Eyes on the Street

2016-09-20

the first major biography of the irrepressible woman who changed the way we view and live in cities and whose influence can still be felt in any discussion of urban planning to this day eyes on the street is a revelation of the phenomenal woman who raised three children wrote seven groundbreaking books saved neighborhoods stopped expressways was arrested twice and engaged at home and on the streets in thousands of debates all of which she won here is the child who challenged her third grade teacher the high school poet the journalist who honed her writing skills at iron age architectural forum fortune and other outlets while amassing the knowledge she would draw upon to write her most famous book the death and life of great american cities here too is the activist who helped lead an ultimately successful protest against robert moses s proposed expressway through her beloved greenwich village and who in order to keep her sons out of the vietnam war moved to canada where she became as well known and admired as she was in the united states

Walking in the City with Jane

2018-04-03

how one committed woman changed the way we think about cities jane jacobs was always a keen observer of her community when she moved to new york city and began to explore it she figured out that just like in nature the city was an ecosystem and all its different parts from sidewalks and parks to stores and of course people were necessary to keep the city healthy and thriving so when urban planner robert moses wanted to build highways that would destroy neighborhoods the lifeblood of new york jane fought back and won kids will be inspired to notice the sidewalk ballet around them and to protect what makes their communities and their cities great

Jane Jacobs: The Last Interview

2016-04-19

jane jacobs is the kind of writer who produces in her readers such changed ways of looking at the world that she becomes an oracle or final authority the new york sun hailed by the new york times book review as perhaps the single most influential work in the history of town planning jane jacobs s the death and life of great american cities was instantly recognized as a masterpiece upon its publication in 1961 in the decades that followed jacobs remained a brilliant and revered commentator on architecture urban life and economics until her death in 2006 these interviews capture jacobs at her very best and are an essential reminder of why jacobs was and remains unrivaled in her analyses and her ability to cut

through cant and received wisdom from the trade paperback edition

Vital Little Plans

2016-10-11

a career spanning selection of previously uncollected writings and talks by the legendary author and activist no one did more to change how we look at cities than jane jacobs the visionary urbanist and economic thinker whose 1961 book the death and life of great american cities started a global conversation that remains profoundly relevant more than half a century later vital little plans is an essential companion to death and life and jacobs s other books on urbanism economics politics and ethics it offers readers a unique survey of her entire career in forty short pieces that have never been collected in a single volume from charming and incisive urban vignettes from the 1930s to the raw materials of her two unfinished books of the 2000s together with introductions and annotations by editors samuel zipp and nathan storing readers will find classics here including jacobs s breakout article downtown is for people as well as lesser known gems like her speech at the inaugural earth day and a host of other rare or previously unavailable essays articles speeches interviews and lectures some pieces shed light on the development of her most famous insights while others explore topics rarely dissected in her major works from globalization to feminism to universal health care with this book published in jacobs s centenary year contemporary readers whether well versed in her ideas or new to her writing are finally able to appreciate the full scope of her remarkable voice and vision at a time when urban life is booming and people all over the world are moving to cities the words of jane jacobs have never been more significant vital little plans weaves a lifetime of ideas from the most prominent urbanist of the twentieth century into a book that s indispensable to life in the twenty first praise for vital little plans jacobs s work was a singularly accurate prediction of the future we live in the new republic in vital little plans a new collection of the short writings and speeches of jane jacobs one of the most influential thinkers on the built environment editors samuel zipp and nathan storing have done readers a great service the huffington post a wonderful new anthology that captures jacobs s confident prose and her empathetic patient eye for the way humans live and work together the globe and mail a timely reminder of the clarity and originality of jane jacobs s thought toronto star vital little plans comes to the foreground for jane jacobs s centennial and in a time when more of jacobs s prescient wisdom is needed metropolis jacobs changed the debate on urban planning as vital little plans shows she never stopped refining her observations about how cities thrived minneapolis star tribune jane jacobs was one of three people i have met in a lifetime of meeting people who had an aura of sainthood about them the ability to radiate certainty without condescension to be both very sure and very simple is a potent one and witnessing it in life explains a lot in history that might otherwise be inexplicable adam gopnik the new yorker a rich provocative and insightful collection reason

