Raising Government Children

2017-10-10

in the 1930s buoyed by the potential of the new deal child welfare reformers hoped to formalize and modernize their methods partly through professional casework but more importantly through the loving care of temporary substitute families today however the foster care system is widely criticized for failing the children and families it is intended to help how did a vision of dignified services become virtually synonymous with the breakup of poor families and a disparaged form of welfare that stigmatizes the women who provide it the children who receive it and their families tracing the evolution of the modern american foster care system from its inception in the 1930s through the 1970s catherine rymph argues that deeply gendered domestic ideals implicit assumptions about the relative value of poor children and the complex public private nature of american welfare provision fueled the cultural resistance to funding maternal and parental care what emerged was a system of public social provision that was actually subsidized by foster families themselves most of whom were concentrated toward the socioeconomic lower half much like the children they served analyzing the ideas debates and policies surrounding foster care and foster parents relationship to public welfare rymph reveals the framework for the building of the foster care system and draws out its implications for today s child support networks

Advocating for Children in Foster and Kinship Care

2010-03-11

this book is the first to provide strategies for effective advocacy and placement within the foster care and kinship care systems it also takes a rare look at the dynamics of the foster and kinship relationship not just among children and the agency workers and service providers who intervene on their behalf but also between children and those who take in and care for them as permanency develops drawing on their experience interacting with and writing about the institution of foster care mitchell rosenwald and beth n riley have composed a unique text that helps practitioners foster parents and relative caregivers realize successful transitions for youth especially considering the traumas these children may suffer both before and after placement advocating for a child s best interests must begin early and remain consistent throughout assignment and adjustment for practitioners rosenwald and riley emphasize the best techniques for assessing a family s capabilities and for guiding families through the challenges of foster care part one details the steps potential foster parents and kinship caregivers must take with the assistance of practitioners to prepare themselves for placement part two describes tactics for successful advocacy within the court system social service agencies schools and the medical and mental health establishments part three describes how to lobby for change at the agency and legislative levels as well as within a given community the authors illustrate recommendations

through real life scenarios and devote an entire chapter to brokering positive partnerships among practitioners families and other teams working to protect and transition children

To the End of June

2013-08-13

a new york times notable book that casts a searing eye on the labyrinth that is the american foster care system npr s on point who are the children of foster care what as a country do we owe them cris beam a foster mother herself spent five years immersed in the world of foster care looking into these questions and tracing firsthand stories the result is to the end of june an unforgettable portrait that takes us deep inside the lives of foster children in their search for a stable loving family beam shows us the intricacies of growing up in the system the back and forth with agencies the rootless shuffling between homes the emotionally charged tug between foster and birth parents the terrifying push out of foster care and into adulthood humanizing and challenging a broken system to the end of june offers a tribute to resiliency and hope for real change a triumph of narrative reporting and storytelling the new york times a powerful and refreshing read chicago tribune a sharp critique of foster care policies and a searching exploration of the meaning of family publishers weekly starred review heart rending and tentatively hopeful salon

Youth in Foster Care

1997

family foster care is supposed to provide temporary protection and nurturing for children experiencing maltreatment although it has long been a critical service for millions of children in the united states the increased attention given to this service in the last two decades has focused more on its inability to achieve its intended outcomes than on its successes however as social and political trends and new legislation reshape child welfare policymakers and service providers continue to offer innovative policy and practice options for this child welfare service though use of the service has changed family foster care remains important responding to a widespread sense of the drifting of children in care congress passed the adoption assistance and child welfare act of 1980 this legislation became a key factor shaping the current status of family foster care its goal was to reduce reliance on out of home care and encourage use of preventive and reunification services it also mandated that agencies engage in planning efforts for permanent solutions for foster children yet despite federal mandates and funding the child welfare system has continued to struggle to provide the level of services needed for children to reduce the amount of time children remain in temporary foster care the latest response to these problems the adoption and safe families act of 1997 established unequivocally that safety permanency and well being were national goals for children in the child welfare system to comply with the law public and private agencies are required to initiate significant program and practice changes in the coming years to improve permanency outcomes and child well being in family foster care the central theme of the volume is accountability for outcomes certainly a current driving force in child welfare as well as in other public and private service fields this volume will be of interest to

all concerned with the social welfare of children and families at the end of the twentieth century
 kathy barbell is director of foster care of the child welfare league of america washington dc lois
 wright is assistant dean at the college of social work university of south carolina columbia

