history happened while you were hungover when you haven t had sex in a long time it feels like the worst thing that could ever happen to anyone if you re living in germany in the 1930s it probably isn t but that s no consolation to egon loeser whose carnal misfortunes will push him from the experimental theatres of berlin to the absinthe bars of paris to the physics laboratories of los angeles trying all the while to solve two mysteries whether it was really a deal with satan that claimed the life of his hero the great renaissance stage designer adriano lavicini and why a handsome clever charming modest guy like him can t just once in a while get himself laid from the author of the acclaimed boxer beetle comes a historical novel that doesn t know what year it is a noir novel that turns all the lights on a romance novel that arrives drunk to dinner a science fiction novel that can t remember what isotope means a stunningly inventive exceptionally funny dangerously unsteady and largely coherent novel about sex violence space time and how the best way to deal with history is to ignore it let s hope the party was worth it