An Analysis of Jane Jacobs's The Death and Life of Great American Cities

2017-07-05

despite having no formal training in urban planning jane jacobs deftly explores the strengths and weaknesses of policy arguments put forward by american urban planners in the era after world war ii they believed that the efficient movement of cars was of more value in the development of us cities than the everyday lives of the people living there by carefully examining their relevance in her 1961 book the death and life of great american cities jacobs dismantles these arguments by highlighting their shortsightedness she evaluates the information to hand and comes to a very different conclusion that urban planners ruin great cities because they don t understand that it is a city s social interaction that makes it great proposals and policies that are drawn from planning theory do not consider the social dynamics of city life they are in thrall to futuristic fantasies of a modern way of living that bears no relation to reality or to the desires of real people living in real spaces professionals lobby for separation and standardization splitting commercial residential industrial and cultural spaces but a truly visionary approach to urban planning should incorporate spaces with mixed uses together with short walkable blocks large concentrations of people and a mix of new and old buildings this creates true urban vitality

Dark Age Ahead

2007-12-18

in this indispensable book urban visionary jane jacobs argues that as agrarianism gives way to a technology based future we re at risk of cultural collapse jacobs renowned author of the death and life of great american cities and the economy of cities pinpoints five pillars of our culture that are in serious decay community and family higher education the effective practice of science taxation and government and the self regulation of the learned professions the corrosion of these pillars jacobs argues is linked to societal ills such as environmental crisis racism and the growing gulf between rich and poor but this is a hopeful book as well as a warning drawing on a vast frame of reference from fifteenth century chinese shipbuilding to ireland s cultural rebirth jacobs suggests how the cycles of decay can be arrested and our way of life renewed invigorating and accessible dark age ahead is not only the crowning achievement of jane jacobs career but one of the most important works of our time

The Death and Life of Great American Cities

2016-07-20

thirty years after its publication the death and life of great american cities was

2023-04-13

4/17

sociology research paper
outline

described by the new york times as perhaps the most influential single work in the history of town planning it can also be seen in a much larger context it is first of all a work of literature the descriptions of street life as a kind of ballet and the biting satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book s arguments jane jacobs an editor and writer on architecture in new york city in the early sixties argued that urban diversity and vitality were being destroyed by powerful architects and city planners rigorous sane and delightfully epigrammatic jacobs s small masterpiece is a blueprint for the humanistic management of cities it is sensible knowledgeable readable indispensable the author has written a new foreword for this modern library edition

Ideas that Matter

1997

jane jacobs 1916 2006 is history s most celebrated urban critic in addition to her classic death and life of great american cities jacobs authored another half dozen influential books on urban planning economics and design she was also a tireless advocate of vibrant city neighborhoods ideas that matter the worlds of jane jacobs offers students enthusiasts and critics unprecedented insights into the work of this seminal thinker originally published in 1997 and continually sought after ever since this 2011 edition includes a new introduction by distinguished urban scholar mary rowe the book is a unique combination of jacobs own writing including previously unpublished speeches letters and articles biography and analysis by other scholars arranged by topic it sheds light both on the development of jacobs theories and her life a chapter on death and life of american cities reveals a debate between the author and her publisher about changing the book s title a section on europe includes letters home from frankfurt paris london venice and other cities that shaped her sensibilities and a chapter titled ideas offers analysis from ten contributors who examine jacobs thoughts on issues from population growth to urban infill self employment to the wealth of nations what results is a captivating scrapbook offering a distinctive understanding of jacobs most important ideas

□□□□□□□□□□

1977

with intelligence and clarity of observation the author of the death and life of great american cities addresses the moral values that underpin working life in systems of survival jane jacobs identifies two distinct moral syndromes one governing commerce the other politics and explores what happens when these two syndromes collide she looks at business fraud and criminal enterprise government s overextended subsidies to agriculture and transit police who abuse the system the are supposed to enforce and asks us to consider instances in which snobbery is a virtue and industry a vice in this work of profound insight and elegance jacobs gives us a new way of seeing all our public transactions and encourages us

towards the best use of our natural inclinations

Systems of Survival

2016-08-17

here for the first time is a thoroughly interdisciplinary and international examination of jane jacobs s legacy divided into four parts i jacobs urban philosopher ii jacobs urban economist iii jacobs urban sociologist and iv jacobs urban designer the book evaluates the impact of jacobs s writings and activism on the city the professions dedicated to city building and more generally on human thought together the editors and contributors highlight the notion that jacobs s influence goes beyond planning to philosophy economics sociology and design they set out to answer such questions as what explains jacobs s lasting appeal and is it justified where was she right and where was she wrong what were the most important themes she addressed and although jacobs was best known for her work on cities is it correct to say that she was a much broader thinker a philosopher and that the key to her lasting legacy is precisely her exceptional breadth of thought

