Philosophies of Education in Cultural Perspective 1966 there are good reasons to look at violence from new perspectives in its endless manifestations violence is part and parcel of human existence and is very probably a constituting element of human society and yet violent action warfare penalties insults feuding assault murder rape suicide sports remains in all its complexity one of the least understood fields of human social life the book s contributors identify the symbolic and ritualized aspects of violence and suggest ways of reading violence as it occurs in the world whether as violent duelling and age group violence in southern ethiopia bullfighting in iberia cattle rustling in kenya guerrilla and militia wars in colombia or public executions in china these case studies

suggest that violence is not a simple universal urge but is contingent and context dependent shaped by social relations of power force and dominance to be the victim of violence is a humiliating and frightening experience but the many ambiguities that occur in the use of violence must be considered to understand why peace seems only to exist as a contrast to the violation of peace
