## **A Treatise on the Law and Practice Relating to Infants**

1875

on what basis does tort law hold us responsible to those who suffer as a result of our carelessness why when we breach our contracts should we make good the losses of those with whom we contracted in what sense are our torts and our breaches of contract wrongs these two branches of private law have for centuries provided philosophers and jurists with grounds for puzzlement this book provides an outline of and intervention in contemporary jurisprudential debates about the nature and foundation of liability in private law after outlining the realm of the philosophy of private law the book divides into two part i examines the various components of liability responsibility in private law including the notions of basic responsibility conduct causation and wrongfulness part ii considers arguments purporting to show that private law does and should embody a conception of either distributive or corrective justice or some combination of the two throughout the book a number of distinctions between conceptual and normative argument between jurisprudential theory and private law practice between legal obligation and moral obligation are analyzed the aim being to give students an informed grasp of both the limits and possibilities of the philosophy of private law

## **Law and International Business\_3rd Edition**

2012

this book authored by an international group of scholars focuses on a vibrant central current within the history of russian legal thought how christianity and theistic belief generally has inspired the aspiration to the rule of law in russia informed russian philosophies of law and shaped legal practices following a substantial introduction to the phenomenon of russian legal consciousness the volume presents twelve concise non technical portraits of modern russian jurists and philosophers of law whose thought was shaped significantly by orthodox christian faith or theistic belief also included are chapters on the role the orthodox church has played in the legal culture of russia and on the contribution of modern russian scholars to the critical investigation of orthodox canon law the collection embraces the most creative period of russian legal thought the century and a half from the later enlightenment to the russian emigration following the bolshevik revolution this book will merit the attention of anyone interested in the connections between law and religion in modern times

## **Mason and McCall Smith's Law and Medical Ethics**

2016

the anthology law in society explores how law shapes and is shaped by societies the selections stem from a view of law as an integral part of the wider socio political economy and one of its central institutions the introduction familiarizes students with definitions and explanations of criminal law explores the functions of law and provides an overview of the theories of law covered in the rest of the book the first section of the text examines sources of law natural law theory and the concept of positive or formal law the second section considers the origins of law in social structures and provides an overview of sociology of law the third section is devoted to sources of law and social control such as custom social norms and group processes the final section introduces critical theories of law and considers recent developments in alternative dispute resolution and restorative justice through reading law in society students come to recognize that as a society changes so too do its laws and legal system the book is well suited to courses in criminal justice and sociology as well as those in social or cultural anthropology

## **The Law of Usages and Customs**

1875

derived from the renowned multi volume international encyclopaedia of laws this very useful analysis of constitutional law in belgium provides essential information on the country s sources of constitutional law its form of government and its administrative structure lawyers who handle transnational matters will appreciate the clarifications of particular terminology and its application throughout the book the treatment emphasizes the specific points at which constitutional law affects the interpretation of legal rules and procedure thorough coverage by a local expert fully describes the

political system the historical background the role of treaties legislation jurisprudence and administrative regulations the discussion of the form and structure of government outlines its legal status the jurisdiction and workings of the central state organs the subdivisions of the state its decentralized authorities and concepts of citizenship special issues include the legal position of aliens foreign relations taxing and spending powers emergency laws the power of the military and the constitutional relationship between church and state details are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance its succinct yet scholarly nature as well as the practical quality of the information it provides make this book a valuable time saving tool for both practising and academic jurists lawyers representing parties with interests in belgium will welcome this guide and academics and researchers will appreciate its value in the study of comparative constitutional law

## **Selwyn's Abridgement of the Law of Nisi Prius**

1859