The Urban Wisdom of Jane Jacobs

2012

this volume begins with the premise that the deepest respect is shown through honest critique one of the greatest problems in understanding the influence of the author on cities and planning is that she has for much of the past five decades been saint jane the housewife who upended urban renewal and gave us back our cities over time she has become a saintly stick figure a font of simple wisdom for urban health that allows many to recite her ideas and few to understand their complexity the author has been the victim of her own success this book gives this important thinker the respect she deserves reminding planning professionals of the full range and complexity of her ideas and offering thoughtful critiques on the unintended consequences of her ideas on cities and planning today it also looks at the international relevance or lack thereof of her work with essays on urbanism in abu dhabi argentina china the netherlands and elsewhere

Reconsidering Jane Jacobs

2017-11-20

get the summary of jane jacobs s the death and life of great american cities in 20 minutes please note this is a summary not the original book jane jacobs the death and life of great american cities examines the complex social and urban fabric of cities emphasizing the importance of vibrant streets diverse communities and local self governance she critiques the failures of urban renewal which often exacerbates safety and community issues by misunderstanding the role of public spaces and informal surveillance jacobs highlights the significance of eyes on the

street where businesses and pedestrian activity contribute to safety and community trust

Summary of Jane Jacobs's The Death and Life of Great American Cities

2024-01-25

the first biography of jane jacobs for young people the visionary activist urbanist and thinker who transformed the way we inhabit and develop our cities jane jacobs was born more than a hundred years ago yet the ideas she popularized about cities about people about making a better world remain hugely relevant today now in jane jacobs champion of cities champion of people we have the first biography for young people of the visionary activist urbanist and thinker debut author rebecca pitts draws on archives and jacobs s own writings to paint a vivid picture of a headstrong and principled young girl who grew into one of the most important advocates of her time and whose impact on the city of new york in particular can still be seen today jacobs went against the conventional wisdom of the time that said cities should be designed by so called experts cleaned up and separated by use arguing that such pie in the sky visions paid very little attention to the wants and needs of people who actually live in cities jane instead championed diversity community the life of the street and the power of grassroots movements to make cities better and more equitable for all she never backed down even when it meant going up against the most powerful man in new york robert moses here is a story of standing up for what you know is right with real world takeaways for young activists jane jacobs champion of cities champion of people emphasizes how today s teens can take inspiration from jane s own activism playbook promoting change by focusing on local issues and community organizing

Jane Jacobs

2023-10-31

in this book jane jacobs building on the work of her debut the death and life of great american cities investigates the delicate way cities balance the interplay between the domestic production of goods and the ever changing tide of imports using case studies of developing cities in the ancient pre agricultural world and contemporary cities on the decline like the financially irresponsible new york city of the mid sixties jacobs identifies the main drivers of urban prosperity and growth often via counterintuitive and revelatory lessons

The Economy of Cities

2016-07-20

three books all written by women in the early 1960s changed the way we looked at

the world and ourselves rachel carson s silent spring betty friedan s the feminine mystique and jane jacobs s the death and life of great american cities all three books created revolutions in their respective spheres of influence and nothing affected city planning and architecture or the way we think about how life is lived in densely packed urban centers more than jane jacobs s far sighted polemic here is the first book for young people about this heroine of common sense a woman who never attended college but whose observations determination and independent spirit led her to far different conclusions than those of the academics who surrounded her illustrated with almost a hundred images including a great number of photos never before published this story of a remarkable woman will introduce her ideas and her life to young readers many of whom have grown up in neighborhoods that were saved by her insights it will inspire young people and readers of all ages and demonstrate that we learn vital life lessons from observing and thinking and not just accepting what passes as conventional wisdom

Genius of Common Sense

2013-07-02

jane jacobs s famous book the death and life of great american cities 1961 has challenged the discipline of urban planning and led to a paradigm shift controversial in the 1960s most of her ideas became generally accepted within a decade or so after publication not only in north america but worldwide as the articles in this volume demonstrate based on cross disciplinary and transnational approaches this book offers new insights into her complex and often contrarian way of thinking as well as analyses of her impact on urban planning theory and the consequences for planning practice now more than 50 years after the initial publication in a period of rapid globalisation and deregulated approaches in planning new challenges arise the contributions in this book argue that it is not possible simply to follow jane jacobs s ideas to the letter but instead it is necessary to contextualize them to look for relevant lessons for cities and planners and critically to re evaluate why and how some of her ideas might be updated bringing together an international team of scholars and writers this volume develops conclusions based on new research as to how her work can be re interpreted under different circumstances and utilized in the current debate about the proclaimed millennium of the city the 21st century

