janome mylock problems sewing discussion topic

Dec 06 2022

my mother has an older janome serger 234d mylock and we have threaded it several times however the thread never catches and loops instead it continues to come out straight and keeps breaking the tension knobs are at 3 are below does anyone know what the problem might be

new home mylock 234 sewforum com

Nov 05 2022

all you need to do is move the stitch finger back when you look inside it should have a little arrow and knob on the right side of the plate where you can slide it back personally i have only worked on the 234d and that is how this worked
