due to extremely poor and difficult sources we are as much in the dark about the history of the Egyptian 2nd dynasty c 2850 2700 BCE as we are about the gods worshipped at that time nor are we sure about the reigns and order of kings from this period having assumed that veneration of the sun god Re began during the 2nd dynasty opinion has changed over the last thirty years evidence for the worship of Re has been found only for the beginning of the 3rd dynasty

are there old testament roots of the veneration of the blessed virgin mary margaret barker traces the roots of the devotion to mary as mother of the lord back to the old testament and the first temple in jerusalem the evidence is consistent over more

than a millennium there had been a female deity in israel the mother figure in the royal cult who had been abandoned about 600bce she was almost written out of the hebrew text almost excluded from the canon this first of two volumes traces the history of the lady in the temple and looks forward to the second volume in which barker will show how the lady of the temple is reclaimed in the advent of christianity and becomes the lady in the church the result is breathtaking and like all barker s work is impossible to put down