Contemporary Perspectives on Jane Jacobs

2016-05-13

in this analysis of jane jacobs s ideas and work alice sparberg alexiou tells the story of a woman who without any formal training in planning became a prominent spokesperson for sensible urban change besides writing the seminal book about contemporary cities jacobs organized successful community battles in new york against powerful interests based on an array of interviews and primary source material this book brings long overdue attention to jacobs s far reaching influence

as an original thinker and effective activist book jacket

Jane Jacobs

2006

ebenezer howard an englishman and jane jacobs a naturalized canadian personify the twentieth century s opposing outlooks on cities howard had envisaged small towns newly built from scratch fashioned on single family homes with small gardens jacobs embraced existing inner city neighbourhoods emphasizing the verve of the living street from howard s idea the american dream of garden suburbs had emerged yet his conceptualization of a modern city received criticism for being uniform and alienated from the rest of the city similarly at the turn of the new century jacobs inner city neighbourhoods came to be recognized as the result of commodification vacillating between poverty and newly discovered hubs of urban authenticity presenting howard and jacobs within a psychocultural context the urban archetypes of jane jacobs and ebenezer howard addresses our urban crisis in the recognition that city form is a gendered allegorical medium expressing femininity and masculinity within two founding features of the built environment void and volume both founding contrasts bring tensions but also the opportunities of fusion between pairs of urban polarities human scale against superscale gait against speed and spontaneity against surveillance jacobs and howard in their respective attitudes have come to embrace the two ancient archetypes the garden and the citadel leaving it to future generations to blend their two contrarian stances

The Urban Archetypes of Jane Jacobs and Ebenezer Howard

2020

from the revered author of the classic the death and life of great american cities comes a new book that will revolutionize the way we think about the economy starting from the premise that human beings exist wholly within nature as part of natural order in every respect jane jacobs has focused her singular eye on the natural world in order to discover the fundamental models for a vibrant economy the lessons she discloses come from fields as diverse as ecology evolution and cell biology written in the form of a platonic dialogue among five fictional characters the nature of economies is as astonishingly accessible and clear as it is irrepressibly brilliant and wise a groundbreaking yet humane study destined to become another world altering classic

The Nature of Economies

What We See

2010

a thorough investigation of how jane jacobs s ideas about the life and economy of great cities grew from her home city scranton jane jacobs s first city vividly reveals how this influential thinker and writer s classic works germinated in the once vibrant mid size city of scranton pennsylvania where jane spent her initial eighteen years in the 1920s and 1930s scranton was a place of enormous diversity and opportunity small businesses of all kinds abounded and flourished quality public education was available to and supported by all and even recent immigrants could save enough to buy a house opposing political parties joined forces to tackle problems and citizens worked together for the public good through interviews with contemporary scrantonians and research of historic newspapers city directories and vital records author glenna lang has uncovered scranton as young jane experienced it and shows us the lasting impact of her growing up in this thriving and accessible environment readers can follow the development of jane s acute observational abilities from childhood through her passion in early adulthood to understand and write about what she saw reflecting jane s belief in trusting one s own direct observation above all this volume has been richly illustrated with historic and modern color images that help bring alive a lost scranton the book demonstrates why at the end of jacobs s life her thoughts and conversations increasingly returned to scranton and the potential for cohesion and inclusiveness in all cities

Jane Jacobs's First City

2021-05-04

in becoming jane jacobs an intellectual biography of the great urbanist peter l laurence asserts that the death and life of great american cities was not the spontaneous epiphany of an amateur activist but the product of a professional writer with deep knowledge about the renewal and dynamics of american cities

Becoming Jane Jacobs

2016-02-18

in this eye opening work of economic theory jane jacobs argues that it is cities not nations that are the drivers of wealth challenging centuries of economic orthodoxy in cities and the wealth of nations the beloved author contends that healthy cities are constantly evolving to replace imported goods with locally produced alternatives spurring a cycle of vibrant economic growth intelligently argued and drawing on examples from around the world and across the ages here jacobs

radically changes the way we view our cities and our entire economy

Cities and the Wealth of Nations

2016-08-17

despite having no formal training in urban planning jane jacobs deftly explores the strengths and weaknesses of policy arguments put forward by american urban planners in the era after world war ii they believed that the efficient movement of cars was of more value in the development of us cities than the everyday lives of the people living there by carefully examining their relevance in her 1961 book the death and life of great american cities jacobs dismantles these arguments by highlighting their shortsightedness she evaluates the information to hand and comes to a very different conclusion that urban planners ruin great cities because they don't understand that it is a city's social interaction that makes it great proposals and policies that are drawn from planning theory do not consider the social dynamics of city life they are in thrall to futuristic fantasies of a modern way of living that bears no relation to reality or to the desires of real people living in real spaces professionals lobby for separation and standardization splitting commercial residential industrial and cultural spaces but a truly visionary approach to urban planning should incorporate spaces with mixed uses together with short walkable blocks large concentrations of people and a mix of new and old buildings this creates true urban vitality