Family Foster Care in the Next Century

2018-01-18

what are the consequences of fostering for children their carers and their birth families what are the best ways of recruiting retaining and supporting foster carers what are the most important elements of a successful placement can foster care offer a permanent alternative to care at home fostering now brings together authoritative research on foster care in the uk it provides a succinct overview of a wide range of research projects and highlights the main implications for policymakers and all professionals involved in the fostering process drawing on the varied experiences and views of foster children social workers foster carers and parents this book looks at how placement outcomes are influenced by factors such as foster carers parenting styles contact with the child s own parents and the child s gender ethnicity age and physical and emotional health other important areas examined include care given by relatives the effects of foster care on education and what happens to foster children when they return home fostering now identifies the most significant challenges currently faced by foster care and draws out the key messages for policy and practice it offers important insights into the state of foster care today and suggests how it can be improved in future this book is essential reading for social workers policy makers academics and foster carers

Fostering Now

2005-05-14

on average a quarter of a million children in the united states enter foster care every year most of these children are placed in non kinship homes that is with people who are complete strangers in the neglected transition child welfare researcher monique b mitchell explores children s experiences of loss and ambiguity as they transition into foster care as well as the questions children ask during this critical life transition specifically the author uses child centered research practical examples and healing suggestions to create a foundation from which a relational home can be built drawing from the compelling stories of children mitchell invites readers to join children on their journey as they transition into the foster care system and courageously share their experiences of loss ambiguity fear and hope

The Neglected Transition

2016-05-03

bibliotherapy is a new and creative approach for helping children deal with both small problems and major life crises such as placement in substitute care bibliotherapy literally means treatment through books it is a process of intervention that involves the child as well as the helping person bibliotherapy is an approach that helps children through reading to more clearly understand the problems facing them and to develop solutions for solving problems bibliotherapy is particularly useful for children placed in foster care or adoption because it can be implemented by all helping persons working with the child welfare system these persons include foster and adoptive parents biological parents teachers psychologists social workers clergy and librarians

Children in Foster Care and Adoption

1998-10-28

fostering is vitally important the majority of looked after children are fostered yet these children are often left out of the agenda and their voices are not heard this book sets out a child centred approach to foster care which argues against thinking about children purely from a psychological perspective and instead places children s views rights and needs at the centre of care it sets out the theory behind working in partnership with children who are fostered and discusses children s views about fostering systems and living with foster carers the book then outlines how to put the theory into practice offering models processes and best practice examples practical advice is given on establishing effective communication and good working relationships between practitioners carers and foster children this insightful book aims to promote better services and outcomes for fostered children and will be essential reading for social work practitioners and students

Child-Centred Foster Care

2011-08-15

in the first chapter of foster care global issues challenges and perspectives of the 21st century the authors explore modern research regarding children of foster parents around the world including an overview of literature and the use of an online virtual platform to connect the fostering community experts from canada the united states ireland sweden australia and the united kingdom offered up their knowledge on children of foster parents as well as

