just as the previous generation was raised in front of televisions adolescents at the turn of the 21st century are being raised in an internet enabled world where blogs social networking and instant messaging are competing with face to face and telephone communication as the dominant means through which personal interaction takes place unfortunately a small but growing proportion of our youth are being exposed online to interpersonal violence aggression and harassment via cyberbullying the mission of this book is to explore the many critical issues surrounding this new phenomenon key features include the following comprehensive the book provides a comprehensive up to date look at the major issues that teachers school administrators counsellors social workers and parents need to be aware of with respect to cyberbullying identification prevention and response practical while the information is informed by research it is written in an accessible way that all adults will be able to understand and apply expertise justin w patchin and sameer hinduja are co directors of the cyberbullying research center cyberbullying us chapter authors represent a carefully selected group of contributors who have demonstrated both topical expertise and an ability to write about the topic in clear easily accessible language this book is appropriate for teachers administrators parents and others seeking research based guidance on how to deal with the rising tide of cyberbullying issues it is also appropriate for a variety of college level courses dealing with school violence and educational administration

Narratives in Research and Interventions on Cyberbullying among Young People 2019-01-23

parenting internet kids with three key terms slashed together conveys the idea that the practice of parenting may extend both to the internet and to our children to the

extent that both require attention care and forms of regulation and in turn provide support and enjoyment while the triadic title is somewhat playful it also strikes a serious note and introduces layered possibilities we are not simply raising children who have grown up in the internet age but also domesticating technologies by managing the computer relatively young in age too having established itself in homes in the 1980s including perspectives from scholars and parents living in australia canada india japan the uk and the usa the collection examines how the intimate presence of computer technology in our homes and on our bodies affects not only mothers and parenting but family life more broadly

Cyberbullying Prevention and Response 2012-03-28

bullying in prisons can have severe consequences both for those directly involved and for the prison regime as a whole yet the subject has been curiously neglected in the literature in 1993 the prison service introduced their first anti bullying strategy and since then there has been a great deal of research on the subject bullying among prisoners summarises this research and seeks to answer some important questions bullying among prisoners identifies problems in defining and measuring bullying along with proposing guidelines on how research in this field should be conducted the book covers what bullying is how and why it occurs the effects of bullying practical strategies for preventing bullying by outlining a series of interventions that can be employed to address bullying this book will prove an invaluable resource for all those working directly with the perpetrators and victims not only in prisons but also in a range of settings such as regional secure units and special hospitals

Parenting/Internet/Kids: Domesticating Technologies 2022-07-07
