Discipleship in a World Full of Nazis 2022-01-20

things do exist that are worth standing up for without compromise to me it seems that peace and social justice are such things as is christ himself these are words dietrich bonhoeffer spoke to his brother a few months before he began training future pastors in the ways of discipleship for several years he had been speaking out against war near the beginning of the anti semitic nazi regime he called on his fellow christians to speak out against a state that was engaging in oppressive measures to respond to victims of oppression and to be willing to suffer as a church if it was required to stop such oppression his vision for training disciples was rooted in pure doctrine serious worship a new kind of monasticism and the sermon on the mount bonhoeffer was convinced that through the living presence of jesus and the explosive teachings of the sermon on the mount lies the force that can blow all this hocus pocus sky high like fireworks leaving only a few burnt out shells behind this is the legacy of this extraordinary theologian that this book seeks to recover exploring how this was lived out in a world full of nazis

A World Full of Gods 2023-05-30

an investigation into the underpinnings and superstructures of the pagan world view pagan religions have tended to be more concerned with practice that with theory and in a system that has no dogma no legislated doctrine that is as it should be yet as the movement grows and matures it is inevitable that we will begin to think in a more abstract way about our models and systems john michael greer has provided a primer on the kinds of ideas and themes that must be included in any discussion of the theology and philosophy of neo pagan religions much of the book takes shape in a dialogue with existing ideas in theology philosophy and comparative religion it looks to find a middle ground between too much and too little reference to the work of other scholars to find a comprehensible yet intellectually rigorous middle ground it aims to be part of a conversation that stretches out over the centuries voices of polytheist spirituality have had little place in that conversation for many years but much of value has been said in their absence the rebirth of polytheism as a living religious tradition in the western world will inevitably force a reassessment of much of that heritage and pose challenges to some of its most cherished assumptions yet reassessment is not necessarily rejection and the traditions of modern polytheism are deeply enough indebted to legacies from the past that an attentive ear to earlier phases of the conversation is not out of place

A World Full of Winter Stories 2023-10-10

get ready for winter with this treasury of 50 frosty stories from around the globe curl up beside the fire and uncover stories from all over the world with this rich resource of wintery folk tales myths and legends featuring stories of norse gods hibernating bears christmas feasts and wicked witches there is something for everyone in this collection of winter inspired stories the perfect anthology for christmas or any time you want to uncover chilly tales from lands near and far collected and retold by award winning author angela mcallister with enchanting illustrations by olga baumert this is an anthology to be read when the weather turns colder and the nights draw in stories include the spider and the christmas tree ukraine mother holle germany shingebiss ojibwe north america the first rabbits japan the girl and the winter whirlwinds bulgaria the first evergreens mongolia the snow man denmark why the bear sleeps all

a beautifully illustrated anthology of some of charles dickens greatest works retold and adapted by the incredibly talented angela mcallister

The Empire Strikes a Match in a World Full of Oil 2009-12-21

the empire strikes a match in a world full of oil is a book about justice and about history the history is a history of american expansionism which has evolved into a plan for world domination seemingly a plan to make the world safe for american democracy the plan isn t new nearly fifty years ago our text book on american history taught at the school of foreign service at georgetown u by a close kennedy advisor was entitled empire for liberty before we proceed further however we as americans need to ask at what price the price is too high because unlike successful empires that dominate and exploit their backward neighbors america shares world power with other nations even though we tower over any one of them we cannot dominate them all this book concludes by defining the choice america faces at this moment the choice between endless war against large and growing powers on the one hand and a world that has submitted to the rule of law on the other but it is not an appeal to world government either not a call for another layer of administration and invasive rules it is an appeal for a world legal system in which free nations freely interact

1249 Mental Triggers to Survive in a World Full of Chaos 2013-08-27

the miracle in this book nicholas presents you a practical unique subliminal very simple detailed method of how to survive in a world full of chaos you will feel the effects immediately and the results will appear very quickly so it was in my case you will not achieve fulfillment and happiness until you become the architect of your own reality imagine that with a few moments each day you could begin the powerful transformation toward complete control of your own life and well being through this unique subliminal method combined with positive affirmations the order of words is extremely important for every book written by nicholas these are arranged to be traversed in a certain way so as to eliminate certain blockages in the human being blockages that are bringing disease or failure on various plans you don t need a big chunk of your time or expensive programs everything is extremely simple health money prosperity abundance safety stability sociability charisma sexual vitality erotic attraction will optimism perseverance self confidence tenacity courage love loving relationships self control self esteem enthusiasm refinement intuition detachment intelligence mental calm power of concentration exceptional memory aspiration transcendence wisdom compassion you have the ability to unlock your full inner potential and achieve your ultimate goals this is the age old secret of the financial elite world class scholars and olympic champions for example when you watch the olympics you ll find one consistency in all of the champions each one closes their eyes for a moment and clearly affirms visualizes themselves completing the event flawlessly just before starting then they win gold medals and become champions that s merely one example of how the real power of mind can elevate you above any of life s challenges by reading this book you will feel totally that life deserves to be lived and enjoyed every moment and that everything that you propose for yourself becomes easy for you to fulfill nicholas will guide you to touch your longed for dream and will make you see life from a new perspective full of freshness and success this book helps you step by step in a natural way in just 3 minutes a day to change your misguided way of thinking and to survive in a world full of chaos note for
