vols 9 17 include decisions of the war labor board
includes list of depository libraries
june and december issues include semiannual index
this work examines among other topics the personal oath of loyalty that the officers of the german army swore to adolf hitler on august 2 1934
it discusses how the majority of officers those who did not become conspirators against him complied with hitler s orders until may 1945
despite his cruel treatment of soldiers militarily unsound strategy and tactics and the widespread destruction and crimes he and his forces committed
the oath taken by the officers had a strong psychological effect among a proud corps with a long history of obedience and honor they followed hitler to the end
even though they knew they were fighting a losing battle the author also examines why and how only a few officers the conspirators began to break away
lose trust in hitler oppose him and finally stage an assassination attempt
this history traces the development within the german army from 1918 of the philosophies of loyalty and disloyalty and obedience and disobedience
as challenged by the hitlerian oath of loyalty covering everything from hate groups and extremist exploits to black church arsons and the fall out violence from 9 11
this is an important collection that sheds much needed light on this growing problem
