction adventure continues as new technologies are discovered and the new colonies attempt to uncover where the gnathe came from and whether they can travel backwards to save earth from its catastrophic fate but in the shadows the rumour of link soo shan's return grows and it is clear that she has her own plans for revenge on the humans and their allies for the greater part of recorded history the most successful and powerful states were autocracies yet now the world is increasingly dominated by democracies in a free nation deep in debt james macdonald provides a novel answer for how and why this political transformation occurred the pressures of war finance led ancient states to store up treasure and treasure accumulation invariably favored autocratic states but when the art of public borrowing was developed by the city states of medieval italy as a democratic alternative to the treasure chest the balance of power tipped from that point on the pressures of war favored states with the greatest public creditworthiness and the most creditworthy states were invariably those in which the people who provided the money also controlled the government democracy had found a secret weapon and the era of the citizen creditor was born macdonald unfolds this tale in a sweeping history that starts in biblical times passes via medieval italy to the wars and revolutions of the seventeenth and eighteenth centuries and ends with the great bond drives that financed the two world wars the term conjugal rights has long characterized ways of speaking about marriage both in the canonistic tradition and in the secular legal systems of the west this book explores the origins and dimensions of this concept and the range of meanings that have attached to it from the twelfth century to the present employing far ranging sources charles reid jr examines the language of marriage in classical roman law the germanic legal codes of early medieval europe and the writings of canon lawyers and theologians from the medieval and early modern periods the heart of the book however consists of the writings of the canonists of the high middle ages especially the works of hostiensis bernard of parma innocent iv and raymond de peafort reid's incisive survey provides a new understanding of subjects such as the right of parties to marry

free of parental coercion the nature of paternal power the place of bodies in the marriage contract the meaning and implications of gender equality and the right of inheritance international debt rescheduling both in earlier epochs and our present one has been marked by a flurry of bargaining in this process significant variation has emerged over time and across cases in the extent to which debtors have undertaken economic adjustment banks or bondholders have written down debts and creditor governments and international organizations have intervened in negotiations debt games develops and applies a situational theory of bargaining to analyze the adjustment undertaken by debtors and the concessions provided by lenders in international debt rescheduling this approach has two components a focus on each actor s individual situation defined by its political and economic bargaining resources and a complementary focus on changes in their position the model proves successful in accounting for bargaining outcomes in eighty four percent of the sixty one cases which include all instances of peruvian and mexican debt rescheduling over the last one hundred and seventy years as well as argentine and brazilian rescheduling between 1982 and 1994 greek debt means one thing to the country s creditors but for millions who prize culture over capital it means the symbolic debt we owe greece for democracy philosophy mathematics and fine art johanna hanink shows that our idealized image of ancient greece dangerously shapes our view of the country s economic hardship and refugee crisis includes the decisions of the supreme courts of alabama florida louisiana and mississippi the appellate courts of alabama and sept 1928 jan 1929 jan mar 1941 the courts of appeal of louisiana this book provides a fresh perspective on resolving sovereign debt disputes within the investor state mediation framework in response to the limitations of traditional approaches to adjudicating public debt issues and the resulting gaps in international law concerning sovereign defaults creditors have increasingly turned to investor state treaty arbitrations to recover unpaid debts however this shift has raised numerous criticisms and concerns accordingly this book explores the uncharted territory of utilizing mediation as a means to settle sovereign debt claims it sheds light on the distinctive characteristics of mediation as a process setting it apart from judicial litigation and private arbitration and emphasizing the unique outcomes it can generate the central argument of this book is that mediation should be seriously considered as a viable option for resolving sovereign debt disputes not only does it offer a more cost effective and expeditious approach but it also has the potential to facilitate economic recovery and sustain continued investment an innovative legal history of economic life in the western indian ocean charting the emergence of a trans oceanic contractual culture a study on problems in american civilization prepared by the department of american studies amherst college the euro was generally considered a success in its first decade nevertheless the unanticipated financial crisis in the summer of 2007 has developed gradually into the worst global economic crisis in post war economic history and a sovereign debt crisis calling into question the endurance of positive externalities under the current form of european economic integration the experience of double dip recessions in the core of the euro area and the occurrence of a deflationary spiral in its southern periphery brings into question the wisdom of fiscal consolidation via austerity in the adjustment programmes adopted to exit the crisis they also put into doubt the adequacy and efficiency of the european economic and monetary union s core elements its political instruments and macroeconomic assumptions as can be seen in the role of the stability and growth pact and the stance of the european central bank the title of this collective volume refers to the country where the european sovereign debt crisis began while its contents concentrate on the extent to which this crisis should be a national or a european concern moreover the focus on greece stimulates discussion about the neglected factor of the shadow economy and the potential to boost government revenue through its successful transfer to the formal economy the chapters address the inefficiencies of both euro area institutions and policies adopted to exit the current predicament experts from several disciplines review the literature and critically evaluate the existence of issues such as contagion effects domino effects deflationary spirals institutional efficiency and the reality of the option to exit the euro area

The Debt System

2012-08-10

this book provides a fresh perspective on resolving sovereign debt disputes within the investor state mediation framework in response to the limitations of traditional approaches to adjudicating public debt issues and the resulting gaps in international law concerning sovereign defaults creditors have increasingly turned to investor state treaty arbitrations to recover unpaid debts however this shift has raised numerous criticisms and concerns accordingly this book explores the uncharted territory of utilizing mediation as a means to settle sovereign debt claims it sheds light on the distinctive characteristics of mediation as a process setting it apart from judicial litigation and private arbitration and emphasizing the unique outcomes it can generate the central argument of this book is that mediation should be seriously considered as a viable option for resolving sovereign debt disputes not only does it offer a more cost effective and expeditious approach but it also has the potential to facilitate economic recovery and sustain continued investment