The Death and Life of Great American Cities

2017-07-05

published to coincide with the 50th anniversary of its initial publication this special edition of jane jacobs's masterpiece the death and life of great american cities features a new introduction by jason epstein the book's original editor who provides an intimate perspective on jacobs herself and unique insights into the creation and lasting influence of this classic the death and life of great american cities was described by the new york times as perhaps the most influential single work in the history of town planning it can also be seen in a much larger context it is first of all a work of literature the descriptions of street life as a kind of ballet and the biting satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments jane jacobs an editor and writer on architecture in new york city in the early sixties argued that urban diversity and vitality were being destroyed by powerful architects and city planners rigorous sane and delightfully epigrammatic jane jacobs's tour de force is a blueprint for the humanistic management of cities it remains sensible knowledgeable readable and indispensable

The Death and Life of Great American Cities

2011-09-13

please note this is a companion version not the original book sample book insights
 1 sidewalks and streets in cities serve many purposes besides carrying vehicles and city sidewalks serve many purposes besides carrying pedestrians these uses are bound up with circulation but are not identical with it 2 the public peace of cities is not kept primarily by the police it is kept primarily by an intricate network of voluntary controls and standards among the people themselves and enforced by the people themselves 3 the problem of insecurity cannot be solved by spreading people out more thinly the truth is that being a city los angeles is composed of strangers who are not all nice thinning out a city does not make it safer from crime and fear of crime 4 within the same city there are drastic differences in public safety a well used city street is safe while a deserted city street is not the reason is that a well used city street is full of people while a deserted city street is not

Summary of Jane Jacobs's The Death and Life of Great American Cities

2022-03-27T22:59:00Z

jane jacobs is an icon in urban planning she became world famous with her book the death and life of great american cities through her book and her street level activism in 1960s new york she became a key figure in urban planning issues and her efforts following her breakthrough have been continuously interpreted and discussed in this anthology thirteen writers consider unique aspects of the burning questions she raises concerning what fundamentally makes a society sustainable together the contributors provide a sweeping portrait of jacobs activities from the 1930s to the 2000s and situate her work in contemporary contexts

People are Talking about Her

1962

for students teachers and curious minds our carefully structured jargon free series helps you really get to grips with brilliant intellectuals and their inherently complex theories written in an accessible and engaging way each book takes you through the life and influences of these great thinkers then takes a deep dive into three of their key theories in plain english smart thinking made easy jane jacobs was an urbanist activist and pioneer and one of the most influential thinkers of the 20th century yet she remains hugely underrated possibly because she was a woman writing in a male dominated field the aim of this book is to bring jacobs highly original ideas and perceptive insights to light looking first at who she was as a person where and how she lived and how her ferocious intellect led her to uncharted frontiers of thought presenting her writings in three core chapters

who the hell is jane jacobs looks at not only how jacobs ideas about cities and the economy evolved but how these ideas play out in contemporary society jacobs shows us how society is about people not money or power

Essays on Jane Jacobs

2020-08-18

the rivalry of jane jacobs and robert moses a struggle for the soul of a city is one of the most dramatic and consequential in modern american history to a young jane jacobs greenwich village with its winding cobblestone streets and diverse makeup was everything a city neighborhood should be but consummate power broker robert moses the father of many of new york s most monumental development projects thought neighborhoods like greenwich village were badly in need of urban renewal standing up against government plans for the city jacobs marshaled popular support and political power against moses whether to block traffic through her beloved washington square park or to prevent the construction of the lower manhattan expressway an elevated superhighway that would have destroyed centuries old streetscapes and displaced thousands of families by confronting moses and his vision jacobs forever changed the way americans understood the city her story reminds us of the power we have as individuals to confront and defy reckless authority

Who the Hell Is Jane Jacobs?

