with her acclaimed novels harvest and life support tess gerritsen has injected a powerful dose of adrenaline into the medical thriller now gerritsen melds page turning suspense with chilling realism as a small town doctor races to unravel the roots of a violent outbreak before it destroys everything she loves lapped by the gentle waters of locust lake the small resort town of tranquility maine seems like the perfect spot for dr claire elliot to shelter her adolescent son noah from the distractions of the big city and the lingering memory of his father s death but with the first snap of winter comes shocking news that puts her practice on the line a teenage boy under her care has committed an appalling act of violence and as claire and all of tranquility soon discover it is just the start of a chain of lethal outbursts among the town s teenagers as the rash of disturbing behavior grows claire uncovers a horrifying secret this is not the first time it has happened twice a century the children of tranquility lash out with deadly violence claire suspects that there is a biological cause for the epidemic and she fears that the placid locust lake may conceal an insidious danger as she races to save tranquility and her son from harm claire discovers an even greater threat a shocking conspiracy to manipulate nature and cause innocents to slaughter

Dangerous Doctor

2019-01-10

john keats sir arthur conan doyle françois rabelais william somerset maugham all were writers of fiction but more surprisingly all were also medical doctors anton chekhov a j cronin oliver st john gogarty michael crichton even nostradamus the world has seen literally dozens of them famous writers who wielded a stethoscope as skilfully as they did a pen so what do literature and medicine have in common is there something about the singular experience of being a doctor that results in a compelling desire

for communication or indeed catharsis in addition we have seen many non medical writers who have made fictional physicians their principal protagonists heroes and villains alike so compellingly vivid they keep the pages turning dr jekyll doctor zhivago hannibal lecter doc daneeka dick diver and of course there are numerous examples of writers who have deftly described fictional patients struck down by illness in the key twist of a plot ian mcewan albert camus sebastian faulks gabriel garcía márquez thomas mann in this fascinating and unique book psychiatrist stephen mcwilliams considers the above and many more in his exploration of the links between literature and medicine with hundreds of examples fiction and physicians provides an entertaining and absorbing look at how the world of medicine has inspired centuries of irish european and american literature fiction physicians is filled with doctors real and imagined of every conceivable hue the good the bad the deeply misguided stephen mcwilliams erudite and entertaining takes us on an exotic journey into the imaginations of doctors and doctors of the imagination as often as not truth seems like fiction and fiction seems like truth fiction physicians is essential reading for doctors patients and everyone who ever gazed in puzzlement at the medical profession and wondered what on earth goes on in their heads brendan kelly consultant psychiatrist writer and senior lecturer in psychiatry university college dublin a fascinating insight into the inner world of doctors in literature inspiring creative and meticulously researched fiction physicians delves deeply into the question of why doctors write juliet bressan resident doctor on tv3 s ireland am and author of snow white turtle doves and entanglement stephen mcwilliams s incisive perspective is a revelation in itself a medical writer of very great talent is born maurice gueret sunday independent this beautifully written and wonderfully engaging book carries us behind the scenes into the lives and work of writers such as john keats chekhov arthur conan doyle and r d laing who have given us some of our most precious insights about ourselves based on their experience of medicine reading this book i found myself being guided by the author into an easy intimacy with these and many other writers that was both a pleasurable and revealing encounter tony bates clinical psychologist irish times columnist and author of coming through depression
