Contemporary World Television **2004-06-26**

what is happening today in the world of world television with intense commercialization and more open national markets along with technological convergence and greater concentration of ownership the international tv landscape is changing at a bewildering pace and in a host of different ways contemporary world television presents a unique overview of the global issues raised by these transformations in television it looks at how they have affected the public interest and society across the globe and how the role of television as a nation builder is experiencing erosion and evolution the book s host of international expert contributors also examine tv s handling of news and sexual content and its role in military conflicts as well they provide current assessments of how the global trends have diversely affected many different countries regions or language communities outside the anglophone mainstream fully illustrated the book also uses case studies and selected reading guides and thus provides a transparent and accessible but in depth introduction to central developments issues and concerns in contemporary world television

Asylum Seekers and Refugees in the Contemporary World 2006

examining a number of case studies including palestinian afghan and iraqi refugees david j whittaker's book provides a balanced introduction to this very controversial subject fuelled by extensive coverage in the media the issue of asylum seekers and refugees is one of the most talked about subjects in contemporary politics whittaker cuts through the emotive language to give an objective introduction to the subject asylum seekers and refugees in the contemporary world discusses the international as well as national implications of the issue and the book looks in detail at the issue as it has affected britain and europe in particular as well as including material on the un and its response to the refugee problem including a final statement on the british government's 2005 proposals for dealing with refugees this volume is essential reading for all students of the history of the modern world and is ideal for newcomers to the subject

The making of the contemporary world 1997

this book puts forward a new angle of understanding the society of states in the milieu of the contemporary world the absence of a regulatory mechanism i.e. anarchy has been the fundamental issue of international relations this book explains how the normative imperatives information and communication technology ict and nuclear deterrence generated ambiance have poised the states in a society where they are bound to follow certain normative imperatives that dilute the color and meaning of anarchy and obliges the states to act in a certain way it develops a theoretical

proposition with regard to state power defined in terms of the capability of determining the outcomes the proposition first elaborates how international institutions foster normative imperatives then in line with this ontology it narrows down the focus solely on the power of the states in the contemporary world it explains how the power that can determine the outcome today is holistic in nature comprising both materialistic and normative factors in the next step it tailors the proposition in a way so as to employ it for a specific empirical work the book does not end just positing the theoretical proposition the proposition is testified through some case studies with regard to climate negotiations under the unfccc the empirical part not only serves to examine the plausibility of the theoretical proposition but it also presents the logic of the major actors and the politics with respect to some of the major issues of climate change i e mitigation funding policy and mechanism and adaptation the scholars in this arena climate activists and climate conscious people in general would find this book worth reading as it kindles a different angle to understand the issues in the context of the contemporary world and as it elaborates the logic framing process and mechanism of reaching outcomes through complex negotiation process no other work has so far analyzed the issues covering the entire period of 21 apex unfccc negotiations that led to the paris agreement apart from university libraries this book thus has the prospect to be sold in the markets targeting the academicians climate change experts bureaucrats negotiators and the common readers

Power and Issue Framing in the

professionals to non governmental organizations and define globalization s many variations as well as sub globalizations that bind regions together analytical incisive and stimulating many globalizations offers rare insight into perhaps the central issue of modern times one that is changing the west as much as the developing world provocative taken together the trenchant well written essays included in this collection provide indisputable evidence that an identifiable global culture is indeed emerging world policy journal analytical and penetrating belongs on the desks of anyone with an abiding interest in the forces shaping the world publishers weekly

□□□□ **2018-04**

this volume is a successor to the 1999 edition its articles stories and poems offer insight into some of the main developments in western culture and world history from the end of the second world war to the present in line with the humanities program at unc asheville we have tried to choose texts that illuminate ideas and values with the aim of helping readers gain a critical perspective on their own time and a foothold in the future from the preface

Judicial Review in the Contemporary World 1971

globalization is one of today s most powerful and pervasive ideas for some a welcome dream for others a nightmare the term is used in the popular press as a sort of shorthand for the notion that all parts of the world are becoming more alike it is al