2019

this book is an attack on current city planning and rebuilding from this first sentence of the seminal 1961 book the death and life of great american cities jane jacobs gave voice to those who believed the bulldozing postwar policies of urban renewal were a dangerous threat to city life she spent the next forty five years challenging citizens to stand up for vibrant mixed use pedestrian friendly neighborhoods such as new york s greenwich village jane jacobs s death in 2006 occasioned the beginnings of a critical re evaluation of her achievements with major new development plans for sites from the east river to the west side and from lower manhattan to queens either under consideration or in progress it seems the perfect time to assess the relevance of her ideas for contemporary urban life block by block is a far ranging collection of essays about jane jacobs from an impressive group of writers and cultural critics including marshall berman malcolm gladwell adam gopnik paul goldberger tama janowitz ben katchor phillip lopate luc sante bill reverend billy talen colson whitehead and tom wolfe this impressive lineup of contributors discusses the contemporary relevance of jacobs s ideas about large scale redevelopment gentrification and activism while their viewpoints on these issues may differ they continue the important debate begun by jacobs about the challenges facing new york and other great cities everywhere

Wrestling with Moses

2011-02-08

in the 1970s new york city hit rock bottom crime was at its highest the middle class exodus was in high gear and bankruptcy loomed many people credit new york s master builder robert moses with turning gotham around despite his brutal undemocratic and demolition heavy ways urban critic and journalist roberta brandes gratz contradicts this conventional view new york city gratz argues recovered precisely because of the waning power of moses his decline in the late 1960s and the drying up of big government funding for urban renewal projects allowed new york to organically regenerate according to the precepts defined by jane jacobs in her classic the death and life of great american cities and in contradiction to moses s urban philosophy as american cities face a devastating economic crisis jacobs s philosophy is again vital for the redevelopment of metropolitan life gratz who was named as one of planetizen s top 100 urban thinkers gives an on the ground account of urban renewal and community success

Block by Block

2007-12-19

jane jacobs writing from her adoptive country uses the problems facing an independence seeking quebec and canada as a whole to examine the universal problem of sovereignty and autonomy that nations great and small have struggled with throughout history using norway s relatively peaceful divorce from sweden as an example jacobs contends that canada and canadians quebecois and anglophones alike can learn important lessons from similar sovereignty questions of the past

The Battle for Gotham

2010-03-30

american author journalist and activist jane jacobs was born in 1916 in scranton pennsylvania she moved to new york city in 1934 where she became a journalist writing for magazines including architectural forum and fortune as a resident of lower manhattan s greenwich village she joined a grassroots movement in the late 1950s to save her neighborhood from its planned destruction to make way for new expressways

The Death and Life of Great American Cities

2017-07-15

winner of the green prize for sustainable literature a finalist for the pen bograd
 weld prize for biography four influential women we thought we knew well jane
 jacobs rachel carson jane goodall and alice waters and how they spearheaded the
 modern progressive movement this is the story of four visionaries who profoundly
 shaped the world we live in today together these women linked not by friendship
 or field but by their choice to break with convention showed what one person
 speaking truth to power can do jane jacobs fought for livable cities and strong
 communities rachel carson warned us about poisoning the environment jane
 goodall demonstrated the indelible kinship between humans and animals and alice
 waters urged us to reconsider what and how we eat with a keen eye for historical
 detail andrea barnet traces the arc of each woman s career and explores how their
 work collectively changed the course of history while they hailed from different
 generations carson jacobs goodall and waters found their voices in the early sixties
 at a time of enormous upheaval all four stood as bulwarks against 1950s corporate
 culture and its war on nature consummate outsiders each prevailed against
 powerful and mostly male adversaries while also anticipating the disaffections of
 the emerging counterculture all told their efforts ignited a transformative
 progressive movement while offering people a new way to think about the world
 and a more positive way of living in it

□□□□□□□□□□□□

2012-11

jane jacobs the death and life of great american cities was published in 1961 and is
 now generally considered one of the most important books ever written on cities
 and city life at a time when suburbia appeared to be human destiny and
 architectural and urban theorists questioned whether the city should survive
 jacobs taught people to see understand and love cities again the book continues to
 be widely studied and discussed but is seldom read and understood in its entirety
 this guidebook will help readers both pull the text apart and tie it up together this
 guidebook includes a chapter by chapter exploration of the key arguments and
 ideas in the text a brief biography of jane jacobs examining her influences and the
 context in which the death and life was produced an outline of the book s critical
 reception over the past fifty years and its contemporary relevance a
 comprehensive bibliography of both jacobs writing and writing about her