recommendations for the well being of said children next a study exploring the implementation of a kinship search program in a child welfare agency is presented in order to determine its benefits the authors conclude that kinship researchers are generally perceived as respectful helpful beneficial and valuable additionally child welfare policy is examined later the essential practice of traditional kinship foster care in ghana is explored including current legal provisions public perception potential challenges and future recommendations the authors also discuss the phenomenon of runaway youth in the foster care system due to the fact that children in the foster care system are twice as likely to display runaway indicators than those in the general population this is a significant issue that warrants understanding a description of running away in the foster care system is rendered along with the ramifications that may occur for on the run youth the next chapter deliberates on a study regarding children in out of home care in south korea comparing the service status of different placement types in terms of developmental outcomes of the children the results indicate that children in foster care thought of their caregivers and environments more positively than those in institutional care over a period of two years the following chapter discusses a variety of federal and state laws that address children who were abused and consequently served by the child welfare system the authors use case studies of foster youth to demonstrate how the law has been used to secure the services support and resources needed to place foster youth on a pathway to a more positive future the final chapter outlines an approach known as watch me play which encourages supported child led play in acknowledgement of extensive training needs in the social care workforce the authors also discuss the potential impact of exploratory and symbolic play to child development attachment and communication

Foster Care

2017

the requirements of the child being fostered as well as the life situation of the foster parent can both have a significant impact on the type of foster care that can be provided some children remain in foster care for only a few days or weeks at a time whilst others may remain there for several months or even years at a time foster parents have the option of taking care of only one kid at a time as well as taking care of numerous children at once including siblings adoption may offer children who need a loving home with stability security and a feeling of belonging in their new family adopted children sometimes come from tough situations such as households in which they were abused or neglected and consequently they may have suffered trauma or struggle with emotional challenges these children may be given the love and support as well as the secure

and caring home environment that they need in order to recover and grow when they are adopted by loving families my desire to write an ebook about fostering and adoption is driven by a desire to share my experience and insights with others who may be considering fostering or adopting my story can serve as a source of inspiration and guidance for others providing practical advice and emotional support for those embarking on this challenging journey

New Developments in Foster Care and Adoption

Navigating Foster Care and Adoption

2023-05-10

provides an overview of current state of foster care

Faces of Foster Care

2018-07-24

this book introduces the relational learning framework rlf an assessment tool which helps foster care practitioners social workers and foster carers to examine what foster children have learned in their early life about relationships and particularly through maltreatment grounded in attachment theory and drawing on cognitive theory this book will help practitioners to understand and respond to the challenging behaviour presented by these children and remove barriers to an empathic response early chapters provide context in a theoretical discourse on the causes and consequences of psychological and attachment difficulties for children in care including a discussion of maltreatment and foster care the theoretical basis of the technique will be outlined and subsequent chapters will explain how to undertake rlf including the wide ranging practice evidence a worked example common themes and trouble shooting this will be an invaluable source for clinical practitioners social workers foster care practitioners and foster parents who want to make sense of the complex information about children in foster care to improve their relationships it will also provide insight into foster children s mental health and behaviour for

academics and postgraduate students in related disciplines

The Foster Care Crisis

1999

for children growing up in foster care the role of their birth parents is an important factor in the success of their long term placements understanding the experiences of parents is therefore essential in order to develop effective social work practice with parents that can also ensure the best possible outcomes for children drawing on detailed and often moving interviews with parents the book takes a chronological approach starting with their accounts of family life before their children were taken into care in particular the impact of drugs alcohol and domestic violence it goes on to explore their experiences of court and then how they seek to come to terms with their loss sustain an identity as a parent and manage a relationship with their children through contact parents views on what they find valuable and helpful in relationships with foster carers and social workers are also discussed the book then draws on the views of social workers on the opportunities and challenges of supporting parents while also remaining child focussed the authors set out a model of good practice based on the lessons learnt from the experiences of these parents and social workers this book will be essential reading for all child and family social workers fostering social workers independent reviewing officers academics and foster carers

National Care Standards

2005

caring for orphans makes grace touchable when christians choose to adopt foster mentor or support care for orphans around the world it reveals god s true character to the world like nothing else we can do this softcover book unpacks specific steps that you can take to care for orphans in distress some of these steps are big choices like fostering or adopting some are smaller choices like supporting work abroad or mentoring a foster youth but all have the impact of revealing god s love to someone who wants to be home for good join jedd medefind president of the christian alliance for orphans cafo as he reveals the profound sense that deep sustaining love for orphans springs not from duty guilt or even idealism but foremost as a response to the way we ve first been loved by god