Many Globalizations 2002-06-06

the second edition of this classic study revised with a new and substantial opening chapter new edition of a classic study by a leading social theorist explores three major ideas crucial to contemporary social theory the information society post fordism and post modernism places the three key ideas within the context of contemporary discourse on globalization

The contemporary world 1960

the author introduces readers to the philosophical underpinnings of the global community while illuminating the international institutions that made such a community possible in the real world politics government

Contemporary World History (Eng Edn) 2009

bridging the perceived gap between southeast asia s historical and contemporary situations donald mccloud focuses on continuities in the region s internal dynamics as well as its relationship to the greater global environment the author challenges widely held views that diversity and fragmentation are the hallmarks of the region identifying instead the commonalities that have bound the countries of southeast asia together through at least two millennia and have provided the basis for a unique regional dynamic it has only been since world war ii that southeast asians long influenced by the global environment have defined and developed their own institutions social structures and communities turning away from inadequate and unadaptable western

institutions they have begun to create structures more in tune with their own historical experiences particularly in the political sphere many of these new structures seemed to be straightforward military dictatorships however time has shown them to be more complex and many unique organizational practices have developed that may presage more open political systems if not democracies by strict western definitions with the expansion of regional cooperation through asean and strong economic growth confidence among southeast asian states has grown as well the growing references to an asian way of life have given verbal expression to a surge in neotraditional values and behavior that have always been part of the fabric of asian life but that in the past were frowned upon as nonwestern this text traces the evolution of southeast asia and focuses for the first time on the neotraditional bases for contemporary independent development of the region

The Individual in the Contemporary World 2002

inspired by marcelo dascal s theory of controversies this volume includes studies in the theory of controversies studies of the history of controversy forms and their evolution and case studies of particular historical and current controversies the purpose of this volume is to identify a taxonomy of controversies and also to sense a line of development for the phenomenon of controversies itself at the same time we want to ask ourselves about the impact and the spread of controversies in the contemporary world eminently intended as a heuristic element facilitating knowledge for all these reasons the fundamental aim of the volume is to provide the reader with a selection of current theoretical and practical perspectives on controversies and to offer a broad picture of the

complex range of definitions meanings and practices connected to them

Global Dimensions 2004

this book is the result of a three day conference held in april 2014 at the university of montreal canada discussing the relevance of the work of hegel and marx in today s world particularly with regard to the ecological economic political and anthropological crisis facing humanity accordingly the book an exploration of the specific nature of the crisis we face both in our everyday lives and in the realm of theory however if indeed the necessity of a proper critique kritikos is intimately linked to a state of crisis krisis the conceptual frame necessary to produce such a critique may itself be in crisis among the vast number of critical oppositions to contemporary capitalism what are the keys available to understand the present forms of human conditions alienation and exploitation controversies and divisions among the different tendencies within the critical tradition tend to highlight the point that there is also a theoretical crisis which prevents a proper diagnosis of the actual crisis and prevents in turn a proper plan of action from being established looking back to marx and hegel allowed a return if not to the sources at least to two unavoidable influences among the various critical approaches to capitalism be it with or against hegel and or marx the criticisms of modernity post modernity and capitalism cannot neglect the shadows of these thinkers both marx s and hegel s philosophical sociological and political enterprises must be linked historically to the will to diagnose and solve what they saw as the most important crises of their own time from in hegel s case the spiritual crisis which followed the advent of modernity and its accompanying

turmoil to the social and political crisis caused by capitalism and the advent of a new industrial society in marx s case both intellectual ventures are at every turn haunted by the notion of crisis this book will appeal to anyone interested in hegel s and marx s philosophical and political theories not only does it provide the historical context necessary to understand properly the relation between marx and hegel but it also places the relevance of their teachings for the contemporary reader in perspective

The Contemporary world : the social sciences in historical perspective 1963