Understanding Children in Foster Care

2017-10-25

first published in 1997 this timely examination of allowances paid to foster carers demonstrates clear evidence that the nature of foster care is changing the degree of difficulty in caring for the average child is greater than ever before making the tasks asked of carers more demanding and skilful the fostering allowances were subject to five tests of adequacy evidence showed that allowances have maintained their value over time and were adequate to meet the normal costs of child rearing but not the extra or indirect costs of fostering moreover a unique cross national study of payments uncovered that britain has lower levels of allowance than more than half the 15 countries examined this book contributes to the debate on the measurement of living standards it uses budget standard methodology to estimate the cost of a child living a modest but adequate lifestyle in the 1990s

Understanding and Working with Parents of Children in Long-Term Foster Care

2011-04-14

the new patterns and policies for fostering and adoption which have been phased in since the children act was passed in 1989 have brought a number of important changes to the fore here the authors examine and assess many of the complex issues facing social workers when planning and implementing these new initiatives

Foster Care and Adoption Assistance Program

1986

a book of 16 interventions designed to teach new and imaginative ways for working with traumatized children in foster care and adoption and their families groundbreaking interventions provides a wide variety of play based methodologies that have been successful in working with children over the age of five in foster care and adoption

Becoming Home (Frames Series)

2014-01-07

approximately 641 000 children spend some time in foster care each year most enter care because they have experienced neglect or abuse by their parents between 35 and 60 of children entering foster care have at least one chronic or acute physical health condition that needs treatment as many as one half to three fourths show behavioral or social competency problems that may warrant mental health services a national survey of children adopted from foster care found that 54 had special health care needs research on youth who aged out of foster care shows these young adults are more likely than their peers to report having a health condition that limits their daily activities and to participate in psychological and substance abuse counseling the social security act addresses some of the health care needs of children in or formerly in foster care through provisions in the titles pertaining to child welfare titles iv b and iv e and to the medicaid program title xix under child welfare law state child welfare agencies are required to have a written plan for each child in foster care that includes among other items the child s regularly reviewed and updated health related records in addition state child welfare agencies in cooperation with state medicaid agencies must develop a strategy that addresses the health care needs of each child in foster care upon aging out of foster care youth must receive from the state child welfare agency a copy of their health record and information about health insurance options and designating other individuals to make health care decisions on their behalf if they are unable to do so on their own states are not permitted to use federal child welfare program funds to pay medical expenses of children in care or those who left foster care due to their age or placement in a new permanent family however states can and do receive federal support through medicaid to pay a part of the medical expenses including well child visits dental care and other services for many of these children and youth in fy2010 the most recent year for which these data were available from all states medicaid agencies reported spending 5 754 billion to provide services to foster care children most of this medicaid services spending was provided on a fee for services basis 82 with the remainder provided through managed care arrangements most children in foster care are eligible for medicaid under mandatory eligibility pathways meaning that states must provide coverage because these children receive assistance under the title iv e program or because they meet other eligibility criteria such as low income or receipt of supplemental security income ssi children in foster care who are not eligible under mandatory pathways generally qualify for medicaid because the state has implemented one or more optional eligibility categories allowing coverage further children who leave foster care for legal guardianship and nearly all children with state defined special needs who leave foster care for adoption retain mandatory eligibility for medicaid provided they receive title iv e assistance additionally special needs adoptees who receive state funded support may also be eligible under an optional medicaid eligibility pathway specifically for them

The Adequacy of Foster Care Allowances

2019-07-23

working with children in foster care is a demanding and rigorous aspect of social work practice difficult decisions in fast moving and often complex situations have to be made and for students and practitioners alike there is a vast array of legislation law and social policy to understand this book is written to help social workers and social work students get to grips with the complexity of foster care the child is placed at the heart of the text and there are substantial chapters on law policy frameworks and the overreaching theoretical and research evidence to support good practice there is also a strong focus on practical skills such as empathy and relationship based practice this is an essential text for experienced social workers or those currently in training
